Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on (202) 205-1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on August 1, 2017, based on a complaint and supplement, filed on behalf of Hologic, Inc. of Marlborough, Massachusetts. 82 FR 35823-24 (Aug. 1, 2017). The complaint, as supplemented, alleges violations of section 337 based upon the importation into the United States, the sale for importation, and the sale within the United States after importation of certain x-ray breast imaging devices and components thereof by reason of infringement of certain claims of U.S. Patent No. 7,831,296; U.S. Patent No. 8,452,379 ("the '379 patent"); U.S. Patent No. 7,688,940; U.S. Patent No. 7,986,765 ("the '765 patent"); and U.S. Patent No. 7,123,684. The complaint further alleges that an industry in the United States exists as required by section 337. The notice of investigation named FUJIFILM Corporation of Tokyo, Japan; FUJIFILM Medical Systems USA, Inc. of Stamford, Connecticut; and FUJIFILM Techno Products Co., Ltd. of Hanamaki-Shi Iwate, Japan (collectively "Fujifilm") as respondents. The Office of Unfair Import Investigations ("OUII") was named as a party. On January 18, 2018, the '765 patent was terminated in its entirety from the investigation. See Order No. 18 (Jan. 18, 2018) (unreviewed). On February 27, 2018, claims 6-10 of the '379 patent were terminated from the investigation. See Order No. 21 (Feb. 27, 2018) (unreviewed).

On July 26, 2018, the administrative law judge ("ALJ") issued the final initial

determination (“ID”) in this investigation. The ALJ found that a violation of section 337 has occurred. On October 24, 2018, the Commission determined to review the ID in part. 83 FR 54608–10 (October 30, 2018).

On February 4, 2019, Hologic and Fujifilm filed a joint motion to terminate the investigation based on a settlement. The motion includes both confidential and public versions of the settlement agreement, and the parties represent that there are no other agreements, written or oral, express or implied between them concerning the subject matter of the proceeding. The parties also contend that the termination of the investigation would not adversely affect the public interest. On February 8, 2019, OUII filed a response in support of the motion.

The Commission has determined to grant the joint motion. The Commission finds that the private parties have complied with the Commission’s Rules, and that termination of the investigation would not adversely affect the public interest. The investigation is terminated.

The authority for the Commission’s determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in part 210 of the Commission’s Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.

Issued: February 13, 2019.

Secretary to the Commission.

BILLING CODE 7020–02–P

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701–TA–556 and 731–TA–1311 (Final) (Remand)]

Truck and Bus Tires From China

Determinations

The United States International Trade Commission (Commission) hereby publishes notice of its final determinations pursuant to the remand ordered by the U.S. Court of International Trade in the antidumping and countervailing duty investigations of truck and bus tires from China. See *Diamond Sawblades Manufacturers Coalition v. United States*, 626 F.3d 1374 (Fed. Cir. 2010); 19 U.S.C. 1673d(d). On the basis of the Court’s remand instructions and the parties’

comments, and the record¹ developed in the subject investigations, the Commission determines, pursuant to the Tariff Act of 1930, that an industry in the United States is materially injured by reason of subject imports of truck and bus tires from China, provided for in subheadings 4011.20.1015 and 4011.20.5020 of the Harmonized Tariff Schedule of the United States, that have been found by the Department of Commerce to be sold in the United States at less than fair value and to be subsidized by the Government of China.²

Background

In February 2017, the Commission issued negative determinations in the antidumping and countervailing duty determinations of truck and bus tires from China. *Truck and Bus Tires from China*, 701–TA–556 and 731–TA–1311 (Final), USITC Pub. 4673 (March 2017). Petitioner, the United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union, AFL–CIO, CLC, appealed the Commission’s negative determinations to the U.S. Court of International Trade. Following briefing and oral argument, the Court, on November 1, 2018, remanded the Commission’s determinations for reconsideration by the Commission. *United Steel, Paper and Forestry, Rubber, Mfg., Energy, Allied Indus. and Serv. Workers Int’l Union v. United States*, Slip Op. 18–151 (Ct. Int’l Trade Nov. 1, 2018).

On January 30, 2019, the Commission on remand issued these affirmative determinations.

By order of the Commission.

Issued: February 12, 2019.
