BILLING CODE 4915-01-P

DEPARTMENT OF TRANSPORTATION (DOT)

Federal Aviation Administration

Notice of Opportunity for Public Comment on Non-Rule Making Action To Change Land Use From Aeronautical to Non-Aeronautical at Mobile Downtown Airport, Mobile, Alabama

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice.

SUMMARY: Notice is being given that the FAA is considering a request from the Mobile Airport Authority to waive the requirement for one (1) parcel of surplus property totaling 0.88 acres, located on Mobile Downtown Airport, be used for aeronautical purposes.

DATES: Comments must be received on or before *March 18, 2019*.

ADDRESSES: Comments on this notice may be mailed or delivered in triplicate to the FAA at the following address: Jackson Airports District Office, Attn: Kevin Morgan, Program Manager, 100 West Cross Street, Suite B, Jackson, MS 39208-2307.

In addition, one (1) copy of any comments submitted to the FAA must be mailed or delivered to Chris Curry, Executive Director, Mobile Airport Authority at the following address: P.O. Box 88004, Mobile, AL 36608-0004.

FOR FURTHER INFORMATION CONTACT: Kevin Morgan, Program Manager, Jackson Airports District Office, 100 West Cross Street, Suite B, Jackson, MS 39208-2307, (601) 664-9891. The land release request may be reviewed in person at this same location.

SUPPLEMENTARY INFORMATION: Under the provisions of Title 49, U.S.C. 47153(c), notice is being given that the FAA is considering a request from the Mobile Airport Authority to waive the requirement for one (1) parcel of surplus property totaling 0.88 acres, located on

Mobile Downtown Airport, be used for aeronautical purposes.

The FAA is reviewing a request for an update to the Mobile Downtown Airport Layout Plan submitted by the Mobile Airport Authority. The Airport Layout Plan update, if approved, would change the land use on 0.88 acres from aeronautical to non-aeronautical. The property will then be leased for commercial development. The proceeds from the lease of this property will be used for airport purposes. The proposed use of this property is compatible with airport operations.

Any person may inspect the request in person at the FAA office listed above under **FOR FURTHER INFORMATION CONTACT**.

In addition, any person may, upon request, inspect the request, notice and other documents germane to the request in person at the Mobile Downtown Airport (BFM).

Issued in Jackson, Mississippi, on February 4, 2019.

Rans D. Black,

Manager, Jackson Airports District Office,
Southern Region.

BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Motor Carrier Safety Administration

[Docket No. FMCSA-2018-0090]

Parts and Accessories Necessary for Safe Operation; Application for an Exemption From the Automobile Carriers Conference of the American Trucking Associations

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of final disposition.

SUMMARY: The Federal Motor Carrier Safety Administration (FMCSA) announces its decision to grant the Automobile Carriers Conference (ACC) of the American Truck Associations (ATA) for a limited 5-year exemption to relieve motor carriers operating stinger steered automobile transporter equipment from the requirement to place warning flags on projecting loads of new motor vehicles. The Federal Motor Carrier Safety Regulations (FMCSR) require any commercial motor vehicle (CMV) transporting a load which extends more than 4 feet beyond the rear of the vehicle be marked with a single red or orange fluorescent warning flag at the extreme rear if the projecting load is 2 feet wide or less, and two warning flags if the projecting

load is wider than 2 feet, located to indicate the maximum width of loads which extend beyond the sides and/or rear of the vehicle. The Agency has determined that the lack of warning flags on stinger steered automobile transporter equipment when transporting motor vehicles would not have an adverse impact on safety and that adherence to the terms and conditions of the exemption would achieve a level of safety equivalent to or greater than the level of safety provided by the regulation.

DATES: This exemption is effective February 15, 2019 and ending February 15, 2024.

FOR FURTHER INFORMATION CONTACT: Mr. Luke Loy, Vehicle and Roadside Operations Division, Office of Carrier, Driver, and Vehicle Safety, MC-PSV, (202) 366-0676, Federal Motor Carrier Safety Administration, 1200 New Jersey Avenue SE, Washington, DC 20590-0001.

Docket: For access to the docket to read background documents or comments submitted to notice requesting public comments on the exemption application, go to www.regulations.gov at any time or visit Room W12-140 on the ground level of the West Building, 1200 New Jersey Avenue SE, Washington, DC, between 9 a.m. and 5 p.m., ET, Monday through Friday, except Federal holidays. The on-line Federal document management system is available 24 hours each day, 365 days each year. The docket number is listed at the beginning of this notice.

SUPPLEMENTARY INFORMATION:

Background

FMCSA has authority under 49 U.S.C. 31136(e) and 31315 to grant exemptions from certain parts of the Federal Motor Carrier Safety Regulations. FMCSA must publish a notice of each exemption request in the **Federal Register** (49 CFR 381.315(a)). The Agency must provide the public an opportunity to inspect the information relevant to the application, including any safety analyses that have been conducted. The Agency must also provide an opportunity for public comment on the request.

The Agency reviews safety analyses and public comments submitted, and determines whether granting the exemption would likely achieve a level of safety equivalent to, or greater than, the level that would be achieved by the current regulation (49 CFR 381.305). The decision of the Agency must be published in the **Federal Register** (49 CFR 381.315(b)) with the reasons for denying or granting the application and, if granted, the name of the person or
