Foreign-Trade Zone (FTZ) 106—Oklahoma City, Oklahoma; Notification of Proposed Production Activity; Xerox Corporation (Polyester Latex for Printer/Copier Toner); Oklahoma City, Oklahoma

The Port Authority of Greater Oklahoma City, grantee of FTZ 106, submitted a notification of proposed production activity to the FTZ Board on behalf of Xerox Corporation (Xerox), located in Oklahoma City, Oklahoma. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on December 17, 2018.

Xerox already has authority to produce bulk toner and toner cartridges within Subzone 106D. Xerox has changed its production process and is no longer producing bulk toner and toner cartridges at its Oklahoma City facility. The facility is currently used for the production of polyester latex for printer/copier toner. The current request would add a finished product and foreign status materials/components to the scope of authority. Pursuant to 15 CFR 400.14(b), additional FTZ activity would be limited to the specific foreign-status materials and components and specific finished product described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt Xerox from customs duty payments on the foreign-status components used in export production. On its domestic sales, for the foreign-status materials/components noted below, Xerox would be able to choose the duty rate during customs entry procedures that apply to polyester latex (duty rate 5.1%). Xerox would be able to avoid duty on foreign-status components which become scrap/waste. Customs duties also could possibly be deferred or reduced on foreign-status production equipment.

The components and materials sourced from abroad include dodecanedioic acid, nonanediol, and dodecylbenzenesulfonic acid sodium salt (duty rates range from 4% to 6.5%). The request indicates that certain

materials/components are subject to special duties under Section 301 of the Trade Act of 1974 (Section 301), depending on the country of origin. The applicable Section 301 decisions require subject merchandise to be admitted to FTZs in privileged foreign status (19 CFR 146.41).

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is March 18, 2019.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230-0002, and in the "Reading Room" section of the Board's website, which is accessible via www.trade.gov/ftz.

Magnesium From Israel: Postponement of Preliminary Determination in the Countervailing Duty Investigation

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: Applicable February 6, 2019.

FOR FURTHER INFORMATION CONTACT: Lana Nigro or Ethan Talbott, AD/CVD Operations, Office I, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone (202) 482-1779 or (202) 482-1030, respectively.

SUPPLEMENTARY INFORMATION:

Background

On November 13, 2018, the Department of Commerce (Commerce) initiated a countervailing duty (CVD) investigation of imports of magnesium from Israel.¹ The preliminary

determination was due no later than January 17, 2019. Commerce exercised its discretion to toll all deadlines affected by the partial federal government closure from December 22, 2018, through the resumption of operations on January 29, 2019.² As a result, the deadline for the preliminary determination was revised to February 26, 2019.

Postponement of Preliminary Determination

Section 703(b)(1) of the Tariff Act of 1930, as amended (the Act), requires the

Department to issue the preliminary determination in a countervailing duty investigation within 65 days after the date on which Commerce initiated the investigation. However, section 703(c)(1) of the Act permits Commerce to postpone the preliminary determination until no later than 130 days after the date on which Commerce initiated the investigation if: (A) The petitioner³ makes a timely request for a postponement; or (B) Commerce concludes that the parties concerned are cooperating, that the investigation is extraordinarily complicated, and that additional time is necessary to make a preliminary determination. Under 19 CFR 351.205(e), the petitioner must submit a request for postponement 25 days or more before the scheduled date of the preliminary determination and must state the reasons for the request. Commerce will grant the request unless it finds compelling reasons to deny the request.

On December 18, 2018, the petitioner submitted a timely request that Commerce postpone the preliminary CVD determination.⁴ The petitioner stated that it requests postponement so that all parties have sufficient time to develop the record in this investigation.⁵ In accordance with 19 CFR 351.205(e), the petitioner has stated the reasons for requesting a postponement of the preliminary determination, and Commerce finds no compelling reason to deny the request. Therefore, in accordance with section 703(c)(1)(A) of the Act, Commerce is

All deadlines in this segment of the proceeding have been extended by 40 days.

fully extending the deadline for the preliminary determination. Because, as noted above, Commerce tolled the original deadline for the preliminary determination to account for the partial federal government shutdown, the extension is effectively 65 days from the revised deadline for the preliminary determination of February 26, 2019. As a result, the preliminary determination will be due not later than May 2, 2019.⁶ Pursuant to section 705(a)(1) of the Act and 19 CFR 351.210(b)(1), the deadline for the final determination of this investigation will continue to be 75 days after the date of the preliminary determination.

This notice is issued and published pursuant to section 703(c)(2) of the Act and 19 CFR 351.205(f)(1).

Dated: January 31, 2019.

Deputy Assistant Secretary for Enforcement and Compliance.
