SUPPLEMENTARY INFORMATION:

I. Background

The Institute of Museum and Library Services is the primary source of federal support for the nation's libraries and museums. We advance, support, and empower America's museums, libraries, and related organizations through grant making, research, and policy development. Our vision is a nation where museums and libraries work together to transform the lives of

individuals and communities. To learn more, visit www.imls.gov.

Current Actions: The Grants to States program is the largest grant program administered by IMLS. Through this program, IMLS provides financial assistance to develop library services throughout the States, U.S. Territories, and the Freely Associated States. IMLS funds support projects that, among other purposes, promote literacy and education; enhance and expand the services and resources provided by all types of libraries; enhance the skills of the current and future library workforce and leadership; develop public-private partnerships with other agencies and community-based organizations; and target library services to individuals with diverse geographic, cultural and socio-economic backgrounds, individuals with disabilities, and individuals from other underserved communities. The program recognizes the increasing importance of information technology by emphasizing programs that teach digital literacy skills; develop library services that provide all users with access to information through local, State, regional, national, and international collaborations and networks; and establish or enhance electronic and other linkages among and between libraries and other entities.

A State Library Administrative Agency ("SLAA") is the official agency of a State charged by law with the extension and development of public library services throughout the State. To receive funds under the Grants to States program, each SLAA must submit to the Director of IMLS a State Plan detailing certain goals, assurances, and procedures for a five-year period. A State Plan is a document that identifies a State's library needs, sets forth the activities to be taken toward meeting the identified needs supported with the assistance of Federal funds made available under subchapter II (Library Services and Technology, "LSTA") and provides assurances that the officially designated SLAA has the fiscal and legal authority and capability to administer all aspects of any award under the Grants to States program. The State Plan must also provide assurances for establishing the State's policies, priorities, criteria, and procedures necessary to the implementation of all programs under the LSTA.

IMLS authorizing legislation directs State Library Administrative Agencies (SLAAs) to "independently evaluate, and report to the Director regarding, the activities assisted under this subchapter, prior to the end of the Five Year Plan." This evaluation provides SLAAs an

opportunity to measure progress in meeting the goals set in their approved Five Year Plans with a framework to synthesize information across all state reports in telling a national story.
