

liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties and/or countervailing duties has occurred, and the subsequent assessment of double antidumping duties and/or an increase in the amount of antidumping duties by the amount of the countervailing duties.

Notification to Interested Parties

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213 and 351.221(b)(4).

Drawn Stainless Steel Sinks From the People's Republic of China: Preliminary Results of the Antidumping Duty Administrative Review and Preliminary Determination of No Shipments; 2017–2018

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) preliminarily finds that certain companies made sales of subject merchandise at less than normal value during the period of review (POR), April

1, 2017, through March 31, 2018. We invite interested parties to comment on these preliminary results.

DATES: Applicable December 28, 2018.

FOR FURTHER INFORMATION CONTACT: Rebecca Janz or Joshua Tucker, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482–2972 or (202) 482–2044, respectively.

SUPPLEMENTARY INFORMATION:

Scope of the Order

The products covered by the order include drawn stainless steel sinks. Imports of subject merchandise are currently classified under the Harmonized Tariff Schedule of the United States (HTSUS) subheadings 7324.10.0000 and 7324.10.0010. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of the order is dispositive.¹

Preliminary Determination of No Shipments

Based on our analysis of U.S. Customs and Border Production (CBP) information and information provided by the companies, we preliminarily determine that Zhuhai KOHLER Kitchen & Bathroom Products Co., Ltd. (Zhuhai KOHLER) and Yuyao Afa Kitchenware Co., Ltd. (Yuyao Afa) did not have any reviewable transactions during the POR. In addition, Commerce finds that, consistent with its assessment practice in non-market economy (NME) cases, it is appropriate not to rescind the review in part in these circumstances, but to complete the review with respect to these three companies and issue appropriate instructions to CBP based on the final results.² For additional information regarding this determination, see the Preliminary Decision Memorandum.

With respect to Zhongshan Superte Kitchenware Co., Ltd. (Superte), we obtained information from CBP indicating that Superte had shipments during the POR, contradicting its no shipments certification. Thus, we

² See *Non-Market Economy Antidumping Proceedings: Assessment of Antidumping Duties*, 76 FR 65694, 65694–95 (October 24, 2011) (*NME AD Assessment*) and the “Assessment Rates” section, below.

preliminarily determine that Superte is part of the China-wide entity, and we will complete the review with respect to this company. For a full discussion of this determination, see the Preliminary Decision Memorandum.

Methodology

Commerce is conducting this review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (the Act). Because Feidong Import and Export Co., Ltd. (Feidong); Xinhe Stainless Steel Products Co., Ltd. (Xinhe); Jiangmen New Star Hi-Tech Enterprise Ltd. (New Star); and Ningbo Afa Kitchen and Bath Co., Ltd. (Ningbo Afa) did not participate in this segment of the proceeding, we preliminarily determine that they are ineligible for a separate rate and are part of the People's Republic of China (China)-wide entity, subject to the China-wide entity rate of 76.45 percent.

For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>, and to all parties in the Central Records Unit, room B8024 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/>. The signed and the electronic versions of the Preliminary Decision Memorandum are identical in content. A list of topics included in the Preliminary Decision Memorandum is provided as an appendix to this notice.

Preliminary Results of Review

Commerce finds that the four mandatory respondents have not established eligibility for a separate rate and are considered to be part of China-wide entity for these preliminary results. Additionally, because Guangdong G–Top Import & Export Co., Ltd. (Guangdong G–Top) and Jiangmen Pioneer Import & Export Co., Ltd. (Jiangmen Pioneer) did not submit separate rate applications or certifications by the deadline established in the *Initiation Notice* or make a claim that they had no shipments of subject merchandise during the POR, we find that these companies failed to establish their entitlement to a separate rate and, therefore, remain part of the China-wide

entity. Commerce's policy regarding conditional review of China-wide entity applies to this administrative review.³ Under this policy, the China-wide rate will not be under review unless a party requests, or Commerce self-initiates, a review of the entity. Because no party requested a review of China-wide entity, and Commerce did not self-initiate, the entity is not under review, and the entity's rate is not subject to change.

The statute and Commerce's regulations do not address what rate to apply to respondents who are not selected for individual examination when Commerce limits its examination in an administrative review pursuant to section 777A(c)(2) of the Act. Generally, Commerce looks to section 735(c)(5) of the Act, which provides instructions for calculating the all-others rate in an investigation, for guidance when calculating the rate for non-selected respondents that are not examined individually in an administrative review. Section 735(c)(5)(A) of the Act states that the all-others rate should be calculated by averaging the weighted-average dumping margins for individually-examined respondents, excluding rates that are zero, *de minimis*, or based entirely on facts available. Section 735(c)(5)(B) of the Act provides that where all rates are zero, *de minimis*, or based entirely on facts available, Commerce may use "any reasonable method" for assigning a rate to non-examined respondents.

However, for these preliminary results, we have not calculated any individual rates or assigned a rate based on facts available. Therefore, consistent with our recent practice,⁴ we preliminary assigned to the four non-individually examined companies that demonstrated their eligibility for a separate rate the most recently assigned separate rate in this proceeding (*i.e.*, 1.78 percent).⁵

Commerce preliminarily determines that the following weighted-average

dumping margins exist for the period April 1, 2017, through March 31, 2018:

Exporter	Weighted-average dumping margin (percent)
KaiPing Dawn Plumbing Products, Inc	1.78
Guangdong New Shichu Import & Export Company Limited	1.78
Elkay (China) Kitchen Solutions Co., Ltd	1.78
B&R Industries Limited	1.78

Disclosure and Public Comment

Normally, Commerce will disclose the calculations used in our analysis to parties in this review within five days of the date of publication of the notice of preliminary results in the **Federal Register**, in accordance with 19 CFR 351.224(b). However, here Commerce preliminarily applied a separate rate⁶ and China-wide rate⁷ that were established in prior segments of the proceeding. Thus, there are no calculations on this record to disclose.

Interested parties may submit case briefs no later than 30 days after the date of publication of these preliminary results of review.⁸ Rebuttals to case briefs may be filed no later than five days after the written comments are filed, and all rebuttal comments must be limited to comments raised in the case briefs.⁹

Any interested party may request a hearing within 30 days of publication of this notice.¹⁰ Hearing requests should contain the following information: (1) The party's name, address, and telephone number; (2) the number of participants; and (3) a list of the issues to be discussed. Oral presentations will be limited to issues raised in the briefs. If a request for a hearing is made, parties will be notified of the time and date for the hearing to be held at the U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230.¹¹

Unless otherwise extended, Commerce intends to issue the final results of this administrative review, which will include the results of its analysis of issues raised in the case briefs, within 120 days of publication of

these preliminary results, pursuant to section 751(a)(3)(A) of the Act.

Assessment Rates

Upon issuance of the final results, Commerce will determine, and CBP shall assess, antidumping duties on all appropriate entries covered by this review.¹² Commerce intends to issue appropriate assessment instructions to CBP 15 days after the publication of the final results of this review. For the companies receiving a separate rate, we intend to assign an assessment rate of 1.78 percent, consistent with the methodology described above. For the final results, if we continue to treat Guangdong G-Top, Jiangmen Pioneer, Superte, and the mandatory respondents as part of China-wide entity, we will instruct CBP to apply an *ad valorem* assessment rate of 76.45 percent to all entries of subject merchandise during the POR that were produced and/or exported by those companies. In addition, if we continue to find that Yuyao Afa and Zhuhai KOHLER had no shipments of the subject merchandise, any suspended entries of subject merchandise from these companies will be liquidated at China-wide rate.¹³

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise from China entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(2)(C) of the Act: (1) For the companies listed above that have a separate rate, the cash deposit rate will be that rate established in the final results of this review (except, if the rate is zero or *de minimis*, then a cash deposit rate of zero will be established for that company); (2) for previously investigated or reviewed Chinese and non-Chinese exporters that received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific rate; (3) for all Chinese exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the rate for China-wide entity, which is 76.45 percent; and (4) for all non-Chinese exporters of subject merchandise that have not received their own rate, the cash deposit rate will be the rate applicable to Chinese exporter(s) that supplied that non-

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping and/or countervailing duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing these preliminary results in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213.

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On September 10, 2018, the Department of Commerce (Commerce) published a notice of initiation of an administrative review of the

antidumping duty order on carbon steel butt-weld pipe fittings from the People's Republic of China (China). Based on Jinan Mech Piping Technology Co., Ltd (Jinan Mech)'s timely withdrawal of its request for review, we are now rescinding this administrative review with respect to Jinan Mech.

DATES: Applicable December 28, 2018.

FOR FURTHER INFORMATION CONTACT: Hannah Falvey, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone (202) 482–4889.

Background

On July 6, 1992, Commerce published in the **Federal Register** the antidumping duty order on carbon steel butt-weld pipe fittings from China.¹ In July 2018, Commerce received multiple timely requests to conduct an administrative review of the *Order*. Based upon these requests, on September 10, 2018, in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act), Commerce published in the **Federal Register** a notice of initiation of an administrative review covering the period July 1, 2017, through June 30, 2018, with respect to two companies: Jinan Mech Piping Technology Co., Ltd. and Pantech Steel Industries SDN BHD.² On October 11, 2018, Jinan Mech timely withdrew its request for an administrative review.³ No other party requested an administrative review of Jinan Mech.

Rescission

Pursuant to 19 CFR 351.213(d)(1), Commerce will rescind an administrative review, in whole or in part, if the party who requested the review withdraws the request within 90 days of the date of publication of notice of initiation of the requested review, and no other party requested a review of the company. Jinan Mech timely withdrew its request for an administrative review, and no other party requested a review of Jinan Mech. Accordingly, we are rescinding this review of the *Order* for the period July 1, 2017, through June 30, 2018, with

respect to Jinan Mech, in accordance with 19 CFR 351.213(d)(1). This administrative review will continue with respect to Pantech Steel Industries SDN BHD.

Assessment

Commerce will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries. For the company for which this review is rescinded, antidumping duties shall be assessed on its entries of subject merchandise during the period of review at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue appropriate assessment instructions directly to CBP 15 days after publication of this notice.

Notification to Importers

This notice serves as a reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Notification Regarding Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction. This notice is issued and published in accordance with sections 751(a) and 777(i)(1) of the Act and 19 CFR 351.213(d)(4).
