p. Although our current intent is to prepare an environmental assessment (EA), there is the possibility that an Environmental Impact Statement (EIS) will be required. Nevertheless, the meetings listed below will satisfy the NEPA scoping requirements, irrespective of whether an EA or EIS is issued by the Commission.

Scoping Meetings

Commission staff will hold two scoping meetings in the vicinity of the projects at the times and places noted below. The daytime meeting will focus on resource agency, Indian tribes, and non-governmental organization concerns, while the evening meeting is primarily for receiving input from the public. We invite all interested individuals, organizations, and agencies to attend one or both of the meetings, and to assist staff in identifying particular study needs, as well as the scope of environmental issues to be addressed in the environmental document. The times and locations of these meetings are as follows:

Evening Scoping Meeting for Both Projects

Date and Time: Wednesday, March 6, 2019 at 6:00 p.m.

Location: Timberlake Lodge, 144 SE 17th Street, Grand Rapids, MN 55744.
Phone: (218) 326-2600.

Daytime Scoping Meeting for Both Projects

Date and Time: Thursday, March 7, 2019 at 9:00 a.m.

Location: Timberlake Lodge, 144 SE 17th Street, Grand Rapids, MN 55744.

SD1, which outlines the subject areas to be addressed in the environmental document, was mailed to the individuals and entities on the Commission's mailing list. Copies of SD1 will be available at the scoping meetings, or may be viewed on the web at <http://www.ferc.gov>, using the "eLibrary" link. Follow the directions for accessing information in paragraph n. Based on all oral and written comments, a Scoping Document 2 (SD2) may be issued. SD2 may include a revised process plan and schedule, as well as a list of issues, identified through the scoping process.

Environmental Site Review

The potential applicant and Commission staff will conduct an Environmental Site Review of the projects on Wednesday, March 6, 2019, starting at 10:00 a.m. All participants should meet in the parking lot at Prairie River Hydro, 30301 County Highway 61, Grand Rapids, MN. If you plan to attend the environmental site review, please contact Nora Rosemore, at (218) 725-2101 or NRosemore@mnpower.com, by March 1, 2019. Participants must be 16 years of age or older and wear closed-toe shoes. Please indicate how many participants will be attending with you.

Meeting Objectives

At the scoping meetings, staff will: (1) Initiate scoping of the issues; (2) review and discuss existing conditions and resource management objectives; (3) review and discuss existing information and identify preliminary information and study needs; (4) review and discuss the process plan and schedule for pre-filing activity that incorporates the time frames provided for in Part 5 of the Commission's regulations and, to the extent possible, maximizes coordination of federal, state, and tribal permitting and certification processes; and (5) discuss the appropriateness of any federal or state agency or Indian tribe acting as a cooperating agency for development of an environmental document.

Meeting participants should come prepared to discuss their issues and/or concerns. Please review the PAD in preparation for the scoping meetings. Directions on how to obtain a copy of the PAD and SD1 are included in paragraph n of this document.

Meeting Procedures

The meetings will be recorded by a stenographer and will be placed in the public records of the projects.

Dated: February 7, 2019.

Secretary.

General Description of Collection: Sec. 312 of the Fair and Accurate Credit Transaction Act of 2003 (FACT Act) requires the FDIC to: Issue guidelines for furnishers regarding the accuracy and integrity of the information about consumers furnished to consumer reporting agencies; prescribe regulations requiring furnishers to establish reasonable policies/procedures to implement the guidelines; and issue regulations identifying the circumstances where a furnisher must reinvestigate a dispute about the accuracy of information in a consumer report based on a direct request from a consumer.

There is no change in the method or substance of the collection. The overall reduction in burden hours is the result of economic fluctuation. In particular, the number of respondents has decreased while the hours per response and frequency of responses have remained the same.

Request for Comment: Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the FDIC’s functions, including whether the information has practical utility; (b) the accuracy of the estimates of the burden of the information collection, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. All comments will become a matter of public record.
