60-day comment period soliciting comments on the information collection was published on November 26, 2018.

DATES: Interested persons are invited to submit comments on or before March 18, 2019.

FOR FURTHER INFORMATION CONTACT: Angela Hill by telephone at 202–366–1246, by email at angela.dow@dot.gov, or by mail at DOT, PHMSA, 1200 New Jersey Avenue SE, PHP–30, Washington, DC 20590–0001.

ADDRESSES: Submit comments regarding the burden estimate, including suggestions for reducing the burden, to the Office of Management and Budget, Attention: Desk Officer for the Office of the Secretary of Transportation, 725 17th Street NW, Washington, DC 20503.

SUPPLEMENTARY INFORMATION: Section 1320.8(d), Title 5, Code of Federal Regulations, requires PHMSA to provide interested members of the public and affected agencies an opportunity to comment on information collection and recordkeeping requests. In accordance with this regulation, on November 26, 2018, (83 FR 60557) PHMSA published a Federal Register notice with a 60-day comment period soliciting comments on the information collection. In response, PHMSA received comments from the Pipeline Safety Trust and Vectren Corporation. The Pipeline Safety Trust requests that PHMSA add additional reporting requirements to this information collection to improve PHMSA’s oversight of state grants and to fill agency-identified data gaps. Vectren Corporation supports the use of this information to evaluate a state’s eligibility to receive federal grants.

The data obtained from this information collection reflects State Program activities that measure program performance and how grant funds are being used. Separate efforts are currently underway to address the feasibility study of a Nationwide Integrated Pipeline Safety Regulatory Database and all options are being considered to help with this process. PHMSA also streamlined data fields in both the Natural Gas and Hazardous Liquid Base Grant Progress Reports to make the forms easier to read and follow.

A summary of changes is below:
- Gas LNG operator categories listed together instead of separately.
- Hazardous liquid operator categories renamed to be consistent with Pipeline DataMart.
- Incident/Accident cause listing updated to match annual reports and Pipeline DataMart.
- Updated maximum civil penalties to current DOT level.

The burden for this information collected has also been updated to account for a more accurate number of submissions received annually. PHMSA previously expected to receive 116 responses to this information collection request. PHMSA has since updated that estimate to 66 responses (51 gas programs and 15 hazardous liquid programs). The estimated time burden for completing the annual submission is 56.5 hours. PHMSA will submit the information collection, as described below, to OMB for approval.

The following information is provided for this information collection: (1) Title of the information collection; (2) OMB control number; (3) Current expiration date; (4) Type of request; (5) Abstract of the information collection activity; (6) Description of affected public; (7) Estimate of total annual reporting and recordkeeping burden; and (8) Frequency of collection.

PHMSA will request a three-year term of approval for the following information collection:
- Title: Gas Pipeline Safety Program Certification and Hazardous Liquid Pipeline Safety Program Certification.
- OMB Control Number: 2137–0584.
- Current Expiration Date: 02/28/2019.
- Abstract: A state must submit an annual certification to assume responsibility for regulating intrastate pipelines. Certain records must be maintained to demonstrate that the state is ensuring satisfactory compliance with the pipeline safety regulations. PHMSA uses this information to evaluate a state’s eligibility to receive federal grants.

AFFECTED PUBLIC: State governments.

Annual Reporting and Recordkeeping Burden:
- Total Annual Responses: 66.
- Total Annual Burden Hours: 3,861.
- Frequency of Collection: Annually.

Comments to Office of Management and Budget are invited on:
- The need for the proposed information, including whether the information will have practical utility in helping the agency to achieve its pipeline safety goals;
- The accuracy of the agency’s estimate of the burden of the proposed collection;
- Ways to enhance the quality, utility, and clarity of the information to be collected; and
- Ways to minimize the burden on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques.

Issued in Washington, DC, on February 11, 2019, under authority delegated in 49 CFR 1.97.

Title: Regulation C—Home Mortgage Disclosure Act.

OMB Control Nos.: 1557–NEW.2

Type of Review: Regular review.

Description: Regulation C,3 which implements the Home Mortgage Disclosure Act4 (HMDA) enacted in 1975, requires certain depository and non-depository institutions that make certain mortgage loans to collect, report, and disclose data about origins and purchases of mortgage loans, as well as loan applications that do not result in originations. HMDA generates loan data that can be used to: (1) Help determine whether financial institutions are serving the housing needs of their communities; (2) assist public officials in distributing public-sector investments so as to attract private investment to areas where it is needed; and (3) assist in identifying possible discriminatory lending patterns and enforcing anti-discrimination statutes.

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 20105 (the Dodd-Frank Act) transferred HMDA and its rulemaking authority from the Board of Governors of the Federal Reserve System (Board) to the Consumer Financial Protection Bureau (CFPB), and transferred supervisory and enforcement authority for HMDA for depository institutions over $10 billion in consolidated assets from the Board, Federal Deposit Insurance Corporation, OCC, and National Credit Union Administration to the CFPB.

The CFPB published a final rule on October 28, 2015, that expanded the data collected and reported under HMDA, as implemented by Regulation C, and published a final rule on September 13, 2017, with additional corrections and clarifications (final rules). The final rules also modified the types of lenders and loans covered under Regulation C. First, for data collected in 2017, and reported in 2018, the rule simply reduces the number of institutions covered under Regulation C because only depositories originating more than 25 closed-end loans must report the data. Then, starting January 1, 2018, an institution was required to begin collecting expanded data under HMDA if it either originates 25 or more closed-end mortgage loans or 500 or more open-end lines of credit secured by a dwelling in each of the two preceding years, in addition to meeting other criteria. These institutions will begin reporting the expanded HMDA data in 2019, except to the extent that a later 2018 rule (discussed below) provides a partial exemption from reporting certain data. Starting in 2020, an institution will collect data on open-end lines of credit if it originates more than 100 open-end lines of credit secured by a dwelling in each of the two preceding years (and report that open-end lines of credit data beginning in 2021). An institution also will collect and report covered loans and applications quarterly if it received a total of at least 60,000 covered loans and applications in the preceding calendar year. An institution must report a covered loan if it has met the loan origination threshold for that loan category (open-end or closed-end); an institution that is not required to report data may voluntarily do so.

In addition, the types of loans covered under Regulation C changed under the final rules beginning in 2018. Covered institutions are required to collect and report any mortgage loan secured by a dwelling, including open-end lines of credit, regardless of the loan’s purpose. Dwelling-secured loans that are made principally for a commercial or business purpose, as well as agricultural–purpose loans and other specified loans are excluded.

On September 7, 2018, the CFPB issued an interpretive and procedural rule6 to implement section 104(a) of the Economic Growth, Regulatory Relief, and Consumer Protection Act7 (EGRRCPA). Section 104(a) amended certain provisions of the Home Mortgage Disclosure Act (HMDA) by adding partial exemptions from HMDA’s requirements for certain insured depository institutions and insured credit unions. Insured depository institutions and insured credit unions covered by a partial exemption have the

option of reporting exempt data fields as long as they report all data fields within any exempt data point for which they report data. Section 104(a) of the EGRRCPA amends HMDA section 304(i), which provides that the requirements of HMDA section 304(b)(5) and (6) shall not apply with respect to closed-end mortgage loans of an insured depository institution or insured credit union if it originated fewer than 500 closed-end mortgage loans in each of the two preceding calendar years. Sections 304(b)(5) and (6) do not apply with respect to open-end lines of credit of an insured depository institution or insured credit union if it originated fewer than 500 open-end lines of credit in each of the two preceding calendar years. An insured depository institution still must comply with HMDA section 304(b)(5) and (6) if it has received a rating of “needs to improve record of meeting community credit needs” during each of its two most recent examinations or a rating of “substantial noncompliance in meeting community credit needs” on its most recent Community Reinvestment Act examination.

We have adjusted our burden estimates based on section 104(a). We are soliciting comment on the questions set forth below in light of the section 104(a) changes.

Comments: Comments submitted in response to this notice will be summarized and included in the request for OMB approval. All comments will become a matter of public record. Comments are invited on:

Office of the Comptroller of the Currency

FEDERAL RESERVE SYSTEM

FEDERAL DEPOSIT INSURANCE CORPORATION

Agency Information Collection Activities; Submission for OMB Review; Comment Request

AGENCY: Office of the Comptroller of the Currency (OCC), Treasury; Board of Governors of the Federal Reserve System (Board); and Federal Deposit Insurance Corporation (FDIC).

ACTION: Joint notice and request for comment.

SUMMARY: In accordance with the requirements of the Paperwork Reduction Act of 1995 (PRA), the OCC, the Board, and the FDIC (the agencies) may not conduct or sponsor, and a respondent is not required to respond to, an information collection unless it displays a currently valid Office of Management and Budget (OMB) control number. On September 28, 2018, the agencies, under the auspices of the Federal Financial Institutions Examination Council (FFIEC), requested public comment for 60 days on a proposal to revise and extend the Consolidated Reports of Condition and Income for a Bank with Domestic and Foreign Offices (FFIEC 031), the Consolidated Reports of Condition and Income for a Bank with Domestic Offices Only (FFIEC 041), and the Consolidated Reports of Condition and Income for a Bank with Domestic Offices Only and Total Assets Less Than $1 Billion (FFIEC 051), which are currently approved collections of information. The Consolidated Reports of Condition and Income are commonly referred to as Call Reports. In addition, the FFIEC requested public comment for 60 days on a proposal to revise and extend the Report of Assets and Liabilities of U.S. Branches and Agencies of Foreign Banks (FFIEC 002) and the Report of Assets and Liabilities of a Non-U.S. Branch that is Managed or Controlled by a U.S. Branch or Agency of a Foreign (Non-U.S.) Bank (FFIEC 002S), which are currently approved collections of information. The Board published this proposal on behalf of the agencies. Also, the agencies requested public comment for 60 days on proposals to revise and extend the Foreign Branch Report of Condition (FFIEC 030), the Abbreviated Foreign Branch Report of Condition (FFIEC 030S), and the Regulatory Capital Reporting for Institutions Subject to the Advanced Capital Adequacy Framework (FFIEC 101), which are currently approved collections of information.

The comment period for the September 2018 notice ended on November 27, 2018. As described in the SUPPLEMENTARY INFORMATION section, after considering the comments received on the proposals, the FFIEC and agencies will proceed with the proposed reporting revisions to and extensions of the FFIEC 031, FFIEC 041, FFIEC 051, FFIEC 002, FFIEC 002S, FFIEC 030, FFIEC 030S, and FFIEC 101, as originally proposed, with some modification to the FFIEC 031 and FFIEC 041. These proposed revisions generally address the revised accounting for credit losses under the Financial Accounting Standards Board’s (FASB) Accounting Standards Update (ASU) No. 2016–13, “Financial Instruments—Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments” (ASU 2016–13). This proposal also includes regulatory capital reporting changes related to implementing the agencies’ recent final rule on the implementation and capital transition for the current expected credit losses methodology (CECL).

In addition, this notice includes other revisions to the Call Reports and the FFIEC 101 resulting from two sections of the Economic Growth, Regulatory Relief, and Consumer Protection Act (EGRRCPA), effective upon enactment on May 24, 2018, that affect the information reported in these reports and for which the agencies submitted emergency review requests to OMB that OMB has approved.

The proposed revisions related to ASU 2016–13 would begin to take effect March 31, 2019, for reports with quarterly report dates and December 31, 2019, for reports with an annual report date, with later effective dates for certain respondents.

In addition, the agencies are giving notice they are sending the collections to OMB for review.

DATES: Comments must be submitted on or before March 18, 2019.
