SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–85021; File No. SR–NYSE–2018–58]

Self-Regulatory Organizations; New York Stock Exchange LLC; Order Approving a Proposed Rule Change To Amend Rule 123C To Extend the Cut-Off Times for Order Entry and Cancellation for Participation in the Closing Auction and When the Exchange Will Begin Disseminating Order Imbalance Information for the Closing Auction

January 31, 2019.

I. Introduction

On November 30, 2018, the New York Stock Exchange LLC (“Exchange” or “NYSE”) filed with the Securities and Exchange Commission (“Commission”), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹ and Rule 19b–4 thereunder,² a proposed rule change to amend NYSE Rule 123C (The Closing Procedures) to extend the cut-off times for order entry and cancellation for participation in the closing auction and to change the times during which the Exchange will disseminate order imbalance information for the closing auction. The proposed rule change was published for comment in the **Federal Register** on December 18, 2018.³ The Commission has received no comment letters on the proposal. This order approves the proposed rule change.

II. Description of the Proposed Rule Change

As described in more detail in the Notice, the Exchange proposes to amend NYSE Rule 123C (The Closing Procedures) to: (1) Extend the cut-off time for submitting and cancelling orders to participate in the closing auction, from 3:45 p.m. to 3:50 p.m.;⁴

(2) change the time for determining the “last sale price” for purposes of calculating the Mandatory MOC/LOC Imbalance Publication, from 3:45 p.m. to 3:50 p.m.;⁵ (3) change the time for Mandatory MOC/LOC Imbalance Publication, and publication of Order Imbalance Information, from 3:45 p.m. to 3:50 p.m.;⁶ and (4) extend the time during which Exchange systems would disseminate closing imbalances to NYSE floor brokers, from 2:00 p.m. to 3:45 p.m., to 2:00 p.m. to 3:50 p.m.⁷ As stated in the Notice, the Exchange also proposes to make non-substantive changes to NYSE Rule 123C. The proposal would not change how the Exchange conducts the closing auction.

III. Discussion and Commission Findings

After careful review of the proposed rule change, the Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange.⁸ In particular, the Commission finds that the proposed rule change is consistent Section 6(b)(5) of the Act,⁹ which requires that the rules of a national security exchange are designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

The Exchange asserts that the extension of the time frame for Exchange members to enter and cancel orders for the closing auction should allow Exchange members more control to conduct end-of-day trading, and that the additional time for publication of Informational Imbalance Publication until 3:50 p.m. and the publication of the Mandatory MOC/LOC Imbalance Publication, when required by NYSE rule, should help investors to better understand imbalance and manage their orders. The Commission notes that the proposal is consistent with the rules of

other national securities exchanges with respect to order cut-off times,¹⁰ and that the Commission recently approved a proposed rule change by the Nasdaq Stock Market LLC to move the cut-off times for the entry of Market on Close and Limit on Close orders from 3:50 p.m. to 3:55 p.m.¹¹ The Commission also believes that it is appropriate, when changing order cut-off times, to make corresponding changes relating to the dissemination of order imbalance information.

IV. Conclusion

It is Therefore Ordered that, pursuant to Section 19(b)(2) of the Act,¹² the proposed rule change (SR–NYSE–2018–58) be, and it hereby is, approved.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹³

Deputy Secretary.

Authority for Conducting the Matching Program

The legal authority for SSA to conduct this matching activity for SSI purposes is section 1631(e)(1)(B) and (f) of the Social Security Act (Act) (42 U.S.C. 1383(e)(1)(B) and (f)), and for SVB purposes, is section 806 of the Act (42 U.S.C. 1006). The legal authority for SSA to conduct this matching activity for OASDI includes Section 224 of the Act (42 U.S.C. 424a), which provides for

the reduction of Social Security disability benefits when the disabled worker is also entitled to a Public Disability Benefit (PDB). Also, Section 215a(7)(A) of the Act (42 U.S.C. 415) requires a modification to the computation formula reducing the Primary Insurance Amount of a retired and disabled worker entitled to a pension from employment not covered under Social Security. Section 202k(5)(A) (42 U.S.C. 402) provides for the reduction of spouse's and survivor's benefits by a percentage of a pension received based on work not covered by Social Security.

Section 1631(f) of the Act (42 U.S.C. 1383(f)) requires Federal agencies to furnish SSA with information necessary to verify eligibility. Section 224(h)(1) of the Act (42 U.S.C. 424a(h)(1)) requires any Federal agency to provide SSA with information in its possession that SSA may require for the purposes of making a timely determination of the amount of reduction under section 224 of the Act (42 U.S.C. 424a).

Purpose(s)

The purpose of this agreement is to set forth the terms, conditions, and safeguards under which OPM will disclose civil service benefit and payment data to SSA. SSA is legally required to offset specific benefits by a percentage of civil service benefits received (Spousal and Survivors benefits, SSI benefits, and Retirement and Disability Insurance Benefits are offset by a percentage of the recipients own Federal Government pension benefits). SSA administers the OASDI, SSI, and SVB programs. SSA will use the match results under this agreement to meet its civil service benefit offset obligations. Appendices A, B, C, and D of this agreement contain specific information on the matching programs that SSA will conduct under this agreement. SSA's OCA will also use OPM's data for statistical and research purposes in tracking the size of, and impact on, subpopulations of government annuitants affected by the GPO, the WEP, and in cost estimates of proposals to change the two provisions.

Categories of Individuals

The individuals whose information is involved in this matching program are those individuals who are receiving civil service benefits and payments, and either Spousal and Survivors benefits, SSI or SVB benefits, or Retirement and Disability Insurance benefits.

Categories of Records

OPM will provide SSA with an electronic file containing civil service

benefit and payment data from the annuity and survivor master file. Each month, OPM will provide SSA with an electronic file that will include updated payment information for new civil service annuitants and annuitants whose civil service annuity has changed. This monthly file contains approximately 25,000 records. OPM will provide SSA with the entire master annuity file of approximately 2.7 million records once yearly for the month of the civil service cost-of-living allowance. OPM will furnish SSA with the following civil service benefit and payment data: Name; Social Security number (SSN); date of birth; civil service claim number; first potential month and year of eligibility; first month, day, and year of entitlement; amount of current gross civil service benefits; effective date (month, day, and year) of civil service amount; SSNs for disabled children; retroactive payments; and payments that are currently coded 'special pay.'

SSA will attempt to verify the SSNs furnished by OPM using the SSA Enumeration System database and the individuals' name, date of birth, and SSN. SSA will only use verified SSNs in the matches with its systems of records (SOR). SSA will match the SSN-verified OPM data against the Supplemental Security Record and Master Beneficiary Record to identify: SSI/SVB recipients who are also receiving a civil service pension; individuals who may be subject to PDB offset; and beneficiaries subject to a Federal pension offset.

System(s) of Records

OPM will provide SSA with monthly electronic files from the OPM SOR published as OPM/Central-1 (Civil Service Retirement and Insurance Records), as amended on March 20, 2008 (73 FR 15013). SSA will conduct the match using the individual's SSN, name, and date of birth on both the OPM file and SSA's databases covered under the following SSA SORs: the Master Files of Social Security Number (SSN) Holders and SSN Applications (Enumeration System), 60-0058, as published at 75 FR 82121 (December 29, 2010), as amended at 78 FR 40542 (July 5, 2013), 79 FR 8780 (February 13, 2014), 83 FR 31250-31251 (July 3, 2018), and 83 FR 54969 (November 1, 2018); the Master Beneficiary Record (MBR), 60-0090, as published at 71 FR 1826 (January 11, 2006), as amended at 72 FR 69723 (December 10, 2007), 78 FR 40542 (July 5, 2013), 83 FR 31250-31251 (July 3, 2018), and 83 FR 54969 (November 1, 2018); and the Supplemental Security Income Record

and Special Veterans Benefits (SSR/SVB), 60–0103, as published at 71 FR 1830 (January 11, 2006), as amended at 72 FR 69723 (December 10, 2007), 83 FR 31250–31251 (July 3, 2018), and 83 FR 54969 (November 1, 2018).

Good cause: This Committee's charter expired on January 27, 2019. The Department was unable to renew the Committee's charter prior to the expiration date due to the recent lapse in federal government appropriations. The United States government, through the Committee, solicits the views of interested members of the public on a wide range of technical issues connected with international shipping safety, security, and environmental protection. Generally, meetings are convened prior to meetings of the IMO and other international meetings as necessary to discuss and make recommendations to the Secretary of State and to guide the U.S. delegations.

Any determinations of action to be taken as a result of the work of the Committee shall be made by the Chairman or other appropriate full-time salaried United States government officials.
