

Prevention Objectives for 2030 (Committee) regarding the development of national health promotion and disease prevention objectives for 2030. These meetings will be held online via webinar and are open to the public. The Committee will discuss the nation's proposed health promotion and disease prevention objectives and will provide recommendations to improve health status and reduce health risks for the nation by the year 2030. The Committee will deliberate recommendations regarding the proposed Healthy People 2030 objectives, activities designed to implement the disease prevention and health promotion goals and objectives for the nation, and graphics for communicating key Healthy People 2030 elements. Pursuant to the Committee's charter, the Committee's advice must assist the Secretary in reducing the number of objectives while ensuring that the selection criteria identifies the most critical public health issues that are high-impact priorities supported by current national data.

DATES: The Committee will meet on February 26, 2019, from 11:30 a.m. to 1:30 p.m. Eastern Time (ET) and March 27, 2019, from 2:00 p.m. to 5:00 p.m. ET.

ADDRESSES: The meetings will be held online via webinar. Registration for the February 26, 2019 meeting will open on February 11, 2019 at the Healthy People website at <http://www.healthypeople.gov>. Registration for the March 27, 2019 meeting will open on March 1, 2019 at the Healthy People website at <http://www.healthypeople.gov>.

SUPPLEMENTARY INFORMATION: The names and biographies of the Committee members are available at <https://www.healthypeople.gov/2020/about/history-development/healthy-people-2030-advisory-committee>.

Purpose of Meetings: Through the Healthy People initiative, HHS leverages scientific insights and lessons from the past decade, along with new knowledge of current data, trends, and innovations,

to develop the next iteration of national health promotion and disease prevention objectives. Healthy People provides science-based, 10-year national objectives for promoting health and preventing disease. Since 1979, Healthy People has set and monitored national health objectives that meet a broad range of health needs, encourage collaboration across sectors, guide individuals toward making informed health decisions, and measure the impact of our prevention and health promotion activities. Healthy People 2030 health objectives will reflect assessments of major risks to health and wellness, changing public health priorities, and emerging technologies related to our nation's health preparedness and prevention. During the February 26, 2019 Committee meeting, the Committee will discuss and deliberate recommendations regarding the proposed Healthy People 2030 objectives. During the March 27, 2019 Committee meeting, the Committee will develop recommendations regarding activities designed to implement the disease prevention and health promotion goals and objectives for the nation and graphics for communicating key Healthy People 2030 elements.

Public Participation at Meeting: Members of the public are invited to join the online Committee meetings. There will be no opportunity for oral public comments during the online Committee meetings. Written comments are welcome throughout the entire development process of the national health promotion and disease prevention objectives for 2030 and may be emailed to HP2030@hhs.gov.

To join the Committee meeting, individuals must pre-register at the Healthy People website at <http://www.healthypeople.gov>. Participation in the meeting is limited. Registrations will be accepted until maximum webinar capacity is reached. Registration for the February 26, 2019 meeting must be completed by 9:00 a.m. ET on February 26, 2019. Registration for the March 27, 2019 meeting must be completed by 9:00 a.m. ET on March 27, 2019. A waiting list will be maintained should registrations exceed capacity, and individuals on the wait list will be contacted as additional space for the meeting becomes available. Registration questions may be directed to HealthyPeople@norc.org.

SUPPLEMENTARY INFORMATION: Interested persons are invited to send comments regarding this burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

Title of the Collection: Cross-site Study Data for Improving Implementation Evaluation among Office of Adolescent Health (OAH) TPP Grantees to Inform National Implementations (IMAGIN).

Type of Collection: New.

OMB No.: 0990-NEW—Office of Adolescent Health—OASH-OS.

Abstract: The Office of Adolescent Health (OAH), U.S. Department of Health and Human Services (HHS) is requesting 3 years of approval by OMB on a new collection. The IMAGIN Cross-Site Study will examine the process that federal grantees follow to get their programs and staff ready for full implementation by exploring specific factors related to the program models' readiness for implementation and evaluation, the grantee organizations'

capacity to operate and deliver the program as intended, and the local enabling context. The data from this study will be used to identify meaningful lessons, targeted resources, and timely guidance that could help both current and future federal grantees get their programs ready to implement, and add to the evidence on the successes and challenges of implementing a program. The cross-site study will be conducted with

leadership, key program staff and community stakeholders from Fiscal Year 2018 and Fiscal Year 2019, if awarded, grantees of the OAH Teen Pregnancy Prevention Program. It will include semi-structured interviews with grantee leadership, site visits that will include in-person discussions with key program staff and community stakeholders and a front-line staff web survey with up to 8 front line staff per grantee.
