SUPPLEMENTARY INFORMATION:

Background.—On September 4, 2008, the Department of Commerce published antidumping and countervailing duty orders on imports of certain off-the-road tires from China (73 FR 51624–51629). Following the first five-year reviews by Commerce and the Commission, effective February 4, 2014, Commerce issued a continuation of the antidumping and countervailing duty orders on imports of certain off-the-road tires from China (79 FR 6539). The Commission is now conducting second reviews pursuant to section 751(c) of the Act, as amended (19 U.S.C. 1675(c)), to determine whether revocation of the

orders would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. Provisions concerning the conduct of this proceeding may be found in the Commission's Rules of Practice and Procedure at 19 CFR parts 201, subparts A and B and 19 CFR part 207, subparts A and F. The Commission will assess the adequacy of interested party responses to this notice of institution to determine whether to conduct full or expedited reviews. The Commission's determinations in any expedited reviews will be based on the facts available, which may include information provided in response to this notice.

Definitions.—The following definitions apply to these reviews:

(1) *Subject Merchandise* is the class or kind of merchandise that is within the scope of the five-year reviews, as defined by the Department of Commerce.

(2) The *Subject Country* in these reviews is China.

(3) The *Domestic Like Product* is the domestically produced product or products which are like, or in the absence of like, most similar in characteristics and uses with, the *Subject Merchandise*. In its original determinations and its expedited first five-year review determinations, the Commission defined the *Domestic Like Product* as off-the-road tires coextensive with Commerce's scope. The Commission did not include C&M (construction and mining) tires of 39 inches and higher in the *Domestic Like Product*.

(4) The *Domestic Industry* is the U.S. producers as a whole of the *Domestic Like Product*, or those producers whose collective output of the *Domestic Like Product* constitutes a major proportion of the total domestic production of the product. In its original determinations and its expedited first five-year review determinations, the Commission defined the *Domestic Industry* as all domestic producers of off-the-road tires within the *Domestic Like Product*.

(5) An *Importer* is any person or firm engaged, either directly or through a parent company or subsidiary, in importing the *Subject Merchandise* into the United States from a foreign manufacturer or through its selling agent.

Participation in the proceeding and public service list.—Persons, including industrial users of the *Subject Merchandise* and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in the proceeding as parties
