

SUPPLEMENTARY INFORMATION: On November 27, 2018, the FDIC requested comment for 60 days on a proposal to renew the information collection described below. No comments were received. The FDIC hereby gives notice of its plan to submit to OMB a request

to approve the renewal of this collection, and again invites comment on this renewal.

Proposal to renew the following currently approved collection of information:

1. *Title:* Furnisher Information Accuracy and Integrity (FACTA 312).
OMB Number: 3064–0161.
Form Number: None.
Affected Public: State nonmember banks.
Burden Estimate:

SUMMARY OF ANNUAL BURDEN

| | Type of burden | Obligation to respond | Estimated number of respondents | Estimated frequency of responses | Estimated time per response | Frequency of response | Total annual estimated burden (hours) |
|---|-------------------------|-----------------------|---------------------------------|----------------------------------|-----------------------------|-----------------------|---------------------------------------|
| Procedures to Enhance the Accuracy and Integrity of Information furnished to Consumer Reporting Agencies Under Section 312 of the Fair and Accurate Credit Transaction Act. | Reporting | Mandatory | 3,533 | 1 | 40 hours | Annually | 141,320 |
| Distribution of Notices in Response to Direct Disputes. | Third-Party Disclosure. | Mandatory | 3,533 | 1 | 14 minutes | On Occasion | 16,487 |
| Total Hourly Burden | | | | | | | 157,807 |

General Description of Collection: Sec. 312 of the Fair and Accurate Credit Transaction Act of 2003 (FACT Act) requires the FDIC to: Issue guidelines for furnishers regarding the accuracy and integrity of the information about consumers furnished to consumer reporting agencies; prescribe regulations requiring furnishers to establish reasonable policies/procedures to implement the guidelines; and issue regulations identifying the circumstances where a furnisher must reinvestigate a dispute about the accuracy of information in a consumer report based on a direct request from a consumer.

There is no change in the method or substance of the collection. The overall reduction in burden hours is the result of economic fluctuation. In particular, the number of respondents has decreased while the hours per response and frequency of responses have remained the same.

Request for Comment: Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the FDIC’s functions, including whether the information has practical utility; (b) the accuracy of the estimates of the burden of the information collection, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. All comments will become a matter of public record.
