

28, 2019, to provide interested parties the opportunity to present data, views, or information concerning the proposed rule. The agencies have submitted the proposed rule to the Office of the Federal Register, and it will be published separately in the **Federal Register**. The comment period on the proposed action will end 60 days after the notice of proposed rulemaking publishes in the **Federal Register**. The pre-publication version of the proposed rule can be found at <https://www.epa.gov/wotus-rule/step-two-revise> and will be replaced with the official version of the notice after it publishes.

II. Public Participation

A. Participation in Public Hearing

The public is invited to speak during the public hearing on February 27 and 28, 2019. The agencies will begin pre-registering speakers for the hearing upon signature of this document. Those interested in speaking at the hearing can sign up for a three-minute speaking slot within an identified 45-minute timeframe. To register to speak at the hearing, please use the online registration form available at <https://www.epa.gov/wotus-rule/proposed-revised-definition-wotus-public-hearing>. The last day to pre-register to speak at the hearing will be February 21, 2019. On February 26, 2019, the agencies will post a general agenda for the hearing that will list pre-registered speakers in approximate order at: <https://www.epa.gov/wotus-rule/proposed-revised-definition-wotus-public-hearing>.

The agencies will make every effort to follow the schedule as closely as possible on the day of the hearing; however, please plan for the hearings to run either ahead of schedule or behind schedule. Additionally, requests to speak will be taken the day of the hearing at the hearing registration desk. The agencies will make every effort to accommodate all speakers who arrive and register, although preferences on speaking times may not be available.

Each commenter will have three minutes to provide oral testimony. The agencies encourage commenters to provide the agencies with a copy of their oral testimony electronically (via email) or in hard copy form.

The agencies may ask clarifying questions during the oral presentations but will not respond to the presentations at that time. Written statements and supporting information submitted during the comment period will be considered with the same weight as oral comments and supporting information presented at the public hearing. Written comments must be

received by the last day of the comment period, as specified in the notice of proposed rulemaking. Verbatim transcripts of the hearing and written statements will be included in the docket for the rulemaking.

Please note that any updates made to any aspect of the hearing will be posted online at <https://www.epa.gov/wotus-rule/proposed-revised-definition-wotus-public-hearing>. While the agencies expect the hearing to go forward as set forth above, please monitor our website for any updates. The agencies do not intend to publish a document in the **Federal Register** announcing updates.

The agencies will not provide audiovisual equipment for presentations. Any media presentations should be submitted to the public docket at <https://www.regulations.gov/>, identified by Docket ID No. EPA-HQ-OW-2018-0149. A sign language interpreter will be available for the hearing. If you require the service of a translator or other special accommodations such as audio description, please pre-register for the hearing and describe your needs by February 20, 2019. We may not be able to arrange accommodations without advanced notice.
