Magnesium From Israel: Postponement of Preliminary Determination in the Countervailing Duty Investigation

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: Applicable February 6, 2019.

FOR FURTHER INFORMATION CONTACT: Lana Nigro or Ethan Talbott, AD/CVD Operations, Office I, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone (202) 482-1779 or (202) 482-1030, respectively.

SUPPLEMENTARY INFORMATION:

Background

On November 13, 2018, the Department of Commerce (Commerce) initiated a countervailing duty (CVD) investigation of imports of magnesium from Israel.¹ The preliminary

determination was due no later than January 17, 2019. Commerce exercised its discretion to toll all deadlines affected by the partial federal government closure from December 22, 2018, through the resumption of operations on January 29, 2019.² As a result, the deadline for the preliminary determination was revised to February 26, 2019.

Postponement of Preliminary Determination

Section 703(b)(1) of the Tariff Act of 1930, as amended (the Act), requires the

Department to issue the preliminary determination in a countervailing duty investigation within 65 days after the date on which Commerce initiated the investigation. However, section 703(c)(1) of the Act permits Commerce to postpone the preliminary determination until no later than 130 days after the date on which Commerce initiated the investigation if: (A) The petitioner³ makes a timely request for a postponement; or (B) Commerce concludes that the parties concerned are cooperating, that the investigation is extraordinarily complicated, and that additional time is necessary to make a preliminary determination. Under 19 CFR 351.205(e), the petitioner must submit a request for postponement 25 days or more before the scheduled date of the preliminary determination and must state the reasons for the request. Commerce will grant the request unless it finds compelling reasons to deny the request.

On December 18, 2018, the petitioner submitted a timely request that Commerce postpone the preliminary CVD determination.⁴ The petitioner stated that it requests postponement so that all parties have sufficient time to develop the record in this investigation.⁵ In accordance with 19 CFR 351.205(e), the petitioner has stated the reasons for requesting a postponement of the preliminary determination, and Commerce finds no compelling reason to deny the request. Therefore, in accordance with section 703(c)(1)(A) of the Act, Commerce is

All deadlines in this segment of the proceeding have been extended by 40 days.

fully extending the deadline for the preliminary determination. Because, as noted above, Commerce tolled the original deadline for the preliminary determination to account for the partial federal government shutdown, the extension is effectively 65 days from the revised deadline for the preliminary determination of February 26, 2019. As a result, the preliminary determination will be due not later than May 2, 2019.⁶ Pursuant to section 705(a)(1) of the Act and 19 CFR 351.210(b)(1), the deadline for the final determination of this investigation will continue to be 75 days after the date of the preliminary determination.

This notice is issued and published pursuant to section 703(c)(2) of the Act and 19 CFR 351.205(f)(1).

Common Alloy Aluminum Sheet From the People's Republic of China: Countervailing Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: Based on affirmative final determinations by the Department of Commerce (Commerce) and the International Trade Commission (ITC), Commerce is issuing a countervailing duty order on common alloy aluminum sheet (common alloy sheet) from the People's Republic of China (China).

DATES: Applicable February 6, 2019.

FOR FURTHER INFORMATION CONTACT: Yasmin Bordas, AD/CVD Operations, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone (202) 482-3813.

SUPPLEMENTARY INFORMATION:

Background

On November 15, 2018, Commerce published its final determination in the countervailing duty investigation of

⁶ This postponement includes the 40-day extension granted as a result of the partial federal government shutdown.

common alloy sheet from China.¹ On January 30, 2019, the ITC notified Commerce of its final determination, pursuant to section 705(d) of the Tariff Act of 1930, as amended (the Act), that an industry in the United States is materially injured within the meaning of section 705(b)(1)(A)(i) of the Act, by reason of subsidized imports of common alloy sheet from China.² Further, the ITC determined that critical circumstances do not exist with respect to imports of common alloy sheet from China.

Scope of the Order

The product covered by this order is common alloy sheet from China. For a complete description of the scope of this order, see the Appendix to this notice.

Countervailing Duty Order

On January 30, 2019, in accordance with section 705(d) of the Act, the ITC notified Commerce of its final determination in this investigation, in which it found that imports of common alloy sheet are materially injuring a U.S. industry.³ Therefore, in accordance with section 705(c)(2) of the Act, we are publishing this countervailing duty order.

As a result of the ITC’s final determination, in accordance with section 706(a) of the Act, Commerce will direct U.S. Customs and Border Protection (CBP) to assess, upon further instruction by Commerce, countervailing duties on unliquidated entries of subject merchandise from China entered, or withdrawn from warehouse, for consumption on or after April 23, 2018, the date on which Commerce published its preliminary countervailing duty determination in the **Federal Register**,⁴ and before August 20, 2018, the effective date on which Commerce instructed CBP to discontinue the suspension of liquidation in accordance with section 703(d) of the Act. Section 703(d) of the

Act states that the suspension of liquidation pursuant to a preliminary determination may not remain in effect for more than four months. Therefore, entries of subject merchandise from China made on or after August 20, 2018, and prior to the date of publication of the ITC’s final determination in the **Federal Register** are not liable for the assessment of countervailing duties due to Commerce’s discontinuation of the suspension of liquidation.

Suspension of Liquidation

In accordance with section 706 of the Act, Commerce will direct CBP to reinstitute the suspension of liquidation of subject merchandise from China, effective the date of publication of the ITC’s notice of final determination in the **Federal Register**, and to assess, upon further instruction by Commerce pursuant to section 706(a)(1) of the Act, countervailing duties for each entry of the subject merchandise in an amount based on the net countervailable subsidy rates for the subject merchandise. On or after the date of publication of the ITC’s final injury determination in the **Federal Register**, we will instruct CBP to require, at the same time as importers would normally deposit estimated duties on this merchandise, cash deposits for each entry of subject merchandise equal to the rates noted below. These instructions suspending liquidation will remain in effect until further notice. The all-others rate applies to all producers or exporters not specifically listed, as appropriate.

Company	Subsidy rate (percent)
Chalco Ruimin Co., Ltd	116.49
Chalco-SWA Cold Rolling Co., Ltd	116.49
Henan Mingtai Industrial Co., Ltd./Zhengzhou Mingtai Industry Co., Ltd ⁵	46.48
Yong Jie New Material Co., Ltd ⁶	55.02
All-Others	50.75

Critical Circumstances

With regard to the ITC’s negative critical circumstances determination on imports of common alloy sheet from China, we will instruct CBP to lift suspension and to refund any cash

deposits made to secure the payment of estimated countervailing duties with respect to entries of subject merchandise ordered, or withdrawn from warehouse, for consumption on or after January 23, 2018 (*i.e.*, 90 days prior to the date of publication of the *Preliminary Determination*) but before April 23, 2018 (*i.e.*, the date of publication of the *Preliminary Determination*).

Notifications to Interested Parties

This notice constitutes the countervailing duty order with respect to common alloy sheet from China pursuant to section 706(a) of the Act. Interested parties can find a list of countervailing duty orders currently in effect at <http://enforcement.trade.gov/stats/iastatsl.html>.

This order is issued and published in accordance with section 706(a) of the Act and 19 CFR 351.211(b).

Dated: January 31, 2019.

Christian Marsh,
Deputy Assistant Secretary for Enforcement and Compliance.

With respect to not clad aluminum sheet, common alloy sheet is manufactured from a 1XXX-, 3XXX-, or 5XXX-series alloy as designated by the Aluminum Association. With respect to multi-alloy, clad aluminum sheet, common alloy sheet is produced from a 3XXX-series core, to which cladding layers are applied to either one or both sides of the core.

Common alloy sheet may be made to ASTM specification B209–14, but can also be made to other specifications. Subject merchandise includes common alloy sheet that has been further processed in a third country, including but not limited to annealing, tempering, painting, varnishing, trimming, cutting, punching, and/or slitting, or any other processing that would not otherwise remove the merchandise from the scope of the order if performed in the country of manufacture of the common alloy sheet.

Excluded from the scope of the order is aluminum can stock, which is suitable for use in the manufacture of aluminum beverage cans, lids of such cans, or tabs used to open such cans. Aluminum can stock is produced to gauges that range from 0.200 mm to 0.292 mm, and has an H–19, H–41, H–48, or H–391 temper. Initiation of Antidumping and Countervailing Duty Administrative Reviews

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) has received requests to conduct administrative reviews of various antidumping and countervailing duty orders and findings with November anniversary dates. In accordance with Commerce's regulations, we are initiating those administrative reviews.

DATES: Applicable February 6, 2019.

FOR FURTHER INFORMATION CONTACT: Brenda E. Brown, Office of AD/CVD Operations, Customs Liaison Unit, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230, telephone: (202) 482-4735.

SUPPLEMENTARY INFORMATION:

Background

Commerce has received timely requests, in accordance with 19 CFR 351.213(b), for administrative reviews of various antidumping and countervailing duty orders and findings with November anniversary dates.

All deadlines for the submission of various types of information,

certifications, or comments or actions by Commerce discussed below refer to the number of calendar days from the applicable starting time.

Notice of No Sales

If a producer or exporter named in this notice of initiation had no exports, sales, or entries during the period of review (POR), it must notify Commerce within 30 days of publication of this notice in the **Federal Register**. All submissions must be filed electronically at <http://access.trade.gov> in accordance with 19 CFR 351.303.¹ Such submissions are subject to verification in accordance with section 782(i) of the Tariff Act of 1930, as amended (the Act). Further, in accordance with 19 CFR 351.303(f)(1)(i), a copy must be served on every party on Commerce's service list.

Respondent Selection

In the event Commerce limits the number of respondents for individual examination for administrative reviews initiated pursuant to requests made for the orders identified below, Commerce intends to select respondents based on U.S. Customs and Border Protection (CBP) data for U.S. imports during the period of review. We intend to place the CBP data on the record within five days of publication of the initiation notice and to make our decision regarding respondent selection within 30 days of publication of the initiation **Federal Register** notice. Comments regarding the CBP data and respondent selection should be submitted seven days after the placement of the CBP data on the record of this review. Parties wishing to submit rebuttal comments should submit those comments five days after the deadline for the initial comments.

In the event Commerce decides it is necessary to limit individual examination of respondents and conduct respondent selection under section 777A(c)(2) of the Act:

In general, Commerce has found that determinations concerning whether particular companies should be "collapsed" (e.g., treated as a single entity for purposes of calculating antidumping duty rates) require a substantial amount of detailed information and analysis, which often require follow-up questions and analysis. Accordingly, Commerce will not conduct collapsing analyses at the respondent selection phase of this review and will not collapse companies

at the respondent selection phase unless there has been a determination to collapse certain companies in a previous segment of this antidumping proceeding (e.g., investigation, administrative review, new shipper review or changed circumstances review). For any company subject to this review, if Commerce determined, or continued to treat, that company as collapsed with others, Commerce will assume that such companies continue to operate in the same manner and will collapse them for respondent selection purposes. Otherwise, Commerce will not collapse companies for purposes of respondent selection. Parties are requested to (a) identify which companies subject to review previously were collapsed, and (b) provide a citation to the proceeding in which they were collapsed. Further, if companies are requested to complete the Quantity and Value (Q&V) Questionnaire for purposes of respondent selection, in general each company must report volume and value data separately for itself. Parties should not include data for any other party, even if they believe they should be treated as a single entity with that other party. If a company was collapsed with another company or companies in the most recently completed segment of this proceeding where Commerce considered collapsing that entity, complete Q&V data for that collapsed entity must be submitted.

Deadline for Withdrawal of Request for Administrative Review

Pursuant to 19 CFR 351.213(d)(1), a party that has requested a review may withdraw that request within 90 days of the date of publication of the notice of initiation of the requested review. The regulation provides that Commerce may extend this time if it is reasonable to do so. Determinations by Commerce to extend the 90-day deadline will be made on a case-by-case basis.

Deadline for Particular Market Situation Allegation

Section 504 of the Trade Preferences Extension Act of 2015 amended the Act by adding the concept of particular market situation (PMS) for purposes of constructed value under section 773(e) of the Act.² Section 773(e) of the Act states that "if a particular market situation exists such that the cost of materials and fabrication or other processing of any kind does not accurately reflect the cost of production in the ordinary course of trade, the administering authority may use
