

Confined Disposal Facility (CDF). With over 1.3 million CY placed since inception in 1984, the CDF will reach capacity in 2022. The plan will include disposal management of more highly contaminated dredged sediment and beneficial use planning for material that is deemed suitable for various identified uses. The study is identifying and analyzing potential locations along the Calumet harbor and River to construct a new sediment management facility, as well as the feasibility of expanding the existing CDF to provide the required capacity for safely handling material that is too contaminated for beneficial use.

The Corps has hosted a number of stakeholder engagements and public workshops up to this point and is continuing to coordinate with stakeholders and resource agencies to identify and assess any potentially significant adverse impacts to human health and the environment associated with the study. Availability of the Draft Dredged Material Management Plan and EIS is anticipated in the spring of 2019 for a 45-day period of public review. A public hearing(s) will be conducted following public release.

Additional information about the Chicago Area Waterway System and the Dredged Material Management Plan is available on the study website at: <https://www.lrc.usace.army.mil/Missions/Civil-Works-Projects/Calumet-Harbor-and-River/>.

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The major purposes of the CSP are to expand opportunities for all students, particularly traditionally underserved students, to attend public *charter schools*¹ and meet challenging *State* academic standards; provide financial assistance for the planning, program design, and initial implementation of *charter schools*; increase the number of *high-quality charter schools* available to students across the United States; evaluate the impact of *charter schools* on student achievement, families, and communities; share best practices between *charter schools* and other public schools; encourage *States* to provide facilities support to *charter schools*; and support efforts to strengthen the charter school authorizing process.

Through the CSP Grants to State Entities (CSP State Entities) competition (CFDA number 84.282A), the Department awards grants to *State entities* that, in turn, award subgrants to *eligible applicants* for the purpose of opening and preparing for the operation of new *charter schools* and *replicated high-quality charter schools*, and *expanding high-quality charter schools*. Grant funds may also be used to provide technical assistance to *eligible applicants* and *authorized public chartering agencies* in opening and preparing for the operation of new *charter schools* and *replicating and expanding high-quality charter schools*;

¹ Italicized terms are defined in the Definitions section of this notice.

and to work with *authorized public chartering agencies* in the *State* to improve authorizing quality, including developing capacity for, and conducting, fiscal oversight and auditing of *charter schools*.

Background: The CSP State Entities program provides financial assistance to *State entities (SEs)* to support *charter schools* that serve elementary and secondary school students in a given *State*. *Charter schools* receiving funds under the CSP State Entities program also may serve students in *early childhood education programs* or postsecondary students.

The CSP State Entities program is authorized under Title IV, Part C of the Elementary and Secondary Education Act of 1965, as amended by the Every Student Succeeds Act (ESSA) (20 U.S.C. 7221-7221j).² This notice contains information regarding eligibility, priorities, definitions, application requirements, and selection criteria under the CSP State Entities program.

All *charter schools* receiving CSP funds must meet each element of the definition of *charter school* in section 4310(2) of the ESSA, including the requirement to comply with the Age Discrimination Act of 1975, Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990, section 444 of the General Education Provisions Act (GEPA), and part B of the Individuals with Disabilities Education Act (IDEA).

Priorities: This notice includes six competitive preference priorities. In accordance with 34 CFR 75.105(b)(2)(iv), these priorities are from section 4303(g)(2) of the ESSA.

Competitive Preference Priorities: For FY 2019 and any subsequent year in which we make awards from the list of unfunded applications from this competition, these priorities are competitive preference priorities. Under 34 CFR 75.105(c)(2)(i) we award:

- An additional two points to an application that meets competitive preference priority 1; and
- Up to an additional 16 points to an application that meets one or more of competitive preference priorities 2 through 6, depending on how well the application addresses the priorities.

² Prior to enactment of the Every Student Succeeds Act (ESSA), the ESEA, as amended by the No Child Left Behind Act of 2001 (NCLB), authorized the Secretary to make awards to *State educational agencies (SEAs)* to enable them to conduct charter school subgrant programs in their *States*. *State entities*, which include *SEAs*, are eligible applicants under the ESSA. In December 2015, Congress enacted the ESSA, which reauthorized the ESEA, as amended by NCLB.

An application may receive a total of up to 18 additional points under the competitive preference priorities.

These priorities are:

Competitive Preference Priority 1—At Least One Authorized Public Chartering Agency Other than a Local Educational Agency, or an Appeals Process (0 or 2 points).

To meet this priority, an applicant must demonstrate that it is located in a State that—

(a) Allows at least one entity that is not a local educational agency (LEA) to be an *authorized public chartering agency for developers* seeking to open a *charter school* in the State; or

(b) In the case of a State in which LEAs are the only *authorized public chartering agencies*, the State has an appeals process for the denial of an application for a *charter school*.

Competitive Preference Priority 2—Equitable Financing (up to 3 points).

To be eligible to receive points under this priority, an applicant must demonstrate the extent to which the State in which it is located ensures equitable financing, as compared to traditional public schools, for *charter schools* and students in a prompt manner.

Competitive Preference Priority 3—Charter School Facilities (up to 4 points).

To be eligible to receive points under this priority, an applicant must demonstrate the extent to which the State in which it is located provides *charter schools* one or more of the following:

- (a) Funding for facilities;
- (b) Assistance with facilities acquisition;
- (c) Access to public facilities;
- (d) The ability to share in bonds or mill levies;
- (e) The right of first refusal to purchase public school buildings; or
- (f) Low- or no-cost leasing privileges.

Competitive Preference Priority 4—Best Practices to Improve Struggling Schools and LEAs (up to 2 points).

To be eligible to receive points under this priority, an applicant must demonstrate the extent to which the State in which it is located uses best practices from *charter schools* to help improve struggling schools and LEAs.

Competitive Preference Priority 5—Serving At-Risk Students (up to 3 points).

To be eligible to receive points under this priority, an applicant must demonstrate the extent to which it supports *charter schools* that serve at-risk students through activities such as dropout prevention, dropout recovery, or comprehensive career counseling services.

Competitive Preference Priority 6—Best Practices for Charter School Authorizing (up to 4 points).

To be eligible to receive points under this priority, an applicant must demonstrate the extent to which it has taken steps to ensure that all *authorized public chartering agencies* implement best practices for charter school authorizing.

Note: For purposes of this competition, “best practices for charter school authorizing” includes, but is not limited to, the practices for monitoring *charter schools* described in Assurance E below.

III. Eligibility Information

1. *Eligible Applicants:* *SEs* in *States* with a specific *State* statute authorizing the granting of charters to schools.

Under section 4303(e)(1) of the ESEA, no *SE* may receive a grant under this competition for use in a *State* in which an *SE* has a current CSP State Entities grant. The Department awarded new CSP State Entities grants under section 4303 of the ESEA in FY 2017 and FY 2018.

Accordingly, no *SE* may receive a grant under this competition for use in a *State* in which an *SE* received a CSP State Entities grant in FY 2017 or FY 2018, and is currently using the grant; these *States* are Arizona, Arkansas, Colorado, Delaware, Idaho, Indiana, Maryland, Michigan, Minnesota, Mississippi, New Mexico, New York, North Carolina, Oklahoma, Rhode Island, Texas, and Wisconsin. *SEs* in *States* in which an *SEA* has a current CSP grant for *SEAs* that was awarded prior to FY 2017, under the ESEA, as amended by the NCLB, are eligible to apply for a CSP State Entities grant under this competition, so long as no other *SE* in the *State* has a current CSP State Entities grant.

In addition, consistent with section 4303(e)(1) of the ESEA, if multiple *SEs* in a *State* submit applications that receive high enough scores to be recommended for funding under this competition, only the highest-scoring application among such *State entities* would be funded.

2. *Cost Sharing or Matching:* This program does not require cost sharing or matching.

3. *Subgrantees:* (a) Under section 4303(b) and (c)(2) of the ESEA, an *SE* may award subgrants to *eligible applicants* and technical assistance providers.

(b) Under section 4303(d)(2) of the ESEA, an *SE* awarding subgrants to eligible applicants must use a peer-review process to review applications.

Note: An *eligible applicant* (i.e., charter school developer or charter school) in a *State* in which no *SE* has an approved grant application under section 4303 of the ESEA may apply for funding directly from the Department under the CSP Grants to Developers (CFDA number 84.282B or 84.282E) competition. Additional information about the CSP Grants to Developers program and any upcoming competitions is available at <https://innovation.ed.gov/what-we-do/charter-schools/charter-schools-program-non-state-educational-agencies-non-sea-planning-program-design-and-initial-implementation-grant/>.

4. *Other:* (a) *Reasonable and Necessary Costs:* The Secretary may elect to impose maximum limits on the amount of subgrant funds that an *SE* may award to an *eligible applicant* per new *charter school* created or *replicated*, per *charter school expanded*, or per new school seat created.

For this competition, the maximum amount of subgrant funds an *SE* may award to a subgrantee per new *charter school*, *replicated high-quality charter school*, or *expanding high-quality charter school* over a five-year subgrant period is \$1,500,000.

Note: Applicants must ensure that all costs included in the proposed budget are necessary and reasonable to meet the goals and objectives of the proposed *project*. Any costs determined by the Secretary to be unreasonable or unnecessary will be removed from the final approved budget.

(b) *Audits:* (i) A non-Federal entity that expends \$750,000 or more during the non-Federal entity's fiscal year in Federal awards must have a single or program-specific audit conducted for that year in accordance with the provisions of 2 CFR part 200. (2 CFR 200.501(a)).

(ii) A non-Federal entity that expends less than \$750,000 during the non-Federal entity's fiscal year in Federal

awards is exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503 (Relation to other audit requirements), but records must be available for review or audit by appropriate officials of the Federal agency, pass-through entity, and Government Accountability Office. (2 CFR 200.501(d)).

IV. Application and Submission Information

1. Application Submission

Instructions: For information on how to submit an application please refer to our Common Instructions for Applicants to Department of Education Discretionary Grant Programs, published in the **Federal Register** on February 12, 2018 (83 FR 6003) and available at www.govinfo.gov/content/pkg/FR-2018-02-12/pdf/2018-02558.pdf.

2. *Submission of Proprietary Information:* Given the types of *projects* that may be proposed in applications for funds under the CSP State Entities grant competition, your application may include business information that you consider proprietary. In 34 CFR 5.11 we define "business information" and describe the process we use in determining whether any of that information is proprietary and, thus, protected from disclosure under Exemption 4 of the Freedom of Information Act (5 U.S.C. 552, as amended).

Because we plan to make successful applications available to the public, you may wish to request confidentiality of business information.

Consistent with Executive Order 12600, please designate in your application any information that you believe is exempt from disclosure under Exemption 4. In the appropriate Appendix section of your application, under "Other Attachments Form," please list the page number or numbers on which we can find this information. For additional information please see 34 CFR 5.11(c).

3. *Intergovernmental Review:* This program is subject to Executive Order 12372 and the regulations in 34 CFR part 79. Information about Intergovernmental Review of Federal Programs under Executive Order 12372 is in the application package for this competition.

4. *Funding Restrictions:* In accordance with section 4303(c) of the ESEA, an *SE* receiving a grant under this program shall: (a) Use not less than 90 percent of the grant funds to award subgrants to *eligible applicants*, in accordance with the quality charter school program described in the *SE's* application pursuant to section 4303(f), for activities

related to opening and preparing for the operation of new *charter schools* and *replicated high-quality charter schools*, or *expanding high-quality charter schools*; (b) reserve not less than 7 percent of the grant funds to provide technical assistance to *eligible applicants* and *authorized public chartering agencies* in carrying out such activities, and to work with *authorized public chartering agencies* in the *State* to improve authorizing quality, including developing capacity for, and conducting, fiscal oversight and auditing of *charter schools*; and (c) reserve not more than 3 percent of the grant funds for administrative costs, which may include technical assistance. An *SE* may use a grant received under this program to provide technical assistance and to work with *authorized public chartering agencies* to improve authorizing quality under section 4303(b)(2) of the ESEA directly or through grants, contracts, or cooperative agreements.

Limitation on Grants and Subgrants: Under section 4303(d) of the ESEA, a grant awarded by the Secretary to an *SE* under this competition shall be for a period of not more than five years.

A subgrant awarded by an *SE* under this program shall be for a period of not more than five years, of which an *eligible applicant* may use not more than 18 months for planning and program design. An *eligible applicant* may not receive more than one subgrant under this program for each individual *charter school* for a five-year period, unless the *eligible applicant* demonstrates to the *SE* that such individual *charter school* has at least three years of improved educational results for students enrolled in such *charter school*, with respect to the elements described in section 4310(8)(A) and (D) of the ESEA.⁵

Other CSP Grants: A *charter school* that previously received CSP funds for opening or preparing to operate a new *charter school*, *replication*, or *expansion* under this program, the CSP Grants to Charter Management Organizations for the Replication and Expansion of High-Quality Charter Schools (CMO) program (CFDA number 84.282M), or the CSP Grants to Developers for the Opening of New Charter Schools and for the Replication and Expansion of High-quality Charter Schools (Developer

program (CFDA numbers 84.282B and 84.282E) may not use funds under this program to carry out the same activities. However, such *charter school* may be eligible to receive funds under this competition to *expand the charter school* beyond the existing grade levels or student count.

Likewise, a *charter school* that receives funds from an *SE* under this program is ineligible to receive funds to carry out the same activities under the CMO program (CFDA number 84.282M) or Developer program (CFDA numbers 84.282B and 84.282E), including for opening or preparing to operate a new *charter school*, *replication*, or *expansion*.

Uses of Subgrant Funds: *State entities* awarded grants under this competition shall award subgrants to *eligible applicants* to enable such *eligible applicants* to—

(a) Open and prepare for the operation of new *charter schools*;

(b) Open and prepare for the operation of *replicated high-quality charter schools*; or

(c) *Expand high-quality charter schools*.

An *eligible applicant* receiving a subgrant under this program shall use such funds to support activities related to opening and preparing for the operation of new *charter schools* or *replicating or expanding high-quality charter schools*, which shall include one or more of the following:

(a) Preparing teachers, school leaders, and specialized instructional support personnel, including through paying costs associated with—

(d) Providing one-time, startup costs associated with providing transportation to students to and from the *charter school*.

(e) Carrying out community engagement activities, which may include paying the cost of student and staff recruitment.

(f) Providing for other appropriate, non-sustained costs related to opening, *replicating*, or *expanding high-quality charter schools* when such costs cannot be met from other sources.

Diversity of Projects: Each *State entity* awarding subgrants under this competition shall award subgrants in a manner that, to the extent practicable and applicable, ensures that such subgrants—

(a) Are distributed throughout different areas, including urban, suburban, and rural areas; and

(b) Will assist *charter schools* representing a variety of educational approaches.

Award Basis: In determining whether to approve a grant award and the amount of such award, the Department will consider, among other things, the applicant's performance and use of funds under a previous or existing award under any Department program (34 CFR 75.217(d)(3)(ii) and 233(b)). In assessing the applicant's performance and use of funds under a previous or existing award, the Secretary will consider, among other things, the outcomes the applicant has achieved and the results of any Departmental grant monitoring, including the applicant's progress in remedying any deficiencies identified in such monitoring.

We reference additional regulations outlining funding restrictions in the *Applicable Regulations* section of this notice.

5. Recommended Page Limit and English Language Requirement: The application narrative (Part III of the application) is where you, the applicant, address the priorities, selection criteria, and application requirements that reviewers use to evaluate your application. ⁵ Section 4303(e)(2) of the ESEA prescribes the circumstances under which an *eligible applicant* may be eligible to apply to an *SE* for a second subgrant for an individual *charter school* for a five-year period. The *eligible applicant* still would have to meet all program requirements, including the requirements for *replicating or expanding a high-quality charter school*.

supporting documents submitted with the application that are in English.

The recommended page limit does not apply to Part I, the cover sheet; Part II, the budget section, including the narrative budget justification; Part IV, the assurances and certifications; or the one-page abstract, the resumes, the bibliography, or the letters of support. However, the recommended page limit does apply to all of the application narrative.

V. Application Review Information

1. **Selection Criteria:** The selection criteria for this competition are from section 4303(g)(1) of the ESEA (20 U.S.C. 7221b(g)(1)) and 34 CFR 75.210. The maximum possible total score an application can receive for addressing the criteria is 100 points. The maximum possible score for addressing each criterion is indicated in parentheses following the criterion.

(a) **Quality of the Project Design (up to 15 points).** The Secretary considers the quality of the design of the proposed project. In determining the quality of the design of the proposed project, the Secretary considers:

(1) The extent to which the proposed project demonstrates a rationale (up to 10 points); and

(2) The extent to which the goals, objectives, and outcomes to be achieved by the proposed project are clearly specified and measurable (up to 5 points).

(b) **Objectives (up to 20 points):** The ambitiousness of the State entity's objectives for the quality charter school program carried out under the CSP State Entities program.

Note: In response to this criterion, an applicant may address (or cross-reference) some or all of the components of application requirements (I)(A)–(G) in this notice, which require the applicant to provide a description

of the State entity's objectives in running a quality charter school program and how the objectives of the program will be carried out.

(c) **Quality of Eligible Subgrant Applicants (up to 15 points):** The likelihood that the eligible applicants receiving subgrants under the program will meet those objectives and improve educational results for students.

(d) **State Plan (up to 20 points):** The State entity's plan to—

(1) Adequately monitor the eligible applicants receiving subgrants under the State entity's program (up to 5 points);

(2) Work with the authorized public chartering agencies involved to avoid duplication of work for the charter schools and authorized public chartering agencies (up to 5 points); and

(1) The adequacy of the management plan to achieve the objectives of the proposed project on time and within budget, including clearly defined responsibilities, timelines, and milestones for accomplishing project tasks; and

(2) The extent to which the time commitments of the project director and principal investigator and other key project personnel are appropriate and adequate to meet the objectives of the proposed project.

(f) **Parent and Community Involvement (up to 10 points):** The State entity's plan to solicit and consider input from parents and other members of the community on the implementation and operation of charter schools in the State.

(g) **Flexibility (up to 5 points):** The degree of flexibility afforded by the State's charter school law and how the State entity will work to maximize the flexibility provided to charter schools under such law.

2. **Review and Selection Process:** We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant's use of funds, achievement of project

objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary requires various assurances, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

3. **Risk Assessment and Specific Conditions:** Consistent with 2 CFR 200.205, before awarding grants under this competition the Department conducts a review of the risks posed by applicants. Under 2 CFR 3474.10, the Secretary may impose specific conditions and, in appropriate circumstances, high-risk conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 2 CFR part 200, subpart D; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

4. **Integrity and Performance System:** If you are selected under this competition to receive an award that over the course of the project period may exceed the simplified acquisition threshold (currently \$150,000) under 2 CFR 200.205(a)(2), we must make a judgment about your integrity, business ethics, and record of performance under Federal awards—that is, the risk posed by you as an applicant—before we make an award. In doing so, we must consider any information about you that is in the integrity and performance system (currently referred to as the Federal Awardee Performance and Integrity Information System (FAPIIS)), accessible through the System for Award Management. You may review and comment on any information about yourself that a Federal agency previously entered and that is currently in FAPIIS.

Please note that, if the total value of your currently active grants, cooperative agreements, and procurement contracts from the Federal Government exceeds \$10,000,000, the reporting requirements in 2 CFR part 200, Appendix XII, require you to report certain integrity information to FAPIIS semiannually. Please review the requirements in 2 CFR part 200, Appendix XII, if this grant plus all the other Federal funds you receive exceed \$10,000,000.

VI. Award Administration Information

1. *Award Notices:* If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN); or we may send you an email containing a link to access an electronic version of your GAN. We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. *Administrative and National Policy Requirements:* We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. *Open Licensing Requirements:* Unless an exception applies, if you are awarded a grant under this competition, you will be required to openly license to the public grant deliverables created in whole, or in part, with Department grant funds. When the deliverable consists of modifications to pre-existing works, the license extends only to those modifications that can be separately identified and only to the extent that open licensing is permitted under the terms of any licenses or other legal restrictions on the use of pre-existing works. Additionally, a grantee or subgrantee that is awarded competitive grant funds must have a plan to disseminate these public grant deliverables. This dissemination plan can be developed and submitted after your application has been reviewed and selected for funding. For additional information on the open licensing requirements please refer to 2 CFR 3474.20.

4. *Reporting:* (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multiyear award, you must submit an annual performance report that provides the most current performance and financial expenditure

information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

(c) In accordance with section 4303(i) of the ESEA, each *State entity* receiving a grant under this section must submit to the Secretary, at the end of the third year of the five-year grant period (or at the end of the second year if the grant period is less than five years), and at the end of such grant period, a report that includes the following:

(1) The number of students served by each subgrant awarded under this section and, if applicable, the number of new students served during each year of the period of the subgrant.

(2) A description of how the *State entity* met the objectives of the quality charter school program described in the *State entity's* application, including—

(A) How the *State entity* met the objective of sharing best and promising practices as outlined in section 4303(f)(1)(A)(ix) of the ESEA in areas such as instruction, professional development, curricula development, and operations between *charter schools* and other public schools; and

(B) If known, the extent to which such practices were adopted and implemented by such other public schools.

(3) The number and amount of subgrants awarded under this program to carry out activities described in section 4303(b)(1)(A) through (C) of the ESEA.

(4) A description of—

(A) How the *State entity* complied with, and ensured that *eligible applicants* complied with, the assurances included in the *State entity's* application; and

(B) How the *State entity* worked with *authorized public chartering agencies*, and how the agencies worked with the management company or leadership of the schools that received subgrant funds under this program, if applicable.

(d) Under 34 CFR 75.250(b), the Secretary may provide a grantee with additional funding for data collection analysis and reporting. In this case the Secretary establishes a data collection period.

5. *Performance Measures:*

(a) The Secretary has established two performance indicators to measure annual progress towards achieving the purposes of the program, which are discussed elsewhere in this notice. The performance indicators are: (1) The number of new *charter schools* and

charter school campuses in operation around the Nation; (2) the number of *States* that demonstrate annual increases in the percentage of fourth- and eighth-grade *charter school* students who are achieving at or above the proficient level on State assessments in mathematics and reading/language arts; (3) the number of *States* that demonstrate annual decreases in the percentage of *charter schools* that are identified as a comprehensive support and improvement school. Additionally, the Secretary has established the following measure to examine the efficiency of the CSP: The Federal cost per student in implementing a successful school (defined as a school in operation for three or more consecutive years).

(b) *Project-Specific Performance Measures.* Applicants must propose project-specific *performance measures* and *performance targets* consistent with the objectives of the proposed *project*. Applications must provide the following information as directed under 34 CFR 75.110(b) and (c).

(1) *Performance measures.* How each proposed *performance measure* would accurately measure the performance of the *project* and how the proposed *performance measure* would be consistent with the *performance measures* established for the program funding the competition.

(2) *Baseline data.* (i) Why each proposed *baseline* is valid; or (ii) if the applicant has determined that there are no established *baseline* data for a particular *performance measure*, an explanation of why there is no established *baseline* and of how and when, during the project period, the applicant would establish a valid *baseline* for the *performance measure*.

(3) *Performance targets.* Why each proposed *performance target* is *ambitious* yet achievable compared to the *baseline* for the *performance measure* and when, during the project period, the applicant would meet the *performance target(s)*.

(4) *Data collection and reporting.* (i) The data collection and reporting methods the applicant would use and why those methods are likely to yield reliable, valid, and meaningful performance data; and (ii) the applicant's capacity to collect and report reliable, valid, and meaningful performance data, as evidenced by high-quality data collection, analysis, and reporting in other projects or research.

All grantees must submit an annual performance report with information that is responsive to these *performance measures*.

6. *Continuation Awards*: In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: Whether a grantee has made substantial progress in achieving the goals and objectives of the *project*; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, the *performance targets* in the grantee's approved application.

In making a continuation award, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

7. *Project Director's Meeting*: Applicants approved for funding under this competition must attend a two-day meeting for project directors at a location to be determined in the continental United States during each year of the *project*. Applicants may include the cost of attending this meeting in their proposed budgets as allowable administrative costs.

SUPPLEMENTARY INFORMATION:

The Draft SEIS has been prepared in accordance with Council on Environmental Quality (CEQ) and DOE NEPA implementing regulations at 40 CFR parts 1500–1508 and 10 CFR part 1021, respectively. The Draft SEIS evaluates the potential impacts from three Action Alternatives and the No Action alternative (in accordance with 40 CFR 1502.14). Under the No Action alternative, transportation to and disposal of the conversion product at an offsite low-level waste disposal facility would not occur and refilled cylinders of DU oxide conversion product would remain in storage at DOE's Paducah and Portsmouth sites.
