

Total estimated annual burden: 10,448,160 hours. Burden is defined at 5 CFR 1320.3(b).

Total estimated annual costs: \$433,264,055, includes no annualized capital investment or maintenance and operational costs.

Changes in the estimates: There is no change in the number of hours in the total estimated respondent burden compared with that identified in the ICR currently approved by OMB. There is an increase of 3,220 respondents, which is the result of a correction to the Agency's previously reported bottom-line annual estimates. Although the full burden analysis for the currently approved ICR properly accounted for burden imposed on these respondents, these respondents were inadvertently omitted from the total number of respondents reported to OMB. This change is an adjustment.

Director, Collection Strategies Division.
