Background

Section 326 of Title 23 U.S. Code, creates a program that allows the Secretary of the U.S. Department of Transportation (Secretary) to assign, and a State to assume, responsibility for determining whether certain Federal highway projects are included within classes of action that are categorically excluded (CE) from requirements for Environmental Assessments or Environmental Impact Statements pursuant to the National Environmental Policy Act of 1969 (NEPA), 42 U.S.C. 4321 *et seq.* In addition, this program allows the assignment of other environmental review requirements applicable to Federal highway projects, except with respect to government-to-government consultations with federally recognized Indian tribes (23 U.S.C. 326(b)(1)). The FHWA retains responsibility for conducting formal government-to-government consultation

with federally recognized Indian tribes, which is required under some of the above-listed laws and Executive Orders. The State may assist FHWA with formal consultations, with consent of a tribe, but FHWA remains responsible for the consultation. The Secretary delegated his authority to FHWA, which acts on behalf of the Secretary with respect to these matters.

The FHWA renewed California's participation in this program for a third time on May 31, 2016. The original MOU became effective on June 7, 2007, for an initial term of three (3) years. The first renewal followed on June 7, 2010, and the second renewal followed on June 7, 2013. The third MOU renewal has an expiration date on May 31, 2019.

The FHWA will consider the comments submitted on the proposed MOU when making its decision on whether to execute this renewal MOU. The FHWA will make the final, executed MOU publicly available.
