

100506(c), the boundary of Pictured Rocks National Lakeshore is modified to include 0.14 acres of land. The boundary revision is depicted on the Pictured Rocks National Lakeshore Proposed Minor Boundary Addition map numbered 625/142825 and dated March 2018.

Specifically, 54 U.S.C. 100506(c) provides that, after consultation with the governing body of the county, city, town, or other jurisdiction or jurisdictions having taxing authority over the land or interest to be acquired as to the impact of the proposed action, and subsequent notification of the Committee on Natural Resources of the House of Representatives and the Committee on Energy and Natural Resources of the Senate, the Secretary of the Interior is authorized to make this boundary revision upon publication of notice in the **Federal Register**. The relevant governing bodies have been consulted and the Committees have been notified of this boundary revision. This boundary revision and subsequent donation will ensure preservation and protection of one of the Park's historic resources.

Once this property is included within the park boundary and acquired by the United States, it is the intention of the National Park Service to manage the property for public purposes.

Dated: November 20, 2018.
