

entitled “The Least Burdensome Provisions of the FDA Modernization Act of 1997: Concept and Principles” (October 4, 2002).

**II. Significance of Guidance**

This guidance is being issued consistent with FDA’s good guidance practices regulation (21 CFR 10.115). The guidance represents the current thinking of FDA on “The Least Burdensome Provisions: Concept and Principles.” It does not establish any rights for any person and is not binding on FDA or the public. You can use an alternative approach if it satisfies the requirements of the applicable statutes and regulations. This guidance is not subject to Executive Order 12866.

**III. Electronic Access**

Persons interested in obtaining a copy of the guidance may do so by downloading an electronic copy from the internet. A search capability for all Center for Devices and Radiological Health guidance documents is available at <https://www.fda.gov/MedicalDevices/DeviceRegulationandGuidance/GuidanceDocuments/default.htm>. This guidance document is also available at <https://www.regulations.gov> or <https://www.fda.gov/BiologicsBloodVaccines/GuidanceComplianceRegulatoryInformation/default.htm>. Persons unable to download an electronic copy of “The Least Burdensome Provisions: Concept and Principles; Guidance for Industry and

Food and Drug Administration Staff” may send an email request to [CDRH-Guidance@fda.hhs.gov](mailto:CDRH-Guidance@fda.hhs.gov) to receive an electronic copy of the document. Please use the document number 1332 to identify the guidance you are requesting.

**IV. Paperwork Reduction Act of 1995**

This guidance refers to previously approved collections of information. These collections of information are subject to review by the Office of Management and Budget (OMB) under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520). The collections of information in the following FDA regulations, guidance, form, and statutory provision have been approved by OMB as listed in the following table:

21 CFR part or section; guidance; FDA form; or statute	Topic	OMB control No.
820 .....	Quality System Regulation .....	0910–0073
812 .....	Investigational Device Exemption .....	0910–0078
807, subpart E .....	Premarket Notification .....	0910–0120
860.123 .....	Reclassification Petition .....	0910–0138
814, subparts A through E .....	Premarket Approval .....	0910–0231
814, subpart H .....	Humanitarian Device Exemption .....	0910–0332
806 .....	Medical Devices; Reports of Corrections and Removals .....	0910–0359
803 .....	Medical Device Reporting .....	0910–0437
822 .....	Postmarket Surveillance .....	0910–0449
Form FDA 3670 .....	Adverse Event Reports/MedSun Program .....	0910–0471
801 and 809 .....	Labeling .....	0910–0485
“Recommendations for Clinical Laboratory Improvement Amendments of 1988 (CLIA) Waiver Applications for Manufacturers of In Vitro Diagnostic Devices”.	CLIA Waiver .....	0910–0598

**DEPARTMENT OF HEALTH AND HUMAN SERVICES**  
**Health Resources and Services Administration**  
**Agency Information Collection Activities: Submission to OMB for Review and Approval; Public Comment Request; Information Collection Request Title: Telehealth Resource Center Performance Measurement Tool, OMB No. 0915–0361—Revision**  
**AGENCY:** Health Resources and Services Administration (HRSA), Department of Health and Human Services.  
**ACTION:** Notice.  
**SUMMARY:** In compliance with the Paperwork Reduction Act of 1995,

HRSA has submitted an Information Collection Request (ICR) to the Office of Management and Budget (OMB) for review and approval. Comments submitted during the first public review of this ICR will be provided to OMB. OMB will accept further comments from the public during the review and approval period.  
**DATES:** Comments on this ICR should be received no later than March 7, 2019.  
**ADDRESSES:** Submit your comments, including the Information Collection Request Title, to the desk officer for HRSA, either by email to [OIRA\\_submission@omb.eop.gov](mailto:OIRA_submission@omb.eop.gov) or by fax to (202) 395–5806.  
**FOR FURTHER INFORMATION CONTACT:** To request a copy of the clearance requests

submitted to OMB for review, email Lisa Wright-Solomon, the HRSA Information Collection Clearance Officer, at [paperwork@hrsa.gov](mailto:paperwork@hrsa.gov) or call (301) 443-1984.

**SUPPLEMENTARY INFORMATION:** When submitting comments or requesting information, please include the information request collection title for reference.

*Information Collection Request Title:* Telehealth Resource Center Performance Measurement Tool, OMB No. 0915-0361, Revision

*Abstract:* To ensure the best use of public funds and to meet the Government Performance Review Act requirements, the Office for the Advancement of Telehealth (OAT) in collaboration with the Telehealth Resource Centers (TRCs) created a set of performance measures that grantees can use to evaluate the technical assistance services provided by the TRCs. Grantee goals are to provide customized telehealth technical assistance across the country. The TRCs provide technical assistance to health care organizations, health care networks, and health care providers in the implementation of cost-effective telehealth programs to serve rural and medically underserved areas and populations.

*Need and Proposed Use of the Information:* In order to evaluate existing programs, data are submitted to OAT through HRSA’s Performance Improvement Management System (PIMS). The data are used to measure the effectiveness of the technical assistance. There are two data reporting periods each year; during these biannual reporting periods data are reported for the previous six months of activity. Programs have approximately six weeks to enter their data into the PIMS system during each biannual reporting period.

The instrument was developed with the following four goals in mind:

1. Improving access to needed services;

2. Reducing rural practitioner isolation;
3. Improving health system productivity and efficiency; and
4. Improving patient outcomes.

The TRCs currently report on existing performance data elements using PIMS. The performance measures are designed to assess how the TRC program is meeting its goals to:

1. Expand the availability of telehealth services in underserved communities;
2. Improve the quality, efficiency, and effectiveness of telehealth services;
3. Promote knowledge exchange and dissemination about efficient and effective telehealth practices and technology; and
4. Establish sustainable technical assistance (TA) centers providing quality, unbiased TA for the development and expansion of effective and efficient telehealth services in underserved communities.

Additionally, the PIMS tool allows OAT to:

1. Determine the value added from the TRC Cooperative Agreement;
2. Justify budget requests;
3. Collect uniform, consistent data which enables OAT to monitor programs;
4. Provide guidance to grantees on important indicators to track over time for their own internal program management;
5. Measure performance relative to the mission of OAT/HRSA as well as individual goals and objectives of the program;
6. Identify topics of interest for future special studies; and
7. Identify changes in healthcare needs within rural communities, allowing programs to shift focus in order to meet those needs.

This renewal request proposes changes to existing measures. After compiling data from the previous tool over the last three years, OAT

conducted an analysis of the data and compared the findings with the program needs. Based on the findings, the measures are being revised to better capture information necessary to measure the effectiveness of the program. The measure changes include: additional demographic details from organizations requesting technical assistance, streamlined methods of inquiry; additional topics of technical assistance inquiries aligning with the current telehealth landscape; streamlined types of services provided by the grantees; deletion of client satisfaction survey results; and deletion of telehealth sites developed as a result of grantee technical assistance. A 60-day **Federal Register** Notice was published in the **Federal Register** on April 9, 2018, vol. 83, No. 68; pp. 15164-65. There were no public comments.

*Likely Respondents:* The likely respondents will be telehealth associations, telehealth providers, rural health providers, clinicians that deliver services via telehealth, technical assistance providers, research organizations, and academic medical centers.

*Burden Statement:* Burden in this context means the time expended by persons to generate, maintain, retain, disclose, or provide the information requested. This includes the time needed to review instructions; to develop, acquire, install, and utilize technology and systems for the purpose of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information; to search data sources; to complete and review the collection of information; and to transmit or otherwise disclose the information. The total annual burden hours estimated for this ICR are summarized in the table below.

TOTAL ESTIMATED ANNUALIZED BURDEN—HOURS

Form name	Number of respondents	Number of responses per respondent	Total responses	Average burden per response (in hours)	Total burden hours
Telehealth Resource Center Performance Data Collection	14	42	588	0.07	41
Total .....	14	.....	588	.....	41

**DEPARTMENT OF HEALTH AND  
 HUMAN SERVICES**

**Health Resources and Services  
 Administration**

**Agency Information Collection  
 Activities: Proposed Collection: Public  
 Comment Request; Information  
 Collection Request Title: Medicare  
 Rural Hospital Flexibility Program  
 Performance, OMB No. 0915-0363—  
 Extension**

**AGENCY:** Health Resources and Services  
 Administration (HRSA), Department of  
 Health and Human Services.

**ACTION:** Notice.

**SUMMARY:** In compliance with the  
 requirement for opportunity for public  
 comment on proposed data collection  
 projects of the Paperwork Reduction Act  
 of 1995, HRSA announces plans to  
 submit an Information Collection  
 Request (ICR), described below, to the  
 Office of Management and Budget  
 (OMB). Prior to submitting the ICR to  
 OMB, HRSA seeks comments from the  
 public regarding the burden estimate,  
 below, or any other aspect of the ICR.

**DATES:** Comments on this ICR should be  
 received no later than April 8, 2019.

**ADDRESSES:** Submit your comments to  
*paperwork@hrsa.gov* or mail to Lisa  
 Wright-Solomon, the HRSA Information  
 Collection Clearance Officer, Room  
 14N136B, 5600 Fishers Lane, Rockville,  
 MD 20857.

**FOR FURTHER INFORMATION CONTACT:** To  
 request more information on the

proposed project or to obtain a copy of  
 the data collection plans and draft  
 instruments, email *paperwork@hrsa.gov*  
 or call Lisa Wright-Solomon, the HRSA  
 Information Collection Clearance Officer  
 at (301) 443-1984.

**SUPPLEMENTARY INFORMATION:** When  
 submitting comments or requesting  
 information, please include the  
 information request collection title for  
 reference.

*Information Collection Request Title:*  
 Medicare Rural Hospital Flexibility  
 Program Performance Measures, OMB  
 No. 0915-0363—Extension

*Abstract:* This information collection  
 comment request is for continued  
 approval of the Medicare Rural Hospital  
 Flexibility Program Performance  
 Measures. HRSA is proposing to  
 continue this data collection with no  
 changes. The current performance  
 measures are collected electronically in  
 the Performance Improvement and  
 Measurement System, which awardees  
 access securely through the HRSA  
 Electronic Handbooks.

The Medicare Rural Hospital  
 Flexibility Program (Flex Program) is  
 authorized by Section 1820 of the Social  
 Security Act (42 U.S.C. 1395i-4), as  
 amended. The purpose of the Flex  
 Program is to enable state designated  
 entities to support critical access  
 hospitals in quality improvement,  
 quality reporting, performance  
 improvement, and benchmarking; to  
 assist facilities seeking designation as  
 critical access hospitals; and to create a  
 program to establish or expand the  
 provision of rural emergency medical  
 services.

*Need and Proposed Use of the  
 Information:* For this program,  
 performance measures were developed  
 to provide data useful to the Flex  
 program and to enable HRSA to provide

aggregate program data required by  
 Congress under the Government  
 Performance and Results Modernization  
 Act of 2010 (GPRA). These measures  
 cover principal topic areas of interest to  
 the Federal Office of Rural Health  
 Policy, including: (a) Quality reporting,  
 (b) quality improvement interventions,  
 (c) financial and operational  
 improvement initiatives, (d) population  
 health management, and (e) innovative  
 care models. In addition to informing  
 the Office's progress toward meeting the  
 goals set in GPRA, the information is  
 important in identifying and  
 understanding programmatic  
 improvement across program areas, as  
 well as guiding future iterations of the  
 Flex Program and prioritizing areas of  
 need and support.

*Likely Respondents:* Respondents are  
 the Flex Program coordinators for the  
 states participating in the Flex Program.  
 There are currently 45 states  
 participating in the Flex Program.

*Burden Statement:* Burden in this  
 context means the time expended by  
 persons to generate, maintain, retain,  
 disclose, or provide the information  
 requested. This includes the time  
 needed to review instructions; to  
 develop, acquire, install, and utilize  
 technology and systems for the purpose  
 of collecting, validating and verifying  
 information, processing and  
 maintaining information, and disclosing  
 and providing information; to train  
 personnel and to be able to respond to  
 a collection of information; to search  
 data sources; to complete and review  
 the collection of information; and to  
 transmit or otherwise disclose the  
 information. The total annual burden  
 hours estimated for this ICR are  
 summarized in the table below.

TOTAL ESTIMATED ANNUALIZED BURDEN HOURS

Form name	Number of respondents	Number of responses per respondent	Total responses	Average burden per response (in hours)	Total Burden Hours
Medicare Rural Hospital Flexibility Program .....	45	1	45	70	3,150
Total .....	45	.....	45	.....	3,150
