

advisory capacity, who will be designated by TSA; the Department of Transportation; the Coast Guard; and such other Federal department or agency as the Administrator considers appropriate.

The STSAC does not have a specific number of members allocated to any membership category and the number of members in a category may change to fit the needs of the Committee, but each organization will be represented by one individual. Members will serve as representatives and speak on behalf of their respective constituency group. Membership on the Committee is personal to the appointee and a member may not send an alternate to a Committee meeting.

Committee members are appointed by and serve at the pleasure of the Administrator of TSA for a term of two years. The members of the Committee will not receive any compensation from the Government by reason of their service on the Committee.

Committee Meetings

The Committee will typically convene two times per year; additional meetings may be held with the approval of the Committee Chairman and Designated Federal Official. Due to the sensitive nature of the material discussed, meetings are typically closed to the public. At least one meeting will be open to the public each year. In addition, STSAC members will be expected to participate on STSAC subcommittees that may meet more frequently for deliberation and to discuss specific surface transportation matters.

Application for Advisory Committee Appointment

Any person wishing to be considered for appointment to STSAC must provide the following:

- Complete professional resume.
- Statement of interest and reasons for application, including the membership category and how you represent a significant portion of that constituency.
- Home and work addresses, telephone number, and email address.

Please submit your application to the Designated Federal Official in **ADDRESSES** noted above by March 14, 2019. TSA may need to request additional information necessary for review of the application and completion of background check(s).
