determination of mobile source emissions that, along with other emissions in the nonattainment area, provide for attainment of the ozone standard, and since the Chicago nonattainment area continues to violate the 2008 ozone standard, we find that Wisconsin’s VOC and NOx MVEBs are also not acceptable.

EPA is proposing to disapprove Wisconsin’s maintenance plan and MVEBs for these reasons.

IV. Statutory and Executive Order Reviews

Executive Orders 12866 and 13563: Regulatory Planning and Review

Under Executive Orders 12866 (58 FR 51735, October 4, 1993) and 13563 (76 FR 3821, January 21, 2011), this action is not a “significant regulatory action” and, therefore, is not subject to review by the Office of Management and Budget.

Executive Order 13771: Reducing Regulations and Controlling Regulatory Costs

This action is not expected to be an Executive Order 13771 regulatory action because this action is not significant under Executive Order 12866.

Paperwork Reduction Act

This rule does not impose an information collection burden under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.).

Regulatory Flexibility Act

This action merely proposes to disapprove state requirements as not meeting Federal requirements and imposes no additional requirements beyond those imposed by state law. Similarly, disapproval of a redesignation request only affects the legal designation of an area under the CAA and does not create any new requirements. Accordingly, the Administrator certifies that this rule will not have a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 et seq.).

Unfunded Mandates Reform Act

Because this rule proposes to disapprove pre-existing requirements under state law and does not impose any additional enforceable duty beyond that required by state law, it does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104–4).

Executive Order 13132: Federalism

This action also does not have Federalism implications because it does not have substantial direct effects on the states, on the relationship between the national government and the states, or on the distribution of power and responsibilities among the various levels of government, as specified in Executive Order 13132 (64 FR 43255, August 10, 1999). This action merely proposes to disapprove a state requirement and a redesignation request, and does not alter the relationship or the distribution of power and responsibilities established in the CAA.

Executive Order 13175: Consultation and Coordination With Indian Tribal Governments

In addition, the SIP is not approved to apply on any Indian reservation land or in any other area where EPA or an Indian tribe has demonstrated that a tribe has jurisdiction. In those areas of Indian country, the rule does not have tribal implications and will not impose substantial direct costs on tribal governments or preempt tribal law as specified by Executive Order 13175 (65 FR 67249, November 9, 2000).

Executive Order 13045: Protection of Children From Environmental Health and Safety Risks

This rule also is not subject to Executive Order 13045 “Protection of Children from Environmental Health Risks and Safety Risks” (62 FR 19885, April 23, 1997), because it proposes to disapprove a state requirement and redesignation request.

Executive Order 13211: Actions That Significantly Affect Energy Supply, Distribution, or Use

Because it is not a “significant regulatory action” under Executive Order 12866 or a “significant energy action,” this action is also not subject to Executive Order 13211, “Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use” (66 FR 28355, May 22, 2001).

National Technology Transfer Advancement Act

In reviewing state submissions, EPA’s role is to approve state choices, provided that they meet the criteria of the CAA. In this context, in the absence of a prior existing requirement for the state to use voluntary consensus standards (VCS), EPA has no authority to disapprove a state submission for failure to use VCS. It would thus be inconsistent with applicable law for EPA, when it reviews a state submission, to use VCS in place of a state submission that otherwise satisfies the provisions of the CAA. Thus, the requirements of section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) do not apply.

List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Incorporation by reference, Intergovernmental Relations, Oxides of nitrogen, Ozone, Volatile organic compounds.

Dated: December 20, 2018.

James O. Payne,
Acting Deputy Regional Administrator, Region 5.

BILLING CODE 6560–50–P

DEPARTMENT OF DEFENSE

Defense Acquisition Regulations System

48 CFR Parts 215 and 217

[Docket DARS–2019–0004]

RIN 0750–AJ72

AGENCY: Defense Acquisition Regulations System, Department of Defense (DoD).

ACTION: Proposed rule.

SUMMARY: DoD is proposing to amend the Defense Federal Acquisition Regulation Supplement (DFARS) to implement a section of the National Defense Authorization Act for Fiscal Year 2017 and a section of the National Defense Authorization Act for Fiscal Year 2018 to revise requirements for definitizing undefinitized contract actions.

DATES: Comments on the proposed rule should be submitted in writing to the address shown below on or before April 16, 2019, to be considered in the formation of a final rule.

ADDRESSES: Submit comments identified by DFARS Case 2018–D008, using any of the following methods:

Department of Defense may not enter combatant command, or the Department department, the defense agency, the in the best interests of the military Acquisition and Sustainment, that it is the Under Secretary of Defense for the combatant command concerned, or UCA without a written determination by definitization schedule negotiated in the qualifying proposal.

The definitization of a UCA may

The definition of "qualifying proposal" is being amended to align with the statutory definition at 10 U.S.C. 2306, which is a proposal that contains sufficient information to enable DoD to conduct a "meaningful audit" instead of a "complete and meaningful audit."

This rule does not propose to create any new provisions or clauses or impact any existing provisions or clauses.

Executive Orders 12866 and 13563

Executive Orders (E.O.s) 12866 and 13563 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). E.O. 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This is not a significant regulatory action and, therefore, was not subject to review under section 6(b) of E.O. 12866, Regulatory Planning and Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

Executive Orders 13771

This rule is not expected to be an E.O. 13771 regulatory action, because this rule is not significant under E.O. 12866.

Regulatory Flexibility Act

DoD does not expect this proposed rule to have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act 5 U.S.C. 601, et seq. However, an initial regulatory flexibility analysis has been performed and is summarized as follows:

DoD is proposing to amend the Defense Federal Acquisition Regulation Supplement (DFARS) to modify requirements on undefinitized contractual actions (UCAs) regarding calculations of risk-based profit objectives, timing for definitizations, foreign military sales, and limitations on unilateral definitizations of UCAs over $50 million, in accordance with recently enacted statutory requirements.

The objective is to implement section 811 of the National Defense Authorization Act (NDAA) for Fiscal Year (FY) 2017 (Pub. L. 114–328) and section 815 of the NDAA for FY 2018 (Pub. L. 115–91). Section 811 modifies restrictions on undefinitized contractual actions (UCAs) regarding risk based profit, time for definitization, and foreign military sales. Section 815 establishes limitations on unilateral definitizations of UCAs over $50 million.

The rule is not expected to be an E.O. 12866.
PART 217—SPECIAL CONTRACTING METHODS

217.7401 [Amended]
§ 3. In section 217.7401, amend paragraph (c) introductory text by removing “complete and”.

217.7402 [Amended]
§ 4. Amend section 217.7402 by—
(a) Removing paragraph (a)(1); 
(b) Redesignating paragraphs (a)(2) through (4) as paragraphs (a)(1) through (3); and 
(c) In the newly redesignated paragraphs (a)(1) and (2), remove the semicolons and replace them with periods.

§ 5. Revise section 217.7404 to read as follows:

217.7404 Limitations.
See PGI 217.7404 for additional guidance on obtaining approval to authorize use of an undefinitized contact action, documentation requirements, and other limitations on their use.

(a) Foreign military sales contracts.
(1) A contracting officer may not enter into a UCA for a foreign military sale unless—
(i) The contract action provides for agreement upon contractual terms, specifications, and price by the end of the 180-day period beginning on the date on which the contractor submits a qualifying proposal; and 
(ii) The contracting officer obtains approval from the head of the combatant command concerned, or the commander of the combatant command concerned, or the Department of Defense, respectively, to continue the action;

(b) Unilateral definitization by a contracting officer. Any UCA with a value greater than $50 million may not be unilaterally definitized until—
(A) The earlier of—
(i) The end of the 180-day period, beginning on the date on which the contractor submits a qualifying proposal to definitize the contractual terms, specifications, and price; or 
(ii) The date on which the amount of funds expended under the contractual action is equal to more than 50 percent of the negotiated overall not-to-exceed price for the contractual action; and 
(B) The service acquisition executive for the military department that awarded the contract or the Under Secretary of Defense for Acquisition and Sustainment if the contract was awarded by a defense agency or other component of the Department of Defense, approves the definitization in writing:
(3) The contracting officer provides a copy of the written approval to the contractor; and 
(4) A period of 30 calendar days has elapsed after the written approval is provided to the contractor.

§ 6. Amend section 217.7404–3 by revising paragraph (a)(1) to read as follows:

217.7404–3 Definitization schedule.

(a) * * * 
(1) The date that is 180 days after the contractor submits a qualifying proposal. This date may not be extended beyond an additional 90 days without a written determination by the Secretary of the military department concerned, the head of the defense agency concerned, the commander of the combatant command concerned, or the Under Secretary of Defense for Acquisition and Sustainment that it is in the best interests of the military department, the defense agency, the combatant command, or the Department of Defense, respectively, to continue the action; or

217.7404–5 [Amended]
§ 7. Amend section 217.7404–5, in paragraph (b) introductory text, by removing “217.7404–2” and adding “217.7404(a), 217.7404–2” in its place.

§ 8. Amend section 217.7404–6 by revising paragraph (a) to read as follows:

217.7404–6 Allowable profit.

(a) Any reduced cost risk to the contractor for costs incurred during contract performance before negotiation of the final price. However, if a contractor submits a qualifying proposal to definitize a UCA and the contracting officer for such action definitizes the contract after the end of the 180-day period beginning on the date on which the contractor submitted the qualifying proposal, the profit allowed on the contract shall accurately reflect the cost risk of the contractor as such risk existed on the date the contractor submitted the qualifying proposal.

Jennifer Lee Hawes,
Regulatory Control Officer, Defense Acquisition Regulations System.

Therefore, 48 CFR parts 215 and 217 are proposed to be amended as follows:

1. The authority citation for 48 CFR parts 215 and 217 continues to read as follows:

PART 215—CONTRACTING BY NEGOTIATION

2. In section 215.404–71–3, revise paragraph (d)(2)(i) to read as follows:

* * * * *

(d) * * *

(2) * * *

(i) The contracting officer shall assess the extent to which costs have been incurred prior to definitization of the contract action (also see 217.7404–6(a) and 243.204–70–6). When costs have been incurred prior to definitization, generally regard the contract type risk to be in the low end of the designated range. If a substantial portion of the costs have been incurred prior to definitive, the contracting officer may assign a value as low as 0 percent, regardless of contract type. However, if a contractor submits a qualifying proposal to definitize an undefinitized contract action and the contracting officer for such action definitizes the contract after the end of the 180-day period beginning on the date on which the contractor submitted the qualifying proposal (as defined in 217.7401(c)), the profit allowed on the contract shall accurately reflect the cost risk of the contractor as such risk existed on the date the contractor submitted the qualifying proposal.
