

38,000 illegal aliens in the San Diego Sector. In that same year Border Patrol seized approximately 8,700 pounds of marijuana and approximately 1,800 pounds of cocaine in the San Diego Sector.

In order to satisfy the need for additional border infrastructure in the San Diego Sector, DHS will take action to construct barriers and roads. Specifically, construction of secondary barriers and roads will occur within an approximately fourteen mile segment of the border within the San Diego Sector that starts at approximately the Pacific Ocean and extends eastward. The segment of the border within which such construction will occur is referred to herein as the “project area” and is more specifically described in Section 2 below.

Section 2

I determine that the following area in the vicinity of the United States border, located in the State of California within the United States Border Patrol’s San Diego Sector, is an area of high illegal entry (the “project area”): Starting at approximately the Pacific Ocean and extending eastward to approximately Border Monument 251.

There is presently an acute and immediate need to construct physical barriers and roads in the vicinity of the border of the United States in order to prevent unlawful entries into the United States in the project area. In order to ensure the expeditious construction of the barriers and roads in the project area, I have determined that it is necessary that I exercise the authority that is vested in me by section 102(c) of IIRIRA.

Accordingly, pursuant to section 102(c) of IIRIRA, I hereby waive in their entirety, with respect to the construction of roads and physical barriers (including, but not limited to, accessing the project area, creating and using staging areas, the conduct of earthwork, excavation, fill, and site preparation, and installation and upkeep of physical barriers, roads, supporting elements, drainage, erosion controls, safety features, lighting, cameras, and sensors) in the project area, all of the following statutes, including all federal, state, or other laws, regulations, and legal requirements of, deriving from, or related to the subject of, the following statutes, as amended:
