

Commission staff estimates that these companies are not likely to fall within the RFA's definition of small⁴⁴ because holding companies of public utilities or natural gas pipelines are generally not small businesses. Finally, there are approximately 176 balancing authorities (NAICS code 221121) that are required to file Form No. 714. Of those balancing authorities, 33 percent (or approximately 58) are estimated to fall within the RFA's definition of small.

37. Accordingly, the Commission finds that the revised requirements set forth in this NOPR will not have a significant economic impact on a substantial number of small entities, and no regulatory flexibility analysis is required.

VI. Comment Procedures

38. The Commission invites interested persons to submit comments on the matters and issues proposed in this NOPR to be adopted, including any related matters or alternative proposals that commenters may wish to discuss. exempt portions of the Email Archive Management Records, STATE-01, from certain provisions of the Privacy Act of 1974.

DATES: Comments must be received on or before April 5, 2019.

ADDRESSES: You may view this proposed rule and submit your comments by visiting the *regulations.gov* website at *www.regulations.gov*, and searching for docket number DOS-2018-0010.

FOR FURTHER INFORMATION CONTACT: John C. Sullivan, Senior Agency Official for Privacy; Office of Global Information Services, A/GIS; Department of State, SA-2; 515 22nd Street NW; Washington, DC 20522-8001, or at *Privacy@state.gov* or on (202) 261-8407. Please include "RIN 1400-AE17 State-01" in subject line of your email.

SUPPLEMENTARY INFORMATION:

The Department of State maintains the Email Archive Management Records system of records. The primary purpose of this system of records is to capture emails and attachments that interact with a Department of State email account and to store them in a secure repository that allows for search, retrieval, and view when necessary.

The Department of State intends to amend 22 CFR 171.26 to exempt portions of the Email Archive Management Records system of records from the Privacy Act. The Email Archive Management Records can include all email messages and attachments in a specific employee's inbox. Any exemptions that the Department has claimed in connection with other systems of records could apply to records in the Email Archive Management Records, because similar records could be included in or attached to emails that were sent or received by a Department employee.

Records in the Email Archive Management Records are exempted from all subsections of the Privacy Act, except for subsections (b), (c)(1) and (2), (e)(4)(A) through (F), (e)(6), (7), (9), (10), and (11), and (i), to the extent that those records meet the criteria of subsection (j)(2).

Records also may be exempt from subsections (c)(3); (d); (e)(1); (e)(4)(G), (H), and (I); and (f) of the Privacy Act pursuant to 5 U.S.C. 552a(k)(1), (k)(2), (k)(3), (k)(4), (k)(5), (k)(6), and (k)(7). STATE-01 is exempted under subsection (k)(1) to the extent that records are subject to the provisions of 5 U.S.C. 552(b)(1). STATE-01 is exempted under subsection (k)(2) to the extent that records are comprised of investigatory material compiled for law enforcement purposes, subject to the

limitations set forth in subsection (k)(2). STATE-01 is exempted under subsection (k)(3) to the extent that records are related to providing protective services pursuant to 18 U.S.C. 3056. STATE-01 is exempted under subsection (k)(4) to the extent that records are required by statute to be maintained and are used solely as statistical records. STATE-01 is exempted under subsection (k)(5) to the extent that records consist of investigatory material compiled solely for the purpose of determining suitability, eligibility, or qualifications for federal civilian employment, military service, federal contracts, or access to classified information, but only to the extent that disclosure of such material would reveal the identity of a confidential informant. STATE-01 is exempted under subsection (k)(6) to the extent that records consist of testing or examination material used solely to determine individual qualifications for appointment or promotion in the federal service, the disclosure of which would compromise the objectivity or fairness of the testing or examination process. STATE-01 is exempted under subsection (k)(7) to the extent that records consist of evaluation material used to determine potential for promotion in the armed services, but only to the extent that such disclosure would reveal the identity of a confidential informant.
