      Applicable Regulations section of this notice.

   6. Data Universal Numbering System Number, Taxpayer Identification
      Number, and System for Award Management: To do business with the
      Department of Education, you must—
      a. Have a Data Universal Numbering System (DUNS) number and a Taxpayer
         Identification Number (TIN);
      b. Register both your DUNS number and TIN with the System for Award
         Management (SAM), the Government’s primary registrant database;
      c. Provide your DUNS number and TIN on your application; and
      d. Maintain an active SAM registration with current information while your application is under review
         by the Department and, if you are awarded a grant, during the project
         period.

   You can obtain a DUNS number from
   the following website: http://fedgov.dnb.com/ webform. A DUNS number can be
   created within one to two business days.

   If you are a corporate entity, agency, institution, or organization, you can
   obtain a TIN from the Internal Revenue Service. If you are an individual, you
   can obtain a TIN from the Internal Revenue Service or the Social Security
   Administration. If you need a new TIN, please allow two to five weeks for your
   TIN to become active.

   The SAM registration process can take approximately seven business days, but
   may take upwards of several weeks, depending on the completeness and
   accuracy of the data you enter into the
   SAM database. Thus, if you think you
   might want to apply for Federal
   financial assistance under a program
   administered by the Department, please
   allow sufficient time to obtain and
   register your DUNS number and TIN.
   We strongly recommend that you
   register early.

   If you are currently registered with
   SAM, you may not need to make any
changes. However, please make certain that the TIN associated with your DUNS number is correct. Also note that you will need to update your registration annually. This may take three or more business days.

Information about SAM is available at www.SAM.gov. To further assist you with obtaining and registering your DUNS number and TIN in SAM or updating your existing SAM account, we have prepared a SAM.gov Tip Sheet, which you can find at: www2.ed.gov/fund/grant/apply/sam-faqs.html.

Electronic Application System for Indian Education (EASIE): EASIE is an electronic application found in the EDFacts System Portal at https://eden.ed.gov. It is divided into two parts—EASIE Part I and EASIE Part II. EASIE Part I, student count, provides the appropriate data-entry screens to submit your verified, aggregated, Indian student count totals. All applicants must submit a current Indian student count for FY 2019. Applicants must use the Indian Student Eligibility Certification Form (ED 506 Form) to document eligible Indian students; however, BIE schools may use either the Indian School Equalization Program (ISEP) count or the ED 506 Form count to verify their Indian student counts. Applicants must protect the privacy of all individual data collected and only report aggregated data to the Secretary. Applicants that verify their Indian student count with the ED 506 Form must document their Indian student counts by completing the following:

(1) Each year, the applicant must verify there is a valid ED 506 Form for each Indian child included in the count; (2) all ED 506 Forms included in the count must be completed, signed, and dated by the parent, and be on file; (3) the applicant must maintain a copy of the student enrollment roster(s) covering the same period of time indicated in the application as the “count period”; and (4) each Indian child included in the count must be listed on the LEA’s enrollment roster(s) for at least one day during the count period.

BIE schools that enter an ISEP count to verify their Indian student count must use the most current Indian student count certified by the BIE. Once an Indian child is determined to be eligible to be counted for such grant award, the applicant must maintain a record of such determination and must not require a new or duplicate determination to be made for such child for a subsequent application for a grant under this program.

Applicants must also indicate the time span for the project objectives and corresponding activities and services for AI/AN students. Applicants can choose to set objectives that remain the same for up to four years in order to facilitate data collection and enhance long-term planning.

In EASIE Part II, all applicants must—(1) Select the type of program being submitted as either a regular formula grant program, formula grant project consolidated with a title I schoolwide program, or integration of services under section 6116 of the ESEA; (2) Select the grade levels offered by the LEA or BIE school; (3) Identify, from a list of possible Department grant programs [e.g., ESEA title I], the programs in the LEA that are currently coordinated with a title VI project, or with which the school district plans to coordinate during the project year, in accordance with section 6114(c)(5) of the ESEA, and describe the coordination of services for AI/AN students with other programs; (4) Describe the professional development opportunities that will be provided as part of your coordination of services to ensure that teachers and other school professionals who are new to the Indian community are prepared to work with Indian children, and that all teachers who will be involved in programs assisted by this grant have been properly trained to carry out such programs, as required by section 6114(b)(5); (5) Provide information on how the State assessment data of all Indian students (not just those served) are used. Indicate how you plan to disseminate information to the Indian community, parent committee, and Indian Tribes whose children are served by the LEA and how assessment data from the previous school year (SY) were used, as required by section 6114(b)(6) of the ESEA; (6) Indicate when the public hearing was held for SY 2019, as required by section 6114(c)(3)(C).

For an applicant that is a LEA, BIE school, a or consortium of LEAs or BIE schools, describe the process the applicant used to meaningfully collaborate with Indian Tribes located in the community in a timely, active, and ongoing manner in the development of the comprehensive program and the actions taken as a result of such collaboration (section 6114(b)(7)); (8) Identify specific project objectives that will further the goal of providing culturally responsive education for AI/AN students to meet their academic needs and help them meet State achievement standards (section 6115(b)), and identify the data sources that will be used to measure progress towards meeting project objectives; (9) For an LEA that selects a schoolwide application, identify how the use of such funds in a schoolwide program will produce benefits to Indian students that would not be achieved if the funds were not used in a schoolwide program (section 6115(c)(3)); (10) Submit a program budget based on the estimated grant amount that the EASIE system calculates from the Indian student count you submitted in EASIE Part I. After the initial grant amounts are determined, additional funds may become available due to such circumstances as withdrawn applications or reduction in an applicant’s student count. An applicant whose award amount increases or decreases more than $5,000 must submit a revised budget prior to receiving its grant award but will not need to re-certify its application. If an applicant’s award amount increases or decreases by less than $5,000, a budget update is not required. For an applicant that receives an increased award amount following submission of its original budget, the applicant must allocate the increased amount only to previously approved budget categories; (11) As required by section 427 of the General Education Provisions Act (GEPA), describe the steps the applicant proposes to take to ensure equitable access to, and participation in, the project or activity to be conducted with such assistance, by addressing the special needs of students, teachers, and other program beneficiaries in order to overcome barriers to equitable participation, including barriers based on gender, race, color, national origin, disability, and age; and (12) If needed, provide additional comments to assist OIE in the review of the application.

Registration for Formula Grant EASIE: Current, former, and new applicants interested in submitting a Formula Grant EASIE application must register for Formula Grant EASIE. Prior to the opening of EASIE Part I, EDFacts PSC will send a broadcast to prior year grantees and new prospective applicants that have contacted EDFacts PSC and registered for EASIE. All recipients who receive the EDFacts PSC’s broadcast will be asked to respond to EDFacts PSC directly to confirm their intent to register and make updates to the registration information. Entities are strongly encouraged to respond to the email to ensure that any potential registration issues are resolved prior to the deadline for the submission of an application. Entities that do not have an
active registration or are new applicants should contact the EDFacts PSC listed under FOR FURTHER INFORMATION CONTACT to register any time before the EASIE Part I application deadline date. Registration does not serve as the entity’s grant application. For assistance registering, contact the EDFacts PSC listed under FOR FURTHER INFORMATION CONTACT.

Certification for Formula Grant EASIE: The applicant’s authorized representative, who must be legally authorized by the applicant to approve the application, must certify EASIE Part I and Part II. Only users with the role type “managing user” or “certifying official user” in the EASIE system can certify an application. Each applicant should identify at least three system users, one for each of the following: Project director, authorized representative, and another party designated to answer questions in the event the project director is unavailable. The certification process ensures that the information in the application is true, reliable and valid. An applicant that provides a false statement in the application is subject to penalties under the False Claims Act, 18 U.S.C. 1001.

V. Grant Administration Information

1. Risk Assessment and Specific Conditions: Consistent with 2 CFR 200.205, before awarding grants under this program the Department conducts a review of the risks posed by applicants. Under 2 CFR 3474.10, the Secretary may impose specific conditions and, in appropriate circumstances, high-risk conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 2 CFR part 200, subpart D; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

2. Administrative and National Policy Requirements: We identify administrative and national policy requirements in the application package and reference these and other requirements in the Applicable Regulations section of this notice. We reference the regulations outlining the terms and conditions of a grant in the Applicable Regulations section of this notice.

3. Reporting: (a) If you apply for a grant under this program, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) You must submit an annual performance report (APR) using the EDFacts System Portal at https://eden.ed.gov, including financial information, as directed by the Secretary, within 90 days after the close of the grant year. The APR is located within the EDFacts System Portal under the EASIE Part III tab. Prior to the system being open to users, grantees will receive an email from the EDFacts PSC identifying the date that the APR will be available to grantees and the deadline for its transmission.

(c) Under 34 CFR 75.250(b), the Secretary may approve a data collection period for a grant for up to 72 months after the end of the project period and may provide a grantee with additional funding for the sole purpose of collecting, analyzing, and reporting performance measurement data regarding the project.

4. Performance Measures: The Secretary has established the following key performance measures for assessing the effectiveness and results of the Formula Grants program: (1) The percentage of AI/AN students in grades
four and eight who score at or above the basic level in reading on the National Assessment of Educational Progress (NAEP); (2) the percentage of AI/AN students in grades four and eight who score at or above the basic level in mathematics on the NAEP; (3) the percentage of AI/AN students in grades three through eight meeting State achievement standards by scoring at or above the proficient level in reading and mathematics on State assessments; (4) the difference between the percentage of AI/AN students in grades three through eight at or above the proficient level in reading and mathematics on State assessments and the percentage of all students scoring at those levels; (5) the percentage of AI/AN students who graduate from high school as measured by the four-year adjusted cohort graduation rate; and (6) the percentage of funds used by grantees prior to award close-out.

5. Integrity and Performance System:
If you receive an award under this grant program that over the course of the project period may exceed the simplified acquisition threshold (currently $250,000), under 2 CFR 200.205(a)(2) we must make a judgment about your integrity, business ethics, and record of performance under Federal awards—that is, the risk posed by you as an applicant—before we make an award. In doing so, we must consider any information about you that is in the integrity and performance system (currently referred to as the Federal Award Performance and Integrity Information System (FAPIIS)), accessible through SAM. You may review and comment on any information about yourself that a Federal agency previously entered and that is currently in FAPIIS.

Please note that, if the total value of your currently active grants, cooperative agreements, and procurement contracts from the Federal Government exceeds $10,000,000, the requirements in 2 CFR part 200, Appendix XII, require you to report certain integrity information to FAPIIS semiannually. Please review the requirements in 2 CFR part 200, Appendix XII, if this grant plus all the other Federal funds you receive exceed $10,000,000.
