Confined Disposal Facility (CDF). With over 1.3 million CY placed since inception in 1984, the CDF will reach capacity in 2022. The plan will include disposal management of more highly contaminated dredged sediment and beneficial use planning for material that is deemed suitable for various identified uses. The study is identifying and analyzing potential locations along the Calumet harbor and River to construct a new sediment management facility, as well as the feasibility of expanding the existing CDF to provide the required capacity for safely handling material that is too contaminated for beneficial use.

The Corps has hosted a number of stakeholder engagements and public workshops up to this point and is continuing to coordinate with stakeholders and resource agencies to identify and assess any potentially significant adverse impacts to human health and the environment associated with the study. Availability of the Draft Dredged Material Management Plan and EIS is anticipated in the spring of 2019 for a 45-day period of public review. A public hearing(s) will be conducted following public release.

I. Funding Opportunity Description

Purpose of Program: The major purposes of the CSP are to expand opportunities for all students, particularly traditionally underserved students, to attend public charter schools 1 and meet challenging State academic standards; provide financial assistance for the planning, program design, and initial implementation of charter schools; increase the number of high-quality charter schools available to students across the United States; evaluate the performance of charter schools on student achievement, families, and communities; share best practices between charter schools and other public schools; encourage States to provide facilities support to charter schools; and support efforts to strengthen the charter school authorizing process.

Through the CSP Grants to State Entities (CSP State Entities) competition (CDFA number 84.282A), the Department awards grants to State entities that, in turn, award subgrants to eligible applicants for the purpose of opening and preparing for the operation of new charter schools and replicated high-quality charter schools. Grant funds may also be used to provide technical assistance to eligible applicants and authorized public chartering agencies in opening and preparing for the operation of new charter schools and replicating and expanding high-quality charter schools; 2

and to work with authorized public chartering agencies in the State to improve authorizing quality, including developing capacity for, and conducting, fiscal oversight and auditing of charter schools.

Background: The CSP State Entities program provides financial assistance to State entities (SEs) to support charter schools that serve elementary and secondary school students in a given State. Charter schools receiving funds under the CSP State Entities program also may serve students in early childhood, education programs or postsecondary students.

The CSP State Entities program is authorized under Title IV, Part C of the Elementary and Secondary Education Act of 1965, as amended by the Every Student Succeeds Act (ESSA). This notice contains information regarding eligibility, priorities, definitions, application requirements, and selection criteria under the CSP State Entities program. All charter schools receiving CSP funds must meet each element of the definition of charter school in section 4310(2) of the ESEA, including the requirement to comply with the Age Discrimination Act of 1975, Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990, section 444 of the General Education Provisions Act (GEPA), and part B of the Individuals with Disabilities Education Act (IDEA).

Priorities: This notice includes six competitive preference priorities. In accordance with 34 CFR 75.105(b)(2)(iv), these priorities are from section 4303(g)(2) of the ESEA.

Competitive Preference Priorities: For FY 2019 and any subsequent year in which we make awards from the list of unfunded applications from this competition, these priorities are competitive preference priorities. Under 34 CFR 75.105(o)(2)(i) we award:

• An additional two points to an application that meets competitive preference priority 1; and
• Up to an additional 16 points to an application that meets one or more of competitive preference priorities 2 through 6, depending on how well the application addresses the priorities.

2 Prior to enactment of the Every Student Succeeds Act (ESSA), the ESEA, as amended by the No Child Left Behind Act of 2001 (NCLB), authorized the Secretary to make awards to State educational agencies (SEAs) to enable them to conduct charter school subgrant programs in their States. State entities, which include SEAs, are eligible applicants under the ESSA. In December 2015, Congress enacted the ESSA, which reauthorized the ESEA, as amended by NCLB.

Funding Restrictions: In accordance with section 4303(c) of the ESEA, an SE receiving a grant under this program shall: (a) Use not less than 90 percent of the grant funds to award subgrants to eligible applicants, in accordance with the quality charter school program described in the SE’s application pursuant to section 4303(f), for activities...
related to opening and preparing for the operation of new charter schools and replicated high-quality charter schools, or expanding high-quality charter schools; (b) reserve not less than 7 percent of the grant funds to provide technical assistance to eligible applicants and authorized public chartering agencies in carrying out such activities, and to work with authorized public chartering agencies in the State to improve authorizing quality, including developing capacity for, and conducting, fiscal oversight and auditing of charter schools; and (c) reserve not more than 3 percent of the grant funds for administrative costs, which may include technical assistance. An SE may use a grant received under this program to provide technical assistance and to work with authorized public chartering agencies to improve authorizing quality under section 4303(b)(2) of the ESEA directly or through grants, contracts, or cooperative agreements.

**Limitation on Grants and Subgrants:**
Under section 4303(d) of the ESEA, a grant awarded by the Secretary to an SE under this competition shall be for a period of not more than five years.
A subgrant awarded by an SE under this program shall be for a period of not more than five years, of which an eligible applicant may use not more than 18 months for planning and program design. An eligible applicant may not receive more than one subgrant under this program for each individual charter school for a five-year period, unless the eligible applicant demonstrates to the SE that such individual charter school has at least three years of improved educational results for students enrolled in such charter school, with respect to the elements described in section 4310(b)(A) and (D) of the ESEA.5

**Other CSP Grants:** A charter school that previously received CSP funds for opening or preparing to operate a new charter school, replication, or expansion under this program, the CSP Grants to Charter Management Organizations for the Replication and Expansion of High-Quality Charter Schools (CMO) program (CFDA number 84.282M), or the CSP Grants to Developers for the Opening of New Charter Schools and for the Replication and Expansion of High-Quality Charter Schools (Developer) program (CFDA numbers 84.282B and 84.282E) may not use funds under this program to carry out the same activities. However, such charter school may be eligible to receive funds under this competition to expand the charter school beyond the existing grade levels or student count.

Likewise, a charter school that receives funds from an SE under this program is ineligible to receive funds to carry out the same activities under the CMO program (CFDA number 84.282M) or Developer program (CFDA numbers 84.282B and 84.282E), including for opening or preparing to operate a new charter school, replication, or expansion.

**Uses of Subgrant Funds:** State entities awarded grants under this competition shall award subgrants to eligible applicants to enable such eligible applicants to—
(a) Open and prepare for the operation of new charter schools;
(b) Open and prepare for the operation of replicated high-quality charter schools; or
c) Expand high-quality charter schools.

An eligible applicant receiving a subgrant under this program shall use such funds to support activities related to opening and preparing for the operation of new charter schools or replicating or expanding high-quality charter schools, which shall include one or more of the following:
(a) Preparing teachers, school leaders, and specialized instructional support personnel, including through paying costs associated with—
(i) Providing professional development; and
(ii) Hiring and compensating, during the eligible applicant’s planning period specified in the application for subgrant funds, one or more of the following: (A) Teachers. (B) School leaders. (C) Specialized instructional support personnel.
(b) Acquiring supplies, training, equipment (including technology), and educational materials (including developing and acquiring instructional materials).
(c) Carrying out necessary renovations to ensure that a new school building complies with applicable statutes and regulations, and minor facilities repairs (excluding construction).
(d) Providing one-time, startup costs associated with providing transportation to students to and from the charter school.
(e) Carrying out community engagement activities, which may include paying the cost of student and staff recruitment.

(f) Providing for other appropriate, non-sustained costs related to opening, replicating, or expanding high-quality charter schools when such costs cannot be met from other sources.

**Diversity of Projects:** Each State entity awarding subgrants under this competition shall award subgrants in a manner that, to the extent practicable and applicable, ensures that such subgrants—
(a) Are distributed throughout different areas, including urban, suburban, and rural areas; and
(b) Will assist charter schools representing a variety of educational approaches.

**Award Basis:** In determining whether to approve a grant award and the amount of such award, the Department will consider, among other things, the applicant’s performance and use of funds under a previous or existing award under any Department program (34 CFR 75.217(d)(3)(ii) and 233(b)). In assessing the applicant’s performance and use of funds under a previous or existing award, the Secretary will consider, among other things, the outcomes the applicant has achieved and the results of any Departmental grant monitoring, including the applicant’s progress in remedying any deficiencies identified in such monitoring.

We reference additional regulations outlining funding restrictions in the Applicable Regulations section of this notice.

5. **Recommended Page Limit and English Language Requirement:** The application narrative (Part III of the application) is where you, the applicant, address the priorities, selection criteria, and application requirements that reviewers use to evaluate your application. We recommend that you (1) limit the application narrative to no more than 60 pages and (2) use the following standards:
- A “page” is 8.5” x 11”, on one side only, with 1” margins at the top, bottom, and both sides.
- Double-space (no more than three lines per vertical inch) all text in the application narrative, including titles, headings, footnotes, quotations, references, and captions, as well as all text in charts, tables, figures, and graphs.
- Use a font that is either 12 point or larger or no smaller than 10 pitch (characters per inch).
- Use one of the following fonts: Times New Roman, Courier, Courier New, or Arial.

Applications must be in English, and peer reviewers will only consider...
supporting documents submitted with
the application that are in English.

The recommended page limit does not
apply to Part I, the cover sheet; Part II,
the budget section, including the
narrative budget justification; Part IV,
the assurances and certifications; or the
one-page abstract, the resumes, the
bibliography, or the letters of support.
However, the recommended page limit
does apply to all of the application
narrative.

V. Application Review Information

1. Selection Criteria: The selection
criteria for this competition are from
section 4303(g)(1) of the ESEA (20
The maximum possible total score an
application can receive for addressing
the criteria is 100 points. The maximum
possible score for addressing each
criterion is indicated in parentheses
following the criterion.

(a) Quality of the Project Design (up
to 15 points). The Secretary considers
the quality of the design of the proposed
project. In determining the quality of
the design of the proposed project, the
Secretary considers:

(1) The extent to which the proposed
project demonstrates a rationale (up
to 10 points); and

(2) The extent to which the goals,
objectives, and outcomes to be achieved
by the proposed project are clearly
specified and measurable (up to 5
points).

(b) Objectives (up to 20 points): The
ambition of the State entity’s
objectives for the quality charter school
program carried out under the CSP State
Entities program.

Note: In response to this criterion, an
applicant may address (or cross-reference)
some or all of the components of application
requirements (I)(A)-(G) in this notice, which
require the applicant to provide a description
of the State entity’s objectives in running a
quality charter school program and how the
objectives of the program will be carried out.

(c) Quality of Eligible Subgrant
Applicants (up to 15 points): The
likelihood that the eligible applicants
receiving subgrants under the program
will meet those objectives and improve
educational results for students.

(d) State Plan (up to 20 points): The
State entity’s plan to—

(1) Adequately monitor the eligible
applicants receiving subgrants under the
State entity’s program (up to 5 points);

(2) Work with the authorized public
chartering agencies involved to avoid
duplication of work for the charter
schools and authorized public
chartering agencies (up to 5 points); and

(3) Provide technical assistance and
support for—

considers the quality of the management
plan for the proposed project. In
determining the quality of the
management plan for the proposed
project, the Secretary considers:

(1) The adequacy of the management
plan to achieve the objectives of the
proposed project on time and within
budget, including clearly defined
responsibilities, timelines, and
milestones for accomplishing project
tasks; and

(2) The extent to which the time
commitments of the project director and
principal investigator and other key
project personnel are appropriate and
adequate to meet the objectives of the
proposed project.

(f) Parent and Community
Involvement (up to 10 points): The State
entity’s plan to solicit and consider
input from parents and other members
of the community on the
implementation and operation of
charter schools in the State.

(g) Flexibility (up to 5 points): The
degree of flexibility afforded by the
State’s charter school law and how the
State entity will work to maximize the
flexibility provided to charter schools
under such law.

2. Review and Selection Process: We
remind potential applicants that in
reviewing applications in any
discretionary grant competition, the
Secretary may consider, under 34 CFR
75.217(d)(3), the past performance of the
applicant in carrying out a previous
award, such as the applicant’s use of
funds, achievement of project
objectives, and compliance with grant
conditions. The Secretary may also
consider whether the applicant failed to
submit a timely performance report or
submitted a report of unacceptable
quality.

In addition, in making a competitive
grant award, the Secretary requires
various assurances, including those
applicable to Federal civil rights laws
that prohibit discrimination in programs
or activities receiving Federal financial
assistance from the Department (34 CFR
100.4, 104.5, 106.4, 108.8, and 110.23).

3. Risk Assessment and Specific
Conditions: Consistent with 2 CFR
200.205, before awarding grants under
this competition the Department
does a review of the risks posed by
applicants. Under 2 CFR 3474.10, the
Secretary may impose specific
conditions and, in appropriate
circumstances, high-risk conditions on a
grant if the applicant or grantee is not
financially stable; has a history of
unsatisfactory performance; has a
financial or other management system
does not meet the standards in 2 CFR
part 200, subpart D; has not fulfilled the
conditions of a prior grant; or is
otherwise not responsible.

4. Integrity and Performance System:
If you are selected under this
competition to receive an award that
over the course of the project period
may exceed the simplified acquisition
threshold (currently $150,000) under 2
CFR 200.205(a)(2), we must make a
judgment about your integrity, business
code of ethics, and record of performance
under Federal awards—that is, the risk posed
by you as an applicant—before we make
an award. In doing so, we must consider
any information about you that is in the
integrity and performance system
(currently referred to as the Federal
Awardee Performance and Integrity
Information System (FAPIIS)),
accessible through the System for
Award Management. You may review
and comment on any information about
yourself that a Federal agency
previously entered and that is currently
in FAPIIS.

Please note that, if the total value of
your currently active grants, cooperative
agreements, and procurement contracts
from the Federal Government exceeds
$10,000,000, the reporting requirements
in 2 CFR part 200, Appendix XII,
require you to report certain integrity
information to FAPIIS semiannually.
Please review the requirements in 2 CFR
part 200, Appendix XII, if this grant
plus all the other Federal funds you
receive exceed $10,000,000.
VI. Award Administration Information

1. Award Notices: If your application is successful, we will notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN); or we may send you an email containing a link to access an electronic version of your GAN. We may notify you informally, also. If your application is not evaluated or not selected for funding, we notify you.

2. Administrative and National Policy Requirements: We identify administrative and national policy requirements in the application package and reference these and other requirements in the Applicable Regulations section of this notice.

We reference the regulations outlining the terms and conditions of an award in the Applicable Regulations section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. Open Licensing Requirements: Unless an exception applies, if you are awarded a grant under this competition, you will be required to openly license to the public grant deliverables created in whole, or in part, with Department grant funds. When the deliverable consists of modifications to pre-existing works, the license extends only to those modifications that can be separately identified and only to the extent that open licensing is permitted under the terms of any licenses or other legal restrictions on the use of pre-existing works. Additionally, a grantee or subgrantee that is awarded competitive grant funds must have a plan to disseminate these public grant deliverables. This dissemination plan can be developed and submitted after your application has been reviewed and selected for funding. For additional information on the open licensing requirements please refer to 2 CFR 3474.20.

4. Reporting: (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

(c) In accordance with section 4303(i) of the ESEA, each State entity receiving a grant under this section must submit to the Secretary, at the end of the third year of the five-year grant period (or at the end of the second year if the grant period is less than five years), and at the end of such grant period, a report that includes the following:

(1) The number of students served by each subgrant awarded under this section and, if applicable, the number of new students served during each year of the period of the subgrant.

(2) A description of how the State entity met the objectives of the quality charter school program described in the State entity’s application, including—

(A) How the State entity met the objective of sharing best and promising practices as outlined in section 4303(f)(1)(A)(ix) of the ESEA in areas such as instruction, professional development, curricula development, and operations between charter schools and other public schools; and

(B) If known, the extent to which such practices were adopted and implemented by such other public schools.

(3) The number and amount of subgrants awarded under this program to carry out activities described in section 4303(b)(1)(A) through (C) of the ESEA.

(4) A description of—

(A) How the State entity complied with, and ensured that eligible applicants complied with, the assurances included in the State entity’s application; and

(B) How the State entity worked with authorized public chartering agencies, and how the agencies worked with the management company or leadership of the schools that received subgrant funds under this program, if applicable.

(d) Under 34 CFR 75.250(b), the Secretary may provide a grantee with additional funding for data collection analysis and reporting. In this case the Secretary establishes a data collection period.

5. Performance Measures:

(a) The Secretary has established two performance indicators to measure annual progress towards achieving the purposes of the program, which are discussed elsewhere in this notice. The performance indicators are: (1) The number of new charter schools and charter school campuses in operation around the Nation; (2) the number of States that demonstrate annual increases in the percentage of fourth- and eighth-grade charter school students who are achieving at or above the proficient level on State assessments in mathematics and reading/language arts; (3) the number of States that demonstrate annual decreases in the percentage of charter schools that are identified as a comprehensive support and improvement school. Additionally, the Secretary has established the following measure to examine the efficiency of the CSP: The Federal cost per student in implementing a successful school (defined as a school in operation for three or more consecutive years).

(b) Project-Specific Performance Measures. Applicants must propose project-specific performance measures and performance targets consistent with the objectives of the proposed project. Applications must provide the following information as directed under 34 CFR 75.110(b) and (c).

(1) Performance measures. How each proposed performance measure would accurately measure the performance of the project and how the proposed performance measure would be consistent with the performance measures established for the program funding the competition.

(2) Baseline data. (i) Why each proposed baseline is valid; or (ii) if the applicant has determined that there are no established baseline data for a particular performance measure, an explanation of why there is no established baseline and of how and when, during the project period, the applicant would establish a valid baseline for the performance measure.

(3) Performance targets. Why each proposed performance target is ambitious yet achievable compared to the baseline for the performance measure and when, during the project period, the applicant would meet the performance target(s).

(c) Data collection and reporting. (i) The data collection and reporting methods the applicant would use and why those methods are likely to yield reliable, valid, and meaningful performance data; and (ii) the applicant’s capacity to collect and report reliable, valid, and meaningful performance data, as evidenced by high-quality data collection, analysis, and reporting in other projects or research.

All grantees must submit an annual performance report with information that is responsive to these performance measures.
6. **Continuation Awards:** In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: Whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, the performance targets in the grantee’s approved application.

In making a continuation award, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

7. **Project Director’s Meeting:** Applicants approved for funding under this competition must attend a two-day meeting for project directors at a location to be determined in the continental United States during each year of the project. Applicants may include the cost of attending this meeting in their proposed budgets as allowable administrative costs.

**DATES:** DOE is inviting public comments on the Draft SEIS starting with the date of publication of this Notice and ending on Monday, February 11, 2019. DOE will host three web-based public hearings to receive comments on the Draft SEIS. Comments submitted during this public comment period will be considered in preparation of the Final SEIS. DOE will consider late comments to the extent practicable. DOE will conduct web-based public comment hearings on the dates indicated below:

- **Tuesday, January 22, 2019 from 2:00–4:00 p.m., Web-based**
- **Wednesday, January 23, 2019 from 4:00–6:00 p.m., Web-based**
- **Thursday, January 24, 2019, from 7:00–9:00 p.m., Web-based**

**ADDRESSES:** Comments on the Draft SEIS may be submitted by any of the following methods:

- **Mail:** Ms. Jaffet Ferrer-Torres, Document Manager, Office of Environmental Management, Department of Energy, EM–4.22, 1000 Independence Avenue SW, Washington, DC 20585. Note: Comments submitted by U.S. Postal Service may be delayed by mail screening.

This NOA, the Environmental Protection Agency NOA, and the Draft SEIS will be posted on the DOE NEPA website at http://energy.gov/nepa. These documents, and additional materials relating to this Draft SEIS, will be also available on the DU Oxide SEIS website at: http://www.energy.gov/em/disposition-uranium-oxide-conversion-depleted-uranium-hexafluoride.

**FOR FURTHER INFORMATION CONTACT:** For further information about this Draft SEIS, please contact Ms. Jaffet Ferrer-Torres, U.S. Department of Energy at the mailing addresses listed in ADDRESSES.

For information on DOE’s NEPA process, please contact Mr. William Ostrum, Acting NEPA Compliance Officer, Office of Regulatory Compliance, U.S. Department of Energy, 1000 Independence Avenue SW, Washington, DC 20585; or email at askNEPA@hq.doe.gov.

**SUPPLEMENTARY INFORMATION:** The Draft SEIS has been prepared in accordance with Council on Environmental Quality (CEQ) and DOE NEPA implementing regulations at 40 CFR parts 1500–1508 and 10 CFR part 1021, respectively. The Draft SEIS evaluates the potential impacts from three Action Alternatives and the No Action alternative (in accordance with 40 CFR 1502.14). Under the No Action alternative, transportation to and disposal of the conversion product at an offsite low-level waste disposal facility would not occur and refilled cylinders of DU oxide conversion product would remain in storage at DOE’s Paducah and Portsmouth sites.
