*Privacy Act Impact Assessment:* No impact(s).

*Nature and Extent of Confidentiality:* There is no need for confidentiality with this collection of information.

*Needs and Uses:* The information collection requirements contained under Section 87.287(b) require that before submitting an application for an aircraft data link land test station, an applicant must obtain written permission from the licensee of the aeronautical enroute stations serving the areas in which the aircraft data link land test station will operate on a co-channel basis. The Commission may request an

applicant to provide documentation as to this fact.

The written permissions will aid the Commission in ensuring that licensees are complying with its policies and rules, while allowing the owners of antenna structures and other aviation obstacles to use Audio Visual Warning Systems (AVWS) stations, thereby helping aircraft avoid potential collisions and enhancing aviation safety, without causing harmful interference to other communications.
