

2. *The Title of the Form/Collection:* Voluntary Magazine Questionnaire for Agencies/Entities Who Store Explosive Materials.

3. *The agency form number, if any, and the applicable component of the Department sponsoring the collection:*

Form number (if applicable): None.

Component: Bureau of Alcohol, Tobacco, Firearms and Explosives, U.S. Department of Justice.

4. *Affected public who will be asked or required to respond, as well as a brief abstract:*

Primary: State, Local or Tribal Government.

Other (if applicable): None.

Abstract: This information collection is used to identify the number and locations of public explosives storage facilities (magazines), which will enable ATF to respond properly to local emergencies such as natural disasters.

5. *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* An estimated 1,000 respondents will respond to this information collection, and it will take each respondent approximately 15 minutes to complete their responses.

6. *An estimate of the total public burden (in hours) associated with the collection:* The estimated annual public burden associated with this collection is 500 hours, which is equal to 1,000 (# of respondents) \* 1 (# of responses per respondent) \* .5 (30 minutes).

If additional information is required contact: Melody Braswell, Department Clearance Officer, United States Department of Justice, Justice Management Division, Policy and Planning Staff, Two Constitution Square, 145 N Street NE, 3E.405A, Washington, DC 20530.

Dated: February 6, 2019.

**Melody Braswell,**

*Department Clearance Officer for PRA, U.S. Department of Justice.*

#### Notice Pursuant to the National Cooperative Research and Production Act of 1993—American Society of Mechanical Engineers

Notice is hereby given that, on January 28, 2019, pursuant to Section 6(a) of the National Cooperative Research and Production Act of 1993, 15 U.S.C. 4301 *et seq.* (“the Act”), American Society of Mechanical Engineers (“ASME”) has filed written notifications simultaneously with the Attorney General and the Federal Trade Commission disclosing additions or changes to its standards development activities. The notifications were filed for the purpose of extending the Act’s provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances. Specifically, since September 4, 2018, ASME has published five new standards, added one consensus committee charter, initiated two new standards activities, and withdrawn one proposed standard from consideration within the general nature and scope of ASME’s standards development activities, as specified in its original notification. More detail regarding these changes can be found at [www.asme.org](http://www.asme.org).

On September 15, 2004, ASME filed its original notification pursuant to Section 6(a) of the Act. The Department of Justice published a notice in the **Federal Register** pursuant to Section 6(b) of the Act on October 13, 2004 (69 FR 60895).

The last notification with the Department was filed on September 6, 2018. A notice was filed in the **Federal Register** on October 11, 2018 (83 FR 51503).

**Suzanne Morris,**
