DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

Notice of Closed Meeting

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended, notice is hereby given of the following meeting.

The meeting will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended, and the Determination of the Chief Operating Officer, CDC, pursuant to Public Law 92-463. The grant applications and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: Disease, Disability, and Injury Prevention and Control Special Emphasis Panel (SEP)—RFA-CE-19-004, Etiologic and Effectiveness Research To Address Polysubstance Impaired Driving.

Date: May 7-8, 2019.

Time: 8:30 a.m.–5:30 p.m., EDT.

Place: Atlanta Marriott Buckhead and Conference Center, 3405 Lenox Road NE, Atlanta, GA 30326.

Agenda: To review and evaluate grant applications.

For Further Information Contact: Mikel Walters, Ph.D., Scientific Review Official, NCIPC, CDC, 4770 Buford Highway NE, Mailstop F-63, Atlanta, Georgia 30341, Telephone (404) 639-0913, *MWalters@cdc.gov*.

The Chief Operating Officer, Centers for Disease Control and Prevention, has been delegated the authority to sign **Federal Register** notices pertaining to announcements of meetings and other committee management activities, for both the Centers for Disease Control and

Prevention and the Agency for Toxic Substances and Disease Registry.

Sherri Berger,

Chief Operating Officer, Centers for Disease Control and Prevention.

Centers for Disease Control and Prevention

[30Day-19-1014]

Agency Forms Undergoing Paperwork Reduction Act Review

In accordance with the Paperwork Reduction Act of 1995, the Centers for Disease Control and Prevention (CDC) has submitted the information collection request titled CDC Worksite Health Scorecard to the Office of Management and Budget (OMB) for review and approval. CDC previously published a “Proposed Data Collection Submitted for Public Comment and Recommendations” notice on October 22, 2018 to obtain comments from the public and affected agencies. CDC received two comments related to the previous notice. This notice serves to allow an additional 30 days for public and affected agency comments.

CDC will accept all comments for this proposed information collection project. The Office of Management and Budget is particularly interested in comments that:

(a) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(b) Evaluate the accuracy of the agencies estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(c) Enhance the quality, utility, and clarity of the information to be collected;

(d) Minimize the burden of the collection of information on those who are to respond, including, through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology,

e.g., permitting electronic submission of responses; and

(e) Assess information collection costs.

To request additional information on the proposed project or to obtain a copy of the information collection plan and instruments, call (404) 639-7570 or send an email to omb@cdc.gov. Direct written comments and/or suggestions regarding the items contained in this notice to the Attention: CDC Desk Officer, Office of Management and Budget, 725 17th Street NW, Washington, DC 20503 or by fax to (202) 395-5806. Provide written comments within 30 days of notice publication.

Proposed Project

CDC Worksite Health Scorecard (OMB Control No. 0920-1014, Exp 02/28/2019)—Revision—National Center for Chronic Disease Prevention and Health Promotion (NCCDPHP), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

The Centers for Disease Control and Prevention (CDC) has established the Worksite Health Scorecard (Scorecard), an online organizational assessment tool, to enable employers to assess the number of evidence-based health promotion interventions or strategies in their worksites to promote employee health and well-being.

The Scorecard will support small, mid-size, and large employers with three primary goals: (1) Assist employers in identifying gaps in their health promotion programs, and help them to prioritize high-impact strategies for health promotion at their worksites; (2) Improve the health and wellbeing of employees and their families through science-based workplace health interventions and promising practices; and (3) Support research and increase understanding of the organizational programs, policies, and practices that employers of various sizes and industry sectors have implemented to support healthy lifestyle behaviors.

CDC is requesting a revision to a previously approved data collection. CDC plans to use an updated version of the Scorecard to expand the number of employers the new Scorecard is offered to. The updated Scorecard is based on a 2017 pilot test to determine the validity and reliability involving 89 employers (each represented by two

knowledgeable employees) who completed the survey and follow-up telephone interviews to gather general impressions of the Scorecard—particularly the new modules— and also to identify any problems with the wording and interpretation of the questions and understand the respondent’s information retrieval and decision-making processes when completing the instrument.

The revised instrument includes some reorganization of the instrument and minor revisions, particularly to the new modules/questions and the question prompts, to better explain and define the context, concepts, or administration of the strategies and interventions contained in the questions. The revised instrument also deleted several questions that respondents indicated were unattainable or generated confusion.

CDC will provide outreach to, and register approximately 800 employers per year to use the online survey, which is open to employers of all sizes, industry sectors, and geographic locations across the country. Scorecard users will create a user account, complete the online assessment and receive an immediate feedback report that summarizes the current status of their worksite health program; identifies gaps in current programming; benchmarks individual employer results against other users of the system; and provides access to worksite health tools and resources to address employer gaps and priority program areas.

CDC will use the information collected to evaluate the effectiveness of the Scorecard in terms of (1) identifying success drivers for building and maintaining successful workplace health programs; (2) raising awareness and knowledge of science-based worksite health programs, policies and practices; and (3) develop additional worksite health tools and resources for employers. The information will also be used to evaluate the impact of the CDC Worksite Health Scorecard on employer adoption of worksite health programs, policies, and environmental supports.

CDC requests a three-year OMB approval for this project. Participation in the Scorecard is voluntary and there are no costs to respondents other than their time. The total estimated annualized burden hours are 667.
