

Statutory provision	Statutory amount	2019–2020 limit
52 U.S.C. 30116(a)(1)(A)	\$2,000	\$2,800
52 U.S.C. 30116(a)(1)(B)	25,000	35,500
52 U.S.C. 30116(h)	35,000	49,600

The limitation at 52 U.S.C. 30116(a)(1)(A) is to be in effect for the two-year period beginning on the first day following the date of the general election in the preceding year and ending on the date of the next regularly scheduled election. Thus the \$2,800 figure above is in effect from November 7, 2018, to November 3, 2020. The limitations under 52 U.S.C. 30116(a)(1)(B) and 30116(h) shall be in effect beginning January 1st of the odd-numbered year and ending on December 31st of the next even-numbered year. Thus the new contribution limitations under 52 U.S.C. 30116(a)(1)(B) and 30116(h) are in effect from January 1, 2019, to December 31, 2020. See 11 CFR 110.17(b)(1).

Lobbyist Bundling Disclosure Threshold for 2019

The Act requires certain political committees to disclose contributions bundled by lobbyists/registrants and lobbyist/registrant political action committees once the contributions exceed a specified threshold amount. 52 U.S.C. 30104(i)(1), (3)(A). The Commission must adjust this threshold amount annually to account for inflation. 52 U.S.C. 30104(i)(1). The disclosure threshold is increased by multiplying the \$15,000 statutory disclosure threshold by 1.24558, the difference between the price index, as certified to the Commission by the Secretary of Labor, for the 12 months preceding the beginning of the calendar year and the price index for the base period (calendar year 2006). The resulting amount is rounded to the nearest multiple of \$100. See 52 U.S.C. 30104(i)(3), 30116(c)(1)(B); 11 CFR 104.22(g). Based upon this formula (\$15,000 × 1.24558), the lobbyist bundling disclosure threshold for calendar year 2019 is \$18,700.

On behalf of the Commission.

FEDERAL MARITIME COMMISSION

[DOCKET NO. 19–02]

Toyota de Puerto Rico, Corp., Complainant v. Puerto Rico Ports Authority, Crowley Puerto Rico Services, Inc., and Oceanic General Agency Inc., Respondents; Notice of Filing of Complaint and Assignment

Served: February 4, 2019.

Notice is given that a complaint has been filed with the Federal Maritime Commission (Commission) by Toyota de Puerto Rico, Corp., hereinafter “Complainant,” against Puerto Rico Ports Authority, Crowley Puerto Rico Services, Inc., and Oceanic General Agency Inc., hereinafter “Respondents.” Complainant states that it “. . . is a corporation duly organized under the laws of the Commonwealth of Puerto Rico. . . .” Complainant states that Respondent Puerto Rico Ports Authority “. . . is a public corporation responsible for managing the San Juan ports facilities, including the terminals where containerized cargo is received.” Complainant states that Respondents Crowley Puerto Rico Services, Inc., and Oceanic General Agency Inc. are “. . . corporation(s) duly organized under the laws of the Commonwealth of Puerto Rico. . . .”

Complainant alleges that it was charged the Enhanced Security Fee by and through Respondents, after a U.S. District Court found that fee to be unconstitutional as it applied to customers such as the Complainant whose cargo did not undergo security scanning. Complainant further alleges that “this was the normal, customary and continuous practice until 2017, and impacted Toyota as a shipper.”

Complainant states that it “. . . seeks reparations for the injury caused to Toyota by Respondents through violations of the prohibitions against undue, unfair, unjust and unreasonably discriminatory and prejudicial practices that apply to marine terminal operators and common carriers under the Shipping Act of 1984, 46 U.S.C. 41102(c), 41104(4), (5) and (9), and 41106 (2).”

Complainant seeks reparations in the amount of \$1,166,952.59, and other relief. The full text of the complaint can be found in the Commission’s Electronic Reading Room at www.fmc.gov/19-02/.

This proceeding has been assigned to the Office of Administrative Law Judges. The initial decision of the presiding officer in this proceeding shall be issued by February 4, 2020, and the final decision of the Commission shall be issued by August 18, 2020.

SUPPLEMENTARY INFORMATION: On June 15, 1984, the Office of Management and Budget (OMB) delegated to the Board authority under the Paperwork Reduction Act (PRA) to approve and assign OMB control numbers to collection of information requests and requirements conducted or sponsored by the Board. In exercising this delegated authority, the Board is directed to take every reasonable step to solicit comment. In determining whether to approve a collection of information, the Board will consider all comments received from the public and other agencies.

Request for Comment on Information Collection Proposal

The Board invites public comment on the following information collection, which is being reviewed under

authority delegated by the OMB under the PRA. Comments are invited on the following:

a. Whether the proposed collection of information is necessary for the proper performance of the Board's functions, including whether the information has practical utility;

b. The accuracy of the Board's estimate of the burden of the proposed information collection, including the validity of the methodology and assumptions used;

c. Ways to enhance the quality, utility, and clarity of the information to be collected;

d. Ways to minimize the burden of information collection on respondents, including through the use of automated collection techniques or other forms of information technology; and

e. Estimates of capital or startup costs and costs of operation, maintenance, and purchase of services to provide information.

At the end of the comment period, the comments and recommendations received will be analyzed to determine the extent to which the Board should modify the proposal.

Proposal Under OMB Delegated Authority To Extend for Three Years, With Revision, the Following Information Collection

Report title: The Central Bank Survey of Foreign Exchange and Derivatives Market Activity.

Agency form number: FR 3036.

OMB control number: 7100-0285.

Frequency: Triennially.

Respondents: Financial institutions that serve as intermediaries in the wholesale foreign exchange and derivatives market and dealers.

Estimated number of respondents: 21.

Estimated average hours per response: 55.

Estimated annual burden hours: 1,155.

General description of report: The survey is a comprehensive source of global information on the volume of foreign exchange and derivatives trading and, as such, is useful to the Federal Reserve System and other government agencies in understanding market developments and trends. The data also provide the Manager of the System Open Market Account with information for analyzing market developments and conducting Federal Reserve and U.S. Treasury foreign exchange operations. Survey data are also used by market participants to gain a perspective on the market that is not available from data at the firm level. Academics and the general public also use the survey's data for research and analysis.

Proposed revisions: The Board is proposing changes to the report form and instructions for the Turnover survey to align with some of the changes being adopted in the Bank for International Settlements (BIS) survey. The Board proposes to revise the FR 3036 by modifying the Execution Method schedule for foreign exchange contracts (Table C.2) to merge "Dark Pools"¹ with "Other Electronic Communication Networks" and renaming it under Electronic-Indirect Trading as "Disclosed Venues." "Reuters Matching/EBS" would be renamed under Electronic Indirect Trading as "Anonymous Venues." These changes would provide better information on the evolution of electronic trading methods, which have accounted for a large part of the growth in foreign exchange turnover in recent years.

The Board also proposes to merge the separate reporting of bought options and sold options to "Sum of Bought and Sold Options," to align with new BIS reporting guidelines on Tables A.4, A.5, and A.6. Additionally, the Board also proposes modifying and expanding the maturity breakdown for foreign exchange forwards and swaps to align with both broader market standards and practices as well as with the BIS reporting guidelines. Additionally, for single-currency interest rate turnover, interest rate swaps would be deleted and replaced by two separate categories, (1) "overnight indexed swaps", and (2) "other swaps". In addition, Table C.1, "Complementary Information for Foreign Exchange Contracts" would be deleted. The Board proposes to make several clarifications to the reporting instructions to provide additional guidance to the definitions used for the Execution Method schedule as well as to reflect the changes and deleted items from the report form.

Legal authorization and confidentiality: The Board's Legal Division has determined that the FR 3036 is authorized pursuant to sections 2A and 12A of the Federal Reserve Act ("FRA"). Section 2A of the FRA requires that the Board and the Federal Open Market Committee (FOMC) maintain long-run growth of the monetary and credit aggregates commensurate with the economy's long run potential to increase production, so as to promote effectively the goals of maximum employment, stable prices, and moderate long-term interest rates (12 U.S.C. 225a). Under section 12A of the FRA, the FOMC is required to

implement regulations relating to the open market operations conducted by Federal Reserve Banks. Those transactions must be governed with a view to accommodating commerce and business and with regard to their bearing upon the general credit situation of the country (12 U.S.C. 263). The Board and the FOMC use the information obtained from the FR 3036 to help fulfill these obligations.

The FR 3036 is a voluntary survey. Because the release of this information would cause substantial harm to the competitive position of the entity from whom the information was obtained, the information collected on the FR 3036 may be granted confidential treatment under exemption (b)(4) of the Freedom of Information Act, (5 U.S.C. 552(b)(4)), which protects from disclosure “trade secrets and commercial or financial information obtained from a person and privileged or confidential.”

Consultation outside the agency: This survey is being coordinated by the BIS with other participating central banks.

Board of Governors of the Federal Reserve System, February 4, 2019.

Michele Taylor Fennell,

Assistant Secretary of the Board.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

[30-Day-19-0571]

Agency Forms Undergoing Paperwork Reduction Act Review

In accordance with the Paperwork Reduction Act of 1995, the Centers for Disease Control and Prevention (CDC) has submitted the information collection request titled Minimum Data Elements (MDEs) for the National Breast and Cervical Cancer Early Detection Program (NBCCEDP) to the Office of Management and Budget (OMB) for review and approval. CDC previously published a “Proposed Data Collection Submitted for Public Comment and Recommendations” notice on March 5, 2018 to obtain comments from the public and affected agencies. CDC did not receive comments related to the previous notice. This notice serves to

allow an additional 30 days for public and affected agency comments.

CDC will accept all comments for this proposed information collection project. The Office of Management and Budget is particularly interested in comments that:

(a) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(b) Evaluate the accuracy of the agencies estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(c) Enhance the quality, utility, and clarity of the information to be collected;

(d) Minimize the burden of the collection of information on those who are to respond, including, through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses; and

(e) Assess information collection costs.

To request additional information on the proposed project or to obtain a copy of the information collection plan and instruments, call (404) 639-7570 or send an email to omb@cdc.gov. Direct written comments and/or suggestions regarding the items contained in this notice to the Attention: CDC Desk Officer, Office of Management and Budget, 725 17th Street NW, Washington, DC 20503 or by fax to (202) 395-5806. Provide written comments within 30 days of notice publication.

Proposed Project

Minimum Data Elements (MDEs) for the National Breast and Cervical Cancer Early Detection Program (NBCCEDP)—(OMB No. 0920-0571, exp. 12/31/2018)—Reinstatement with Change—National Center for Chronic Disease Prevention and Health Promotion (NCCDPHP), Centers for Disease Control and Prevention (CDC)

Background and Brief Description

CDC is requesting a Reinstatement with Change to OMB No. 0920-0571. Based on feedback from grantees and internal subject matter experts, CDC proposes use of revised minimum data elements (MDEs).

Both breast and cervical cancers are prevalent among U.S. women—in 2014, more than 236,000 women were diagnosed with breast cancer, and more than 12,000 women were diagnosed with cervical cancer. Evidence shows that deaths from both breast and cervical cancers can be avoided by increasing screening services—mammography and Pap tests—among women. However, screening is typically underutilized among women who are under- or uninsured, have no regular source of healthcare, or who recently immigrated to the U.S.

Congress passed the Breast and Cervical Cancer Mortality Prevention Act of 1990, which directed CDC to establish the National Breast and Cervical Cancer Early Detection Program (NBCCEDP). The purpose of the NBCCEDP is to increase breast and cervical cancer screening rates among priority populations by funding grantees to provide breast and cervical cancer screening services to eligible women. CDC issued a new funding opportunity announcement to support a five-year cooperative agreement under CDC-RFA-DP17-1701. The number of grantees will increase from 67 grantees to 70 grantees.

CDC proposes a Reinstatement with Change to the MDEs to include removal of several data variables that are no longer relevant for CDC analyses, as well as collapsing/revising several data variables to reduce burden and increase clarity for respondents. The MDEs focus on: (1) Patient demographics, (2) breast cancer screening, (3) cervical cancer screening, (4) breast and cervical cancer diagnoses, (5) breast and cervical cancer treatment, (6) timeliness of services, and (7) patient navigation.

Redesigned data elements will enable CDC to better gauge progress in meeting clinical service delivery processes and patient-level outcomes. Findings will allow CDC to assess program progress in meeting goals and monitor implementation activities, evaluate outcomes, and identify grantee technical assistance needs. In addition, data collected will inform program improvement and help identify successful activities that need to be maintained, replicated, or expanded.

OMB approval is requested for three years. The total estimated annualized burden hours will decrease from 536 to 350 hours. There are no costs to respondents other than their time.
