A. Overview of Information Collection

**Title of Information Collection:** Certification of Consistency with Promise Zone Goals and Implementation.

**OMB Approval Number:** 2501–0033.

**Type of Request:** Extension.

**Description of the need for the information and proposed use:** This collection will be a renewal and revision that will be collecting information for preference points in certain competitive federal grants and technical assistance applications. This collection will reference the actual application collection that was approved under OMB 2501–0033 HUD and USDA designated twenty-two communities as Promise Zones between 2014 and 2016. Under the Promise Zones initiative, the federal government through interagency efforts will invest and partner with high-poverty urban, rural, and tribal communities to create jobs, increase economic activity, improve educational opportunities, leverage private investment, and reduce violent crime. Additional information about the Promise Zones initiative can be found at www.hud.gov/promisezones, and questions can be addressed to promisezones@hud.gov. The federal administrative duties pertaining to these designations shall be managed and executed by HUD (urban communities) and USDA (rural and tribal communities) for ten years from the designation dates pursuant. The Promise Zone Initiative supports HUD’s responsibilities under sections 2 and 3 of the HUD Act, 42 U.S.C. 3531–32, to assist the President in achieving maximum coordination of the various federal activities which have a major effect upon urban community, suburban, or metropolitan development; to develop and recommend to the President policies for fostering orderly growth and development of the Nation’s urban areas; and to exercise leadership, at the direction of the President, in coordinating federal activities affecting housing and urban development.

To facilitate communication between local and federal partners, HUD proposes that Promise Zone Lead Organizations submit minimal documents to support collaboration between local and federal partners. This document will assist in communications and stakeholder engagement, both locally and nationally.

**Respondents (i.e., affected public):** Twenty-two Promise Zone Lead Organizations.
