It also helps the public understand our information collection requirements and provide the requested data in the desired format.

We are soliciting comments on the proposed ICR that is described below. We are especially interested in public comments addressing the following issues: (1) Is the collection necessary to the proper functions of the BLM; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the BLM enhance the quality, utility, and clarity of the information to be collected; and (5) how might the BLM minimize the burden of this collection on the respondents, including through the use of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. Abstract: Control number 1004–0058, as currently approved, authorizes the collection of information that assists the BLM in enforcing timber export and substitution prohibitions.

The BLM now requests that control number 1004–0058 be renewed and revised by adding 2 information collection activities that have been in use without a control number.

One addition, “Log Scale and Disposition of Timber Removed Report,” requires purchasers of Federal timber to report volumes of timber removed from Federal lands, and to identify processors of timber. Like the previously approved information collection activities, this activity assists the BLM in enforcing timber export and substitution prohibitions.

The other addition, “Protests,” provides an opportunity to seek administrative remedies for forest management decisions.

ADDRESSES: Nominations must be received by March 28, 2019.

Nominations should be submitted in writing to the National Park Service, 1849 C Street NW, Room 7360, Washington, DC 20240, or by email to nagpra_info@nps.gov.

SUPPLEMENTARY INFORMATION: The Review Committee is responsible for:

1. Monitoring the NAGPRA inventory and identification process;

2. Reviewing and making findings related to the identity or cultural affiliation of cultural items, or the return of such items;

3. Facilitating the resolution of disputes;

4. Compiling an inventory of culturally unidentifiable human remains and developing a process for disposition of such remains;

the work of the Review Committee affecting such tribes or organizations;

At least two of these members must be traditional Indian religious leaders. Three members are appointed from nominations submitted by national museum or scientific organizations. One member is appointed from a list of persons developed and consented to by all of the other members.

Members serve as Special Government Employees, and are required to complete annual ethics training. Members are appointed for 4-year terms, and incumbent members may be reappointed for 2-year terms. The Review Committee’s work is completed during public meetings. The Review Committee attempts to meet in person twice a year and meetings normally last two or three days. In addition, the Review Committee may also meet by public teleconference one or more times per year.
