I. Background

On December 11, 2018, the agencies signed a proposed rule defining the scope of waters federally regulated under the Clean Water Act, in light of the U.S. Supreme Court cases in *United States v. Riverside Bayview Homes*, *Solid Waste Agency of Northern Cook County v. United States*, and *Rapanos v. United States*, and consistent with Executive Order 13778, signed on February 28, 2017, entitled “Restoring the Rule of Law, Federalism, and Economic Growth by Reviewing the ‘Waters of the United States’ Rule.” The agencies are holding a public hearing in Kansas City, Kansas on January 23, 2019, to provide interested parties the opportunity to present data, views, or information concerning the proposed rule. The agencies have submitted the proposed rule to the Office of the Federal Register, and it will be published separately in the **Federal Register**. The comment period on the proposed action will end 60 days after the notice of proposed rulemaking publishes in the **Federal Register**. The pre-publication version of the proposed rule can be found at <https://www.epa.gov/wotus-rule/step-two-revise> and will be replaced with the official version of the notice after it publishes.
