

papers on eligibility criteria, global examples, sablefish discards, fish up in 3A, prioritization of IFQ program tasks, and other business. The Cook Inlet Salmon Committee will finalize recommendations for the Council on the upcoming FMP amendment, and discuss other business.

The Agendas are subject to change, and the latest versions will be posted at <http://www.npfmc.org/>.

Public Comment

Public comment letters will be accepted and should be submitted either electronically at meetings.npfmc.org through the mail: North Pacific Fishery Management Council, 605 W. 4th Ave., Suite 306, Anchorage, AK 99501-2252. Deadline for comments is March 29, 2019, at 12 p.m.

Special Accommodations

These meetings are physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Shannon Gleason at (907) 271-2809 at least 7 working days prior to the meeting date.

Dated: February 6, 2019.

Tracey L. Thompson,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

BILLING CODE 3510-22-P

DEPARTMENT OF DEFENSE

Department of the Army

Environmental Impact Statement for the Development of a Heavy Off-Road Mounted Maneuver Training Area at Fort Benning, Georgia

AGENCY: Department of the Army, DOD.

ACTION: Notice of Intent.

SUMMARY: The Department of the Army intends to prepare an Environmental Impact Statement (EIS) to analyze potential environmental and socioeconomic impacts, and identify related mitigation measures, associated with the Army's proposal to develop, operate, and maintain a Heavy Off Road Mounted Maneuver Training Area (HOMMTA) of at least 2,400 contiguous acres at Fort Benning, Georgia to support off-road armor vehicle movement and maneuver.

DATES: The public comment period will end 30 days after publication of the Notice of Intent in the **Federal Register** by the Department of the Army.

ADDRESSES: Please send written comments to Fort Benning

Environmental Management Division, Attn: NEPA Program Manager, 6650 Meloy Drive, Building 6, Room 309, Fort Benning, GA 31905-5122 or email to john.e.brown12.civ@mail.mil.

FOR FURTHER INFORMATION CONTACT: Mr. John Brown, Fort Benning Environmental Management Division, at (706) 545-7549 from 9 a.m. to 4 p.m. EST. Information updates and background on the HOMMTA EIS can also be accessed at <https://www.benning.army.mil/garrison/dpw/EMD/Legal.html>.

SUPPLEMENTARY INFORMATION: Fort Benning's Maneuver Center of Excellence (MCoE), which includes the Army's Armor and Infantry Schools, supports training of Infantry and Armor Soldiers and leaders for a wide variety of situations that they can expect to encounter on the modern battlefield. Fort Benning is also home to several deployable units that conduct heavy off-road maneuver training, including the 1st Security Force Assistance Brigade, Task Force 1-28 Infantry, and elements of the 75th Ranger Regiment. Fort Benning must be able to train and develop highly skilled and cohesive units capable of conducting operations across the full spectrum of conflict. Inherent in and vital to this training is the requirement to provide sufficient heavy off-road mounted maneuver training area. Currently, the Good Hope Maneuver Training Area (GHMTA) is the only training area at Fort Benning suitable for this training. GHMTA maneuver boxes do not provide enough contiguous off-road maneuver space. Of the available 11,154 acres of the GHMTA, only 1,952 non-contiguous acres, with no more than 371 acres of open and maneuverable terrain in any section, can be used for heavy off-road mounted maneuver.

The purpose of the Proposed Action is to provide Fort Benning with a HOMMTA consistent with the current training requirements of the MCoE and Fort Benning's tenant units. The Proposed Action is needed to address the lack of sufficient contiguous off-road maneuver area to meet training requirements for heavy armor vehicle (tracked and wheeled) off-road maneuver training at Fort Benning. This lack of maneuver space has recently become more problematic since the Army's training strategy has changed and requires a more dispersed approach to movement and maneuver. The GHMTA does not have available area and time for both the required MCoE courses and deployable tenant units. Managing demand for the training area

through scheduling is no longer a viable option.

In concert with the EIS, the Army will prepare studies, analyses, and permit applications to meet other Federal requirements, such as Section 7 of the Endangered Species Act, Sections 401 and 404 of the Clean Water Act, and Section 106 of the National Historic Preservation Act. Mitigation through avoidance and low-impact design would be used to avoid adverse impacts to sensitive environmental resources to the maximum extent practicable.

The EIS will analyze the No Action Alternative and three distinct location alternatives on Fort Benning. The following alternatives proposed for analysis have been initially determined to be feasible and to meet the purpose of and need for the Proposed Action. Some alternatives are larger than the minimum 2,400 acres to ensure they include enough contiguous areas suitable for heavy off-road mounted maneuver training.

Northern Mounted Maneuver Training Area (NMMTA) Alternative: This alternative includes approximately 4,723 acres and is located adjacent to and east of the current Northern Maneuver Training Area (NMTA) and west of the nearby Digital Multi-Purpose Range Complex (DMPRC).

Red Diamond Alternative: This alternative includes approximately 3,743 acres and is located south of the Southern Maneuver Training Area (SMTA) on the Installation's southern boundary.

Eastern Boundary Alternative: This alternative includes approximately 2,405 acres and is located between the Kilo duded impact area and the Installation's eastern boundary.

Resource areas that will be analyzed in the EIS include: Land use, aesthetics, air quality, noise, geology and soils, water resources, biological resources, cultural resources, socioeconomic and environmental justice, traffic and transportation, utilities, and hazardous and toxic materials/waste. The EIS will also analyze potential cumulative environmental effects. Based on initial review by the Army, potentially significant adverse impacts to water, biological, and/or cultural resources could occur if no mitigation were included. Mitigation measures will be presented in the EIS to reduce potential adverse effects.

The public is invited to participate in the scoping process. The scoping process begins with the publication of this Notice of Intent in the **Federal Register** and will last for 30 days. The scoping process will include a public scoping meeting, which is an

opportunity for the public to receive information about the Proposed Action and assist the Army in identifying issues related to the Proposed Action. This meeting will be held near Fort Benning; the specific details of the meeting will be announced in local media. The public will also be invited to review and comment on the Draft EIS when it is available for review. Comments from the public will be considered before any decision is made regarding implementation of the Proposed Action.

Brenda S. Bowen,

Army Federal Register Liaison Officer.

BILLING CODE 5001-03-P

DEPARTMENT OF DEFENSE

Office of the Secretary

[Docket ID DOD-2019-OS-0008]

Proposed Collection; Comment Request

AGENCY: Office of the Under Secretary of Defense for Acquisition and Sustainment, DoD.

ACTION: Information collection notice.

SUMMARY: In compliance with the *Paperwork Reduction Act of 1995*, the Defense Logistics Agency announces a proposed public information collection and seeks public comment on the provisions thereof. Comments are invited on: Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; the accuracy of the agency's estimate of the burden of the proposed information collection; ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the burden of the information collection on respondents, including through the use of automated collection techniques or other forms of information technology.

DATES: Consideration will be given to all comments received by April 12, 2019.

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods:

Federal eRulemaking Portal: <http://www.regulations.gov>. Follow the instructions for submitting comments.

Mail: Department of Defense, Office of the Chief Management Officer, Directorate for Oversight and Compliance, 4800 Mark Center Drive, Mailbox #24 Suite 08D09, Alexandria, VA 22350-1700.

Instructions: All submissions received must include the agency name, docket number and title for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the internet at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

FOR FURTHER INFORMATION CONTACT: To request more information on this proposed information collection or to obtain a copy of the proposal and associated collection instruments, please write to the Defense Logistics Agency, U.S./Canada Joint Certification Office, DLA Logistics Information Service-BFC, Attn: Christopher Nozicka, Federal Center, 74 Washington Ave. N., Battle Creek, MI 49017-3084; or call (269) 961-7056.

SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: Militarily Critical Technical Data Agreement; DD Form 2345; OMB Control Number 0704-0207.

Needs and Uses: The information collection requirement is necessary as a basis for certifying enterprises or individuals to have access to DoD export-controlled militarily critical technical data subject to the provisions of 32 CFR 250. Enterprises and individuals that need access to unclassified DoD-controlled militarily critical technical data must certify on DD Form 2345, Militarily Critical Technical Data Agreement, that data will be used only in ways that will inhibit unauthorized access and maintain the protection afforded by U.S. export control laws. The information collected is disclosed only to the extent consistent with prudent business practices, current regulations, and statutory requirements and is so indicated on the Privacy Act Statement of DD Form 2345.

Affected Public: Individuals and households; businesses or other for-profit; not-for-profit institutions.

Annual Burden Hours: 2,666.

Number of Respondents: 8,000.

Responses per Respondent: 1.

Annual Responses: 8,000.

Average Burden per Response: 20 minutes.

Frequency: On Occasion.

Use of DD Form 2345 permits U.S. and Canada defense contractors to certify their eligibility to obtain certain unclassified technical data with military and space applications. Non-availability of this information prevents defense contractors from accessing certain

restricted databases and obstructs conference attendance where restricted data will be discussed. The form is available on the Defense Technical Information Center (DTIC) web page and DLA Logistics Information Services web page.

Dated: February 6, 2019.

Shelly E. Finke,

Alternate OSD Federal Register, Liaison Officer, Department of Defense.

DEPARTMENT OF DEFENSE

Office of the Secretary

[Docket ID DOD-2018-OS-0087]

Submission for OMB Review; Comment Request

AGENCY: Office of the Under Secretary of Defense for Personnel and Readiness, DoD.

ACTION: 30-Day information collection notice.

SUMMARY: The Department of Defense has submitted to OMB for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act.

DATES: Consideration will be given to all comments received by March 13, 2019.

ADDRESSES: Comments and recommendations on the proposed information collection should be emailed to Ms. Jasmeet Sehra, DoD Desk Officer, at aira_submission@omb.eop.gov. Please identify the proposed information collection by DoD Desk Officer, Docket ID number, and title of the information collection.

FOR FURTHER INFORMATION CONTACT: Fred Licari, 571-372-0493, or whs.mc-alex.esd.mbx.dd-dod-information-collections@mail.mil.

SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: Community Member Application for Innovative Readiness Training; OMB Control Number 0704-XXXX.

Type of Request: New collection.

Number of Respondents: 100.

Responses per Respondent: 1.

Annual Responses: 100.

Average Burden per Response: 3 hours.

Annual Burden Hours: 300.

Needs and Uses: This information collection is necessary to support the Department of Defense's Innovative Readiness Training (IRT) program. Each year the military collects voluntary applications from communities to
