

Proposed Rules

Federal Register

Vol. 84, No. 28

Monday, February 11, 2019

This section of the FEDERAL REGISTER contains notices to the public of the proposed issuance of rules and regulations. The purpose of these notices is to give interested persons an opportunity to participate in the rule making prior to the adoption of the final rules.

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

7 CFR Part 1209

[Document Number AMS–SC–18–0009]

Mushroom Promotion, Research, and Consumer Information Order; Reallocation of Council Membership

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Proposed rule.

SUMMARY: This proposal invites comments on reallocating the membership of the Mushroom Council (Council) under the Agricultural Marketing Service's (AMS) regulations regarding a national research and promotion program for mushrooms. This action was recommended by the Council after a review of the geographic distribution of the volume of mushroom production throughout the United States and the volume of imports. The number of Council members would be revised in two of the four geographic regions under the program. This action is necessary to provide for equitable representation of producers and importers on the Council.

DATES: Comments must be received by March 13, 2019.

ADDRESSES: Interested persons are invited to submit written comments concerning this proposal. Comments may be submitted on the internet at: <http://www.regulations.gov> or to the Promotion and Economics Division, Specialty Crops Program, AMS, USDA, 1400 Independence Avenue SW, Room 1406–S, Stop 0244, Washington, DC 20250–0244; facsimile: (202) 205–2800. All comments should reference the document number and the date and page number of this issue of the **Federal Register** and will be made available for public inspection, including name and address, if provided, in the above office during regular business hours or it can be viewed at <http://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT: Stacy Jones King, Marketing Specialist, Promotion and Economics Division, Specialty Crops Program, AMS, USDA, 1400 Independence Avenue SW, Room 1406–S, Stop 0244, Washington, DC 20250–0244; telephone: (202) 720–9915; facsimile (202) 205–2800; or electronic mail: Stacy.JonesKing@ams.usda.gov.

SUPPLEMENTARY INFORMATION: This proposal affecting 7 CFR part 1209 is authorized under the Mushroom Promotion, Research, and Consumer Information Act of 1990 (Act) (7 U.S.C. 6101–6112).

Executive Orders 12866, 13563, and 13771

Executive Orders 12866 and 13563 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts and equity). Executive Order 13563 emphasizes the importance of quantifying both costs and benefits, reducing costs, harmonizing rules and promoting flexibility. This action falls within a category of regulatory actions that the Office of Management and Budget (OMB) exempted from Executive Order 12866 review. Additionally, because this rule does not meet the definition of a significant regulatory action it does not trigger the requirements contained in Executive Order 13771. See OMB's Memorandum titled "Interim Guidance Implementing Section 2 of the Executive Order of January 30, 2017, titled 'Reducing Regulation and Controlling Regulatory Costs'" (February 2, 2017).

Executive Order 13175

This action has been reviewed in accordance with the requirements of Executive Order 13175, Consultation and Coordination with Indian Tribal Governments. The review reveals that this regulation would not have substantial and direct effects on Tribal governments and would not have significant Tribal implications.

Executive Order 12988

This proposal has been reviewed under Executive Order 12988, Civil Justice Reform. It is not intended to have retroactive effect. Section 1930 of the Act (7 U.S.C. 6109) provides that it

shall not affect or preempt any other Federal or State law authorizing promotion or research relating to mushrooms.

Under section 1927 of the Act (7 U.S.C. 6106), a person subject to an order issued under the Act may file a written petition with USDA stating that an order, any provision of the order, or any obligation imposed in connection with the order, is not established in accordance with the law, and request a modification of the order or an exemption from the order. Any petition filed challenging an order, any provision of an order, or any obligation imposed in connection with the order, shall be filed within two years after the effective date of an order, provision, or obligation subject to challenge in the petition. The petitioner will have the opportunity for a hearing on the petition. Thereafter, USDA will issue a ruling on the petition. The Act provides that the district court of the United States for any district in which the petitioner resides or conducts business shall have the jurisdiction to review a final ruling on the petition, if the petitioner files a complaint for that purpose not later than 20 days after the date of the entry of USDA's final ruling.

Background

This proposal invites comments on reallocating the membership of the Council established under the Mushroom Promotion, Research, and Consumer Information Order (Order). The Order is administered by the Council with oversight by USDA. This action was recommended by the Council after a review of the geographic distribution of the volume of mushroom production throughout the United States and the volume of imports. The number of Council members would be revised in two of the four regions under the program. This action is necessary to provide for equitable representation of producers and importers on the Council.

Section 1209.30(a) of the Order specifies that the Council shall consist of not less than four or more than nine members who are mushroom producers and importers. Pursuant to § 1209.30(b), for purposes of nominating and appointing producers to the Council, the United States is divided into three geographic regions and the number of Council members from each region are currently as follows: (1) Region 1: All

other States including the District of Columbia and the Commonwealth of Puerto Rico except for Pennsylvania and California—two members; (2) Region 2: Pennsylvania—four members; and (3) Region 3: California—two members. Pursuant to § 1209.30(c), importers are represented by a single, separate region, referred to as Region 4, when imports, on average, equal or exceed 50,000,000 pounds of mushrooms annually.

Section 1209.30(d) prescribes that, at least every five years, and not more than every three years, the Council must review changes in the geographic distribution of mushroom production volume throughout the United States and import volume, using the average annual mushroom production and imports over the preceding four years. The Council must recommend to the Secretary reapportionment of the regions and/or modification of the number of members from such regions as necessary to best reflect the geographic distribution of mushroom

production volume in the United States and representation of imports, if applicable.

Section 1209.30(e) prescribes a procedure to be used to determine the number of members for each region to serve on the Council, subject to the nine-member maximum limitation. Each region that produces, on average, at least 50,000,000 pounds of mushrooms annually is entitled to one representative on the Council. Importers are represented by a single, separate region, which is entitled to one representative, if the region imports, on average, at least 50,000,000 pounds of mushrooms annually. If the annual production of a region is greater than 110,000,000 pounds, but less than or equal to 180,000,000 pounds, the region must be represented by one additional member. If the annual production of a region is greater than 180,000,000 pounds, but less than or equal to 260,000,000 pounds, the region must be represented by two additional members.

If the annual production of a region is greater than 260,000,000 pounds, the region must be represented by three additional members. Finally, if in the aggregate, regions are entitled to levels of representation that would exceed the nine-member limit on the Council, the seat or seats assigned shall be assigned to that region or those regions with greater on-average production or import volume than the other regions otherwise eligible at that increment level.¹

The Council met in February 2018 and reviewed the geographic distribution of mushroom production volume throughout the United States and import volume to assess whether reapportionment of the current regions or modification of the number of members from such regions, or both were warranted. Table 1 below is based on Council assessment data for the preceding four years (2014 through 2017).

TABLE 1—ANALYSIS OF COUNCIL REPRESENTATION BASED ON ASSESSMENT DATA

Region	Current council representation	In millions					New council representation
		2014 pounds	2015 pounds	2016 pounds	2017 pounds	4-year average	
1 (All other States)	2	202.7	205	203.8	196	201.9	3
2 (PA)	4	480.6	488	477.8	502.6	487.3	4
3 (CA)	2	109.5	102.3	106.7	91.2	102.4	1
4 (Imports)	1	98.8	110.1	119.3	132	115.1	1
	9						9

Table 2 below provides a similar analysis based on U.S. production data

from USDA’s National Agricultural Statistics Service (NASS) and import

data from USDA’s Global Agricultural Trade System (GATS).²

TABLE 2—ANALYSIS OF COUNCIL REPRESENTATION BASED ON NASS AND GATS DATA

Region	Current council representation	In millions					New council representation
		2014 pounds	2015 pounds	2016 pounds	2017 pounds	4-year average	
1 (All other States)	2	208.8	217.5	221.6	223.9	218.0	3
2 (PA)	4	571.7	584.0	587.4	577.6	580.2	4
3 (CA)	2	101.5	105.6	109.9	101.7	104.7	1
4 (Imports)	1						1
	9						9

Council Recommendation

Based on its analysis, the Council unanimously recommended increasing the number of members in Region 1 by one and decreasing the number of

members in Region 3 by one. This action is necessary to provide for equitable representation of producers and importers on the Council. No changes are necessary to the number of members in Regions 2 and 4 or to the

make-up of any of the regions. Section 1209.230 which is currently reserved, would be added accordingly.

¹ On average means a rolling average of production or imports during the last two fiscal years, or such other period as may be determined by the Secretary (7 CFR part 1209.2).

Initial Regulatory Flexibility Act Analysis

In accordance with the Regulatory Flexibility Act (RFA) (5 U.S.C. 601–612), AMS is required to examine the impact of the proposed rule on small entities. Accordingly, AMS has considered the economic impact of this action on such entities.

The purpose of the RFA is to fit regulatory actions to the scale of businesses subject to such actions so that small businesses will not be disproportionately burdened. The Small Business Administration (SBA) defines, in 13 CFR part 121, small agricultural producers as those having annual receipts of no more than \$750,000 and small agricultural service firms (importers) as those having annual receipts of no more than \$7.5 million.

It is estimated that there are about 120 mushroom producers in the United States and about 20 importers eligible to serve on the Council. The majority of these producers and importers would be considered small entities as defined by the SBA. Persons who produce or import organic mushrooms or who produce or import 500,000 pounds or less on average of mushrooms annually for the fresh market are exempt from the requirements of the Order.

This proposal invites comments on reallocating the membership of the Council under the Order. The Order is administered by the Council with oversight by USDA. This action was recommended by the Council after a review of the geographic distribution of the volume of mushroom production throughout the United States and the volume of imports. The number of Council members would be revised in two of the four regions under the program. This action is necessary to provide for equitable representation of producers and importers on the Council. Section 1209.230 which is currently reserved, would be added accordingly. Authority for this action is provided in section 1209.30(d) of the Order and section 6104 of the Act (7 U.S.C. 6104).

Regarding the economic impact of this proposed rule on affected entities, revising the number of members in Regions 1 and 3 would impose no additional costs on industry members. Eligible producers and importers interested in serving on the Council would have to complete a background questionnaire. Those requirements are addressed in the section below titled Reporting and Recordkeeping Requirements. The changes are necessary to provide for the equitable representation of producers and importers on the Council.

Regarding alternatives, one option to the proposed action would be to maintain the status quo and not revise the number of Council members representing Regions 1 and 3. However, the Council's analysis of the assessment data and NASS and GATS data support the proposed changes. USDA concludes that the changes are necessary and appropriate.

Reporting and Recordkeeping Requirements

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the background form, which represents the information collection and recordkeeping requirements that are imposed under the program, have been approved previously under OMB number 0581–0093. The mushroom Order requires that two nominees be submitted for each vacant position. With regard to information collection requirements, producers and importers interested in serving on the Council must submit background forms (Form AD–755) to USDA to verify their eligibility for appointment to the Council. However, serving on the Council is voluntary, and the burden of submitting the background form would be offset by the benefits of serving on the Council.

As with all Federal promotion programs, reports and forms are periodically reviewed to reduce information collection requirements and duplication by industry and public sector agencies. USDA has not identified any relevant Federal rules that duplicate, overlap, or conflict with this proposed rule. AMS is committed to complying with the E-Government Act, to promote the use of the internet and other information technologies to provide increased opportunities for citizen access to Government information and services, and for other purposes.

Regarding outreach efforts, this action was discussed by the Council at its meeting held in February 2018 where the Council unanimously made its recommendation. All of the Council's meetings are open to the public and interested persons are invited to participate and express their views.

AMS has performed this initial RFA regarding the impact of this proposed action on small entities and invites comments concerning potential effects of this action.

A 30-day comment period is provided to allow interested persons to respond to this proposal. All written comments received in response to this proposed rule by the date specified would be

considered prior to finalizing this action.

List of Subjects in 7 CFR Part 1209

Administrative practice and procedure, Advertising, Consumer information, Marketing agreements, Mushroom promotion, Reporting and recordkeeping requirements.

For the reasons set forth in the preamble, 7 CFR part 1209 is proposed to be amended as follows:

PART 1209—MUSHROOM PROMOTION, RESEARCH AND CONSUMER INFORMATION ORDER

■ 1. The authority citation for 7 CFR part 1209 continues to read as follows:

Authority: 7 U.S.C. 6101–6112 and 7 U.S.C. 7401.

■ 2. Section 1209.230 is added to read as follows:

§ 1209.230 Reallocation of Council members.

Pursuant to § 1209.30 of the Order, the number of members on the Council shall be as follows:

(1) Region 1: All other States including the District of Columbia and the Commonwealth of Puerto Rico except for Pennsylvania and California—3 Members.

(2) Region 2: The State of Pennsylvania—4 Members.

(3) Region 3: The State of California—1 Member.

(4) Region 4: Importers—1 Member.

Dated: February 5, 2019.

Bruce Summers,
Administrator.
