SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995, we provide the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public’s reporting burden. It also helps us publicize our information collection requirements and provide the requested data in the desired format.

A Federal Register notice with a 60-day public comment period soliciting comments on this collection of information was published on November 23rd, 2018. (83 FR 59413). No comments were received.

We are soliciting comments on the proposed ICR that is described below. We are especially interested in public comment addressing the following issues: (1) Is the collection necessary to the proper functions of the NPS; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the NPS enhance the quality, utility, and clarity of the information to be collected; and (5) how might the NPS minimize the burden of this collection on the respondents, including through the use of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this IC. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract: The NPS is authorized by the National Park Service Protection Interpretation and research in System (54 U.S.C. 106701) to collect this information. The NPS is requesting approval to use mobile and web-based applications (e.g., iNaturalist, eBird, etc) as a means to collect natural history observational information from park visitors during citizen science events. The information will be used to substantiate the occurrence of plant, wildlife and invertebrate species within NPS units during these events. By using citizen science applications, this information will be immediately available to all parks and others interested in species identification and advancing the knowledge of the natural world. Using mobile and web-based applications will enable parks to increase the number of natural history observation records that will contribute to greater understanding of the biodiversity within the park systems.

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337–TA–1087]

Certain Batteries and Electrochemical Devices Containing Composite Separators, Components Thereof, and Products Containing Same; Commission Determination Not To Review an Initial Determination Granting a Joint Motion To Terminate the Investigation Based Upon Settlement; Termination of the Investigation

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined not to review an initial determination (“ID”) (Order No. 42) of the presiding administrative law judge (“ALJ”) granting a joint motion to terminate the investigation based upon settlement. The investigation is terminated.

FOR FURTHER INFORMATION CONTACT: Houda Morad, Office of the General Counsel, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436, telephone (202) 708–4716. Copies of non-confidential documents filed in connection with this investigation are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436, telephone (202) 205–2000. General information concerning the Commission may also be obtained by accessing its internet server at https://www.usitc.gov. The public record for this investigation may be viewed on the Commission’s electronic docket (EDIS) at https://edis.usitc.gov. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission’s TDD terminal on (202) 205–1810.

SUPPLEMENTS INFORMATION: The Commission instituted this investigation on November 28, 2017, based on a complaint, as supplemented, filed by LG Chem, Ltd. of South Korea; LG Chem Michigan Inc. of Holland, Michigan; LG Chem Power Inc. of Troy, Michigan; and Toray Industries, Inc. of Japan. See 82 FR 56265 (Nov. 28, 2017). The complaint alleges violations of section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), based upon the importation into the United States, the sale for importation, and the sale within the United States after
importation of certain batteries and electrochemical devices containing composite separators, components thereof, and products containing same, by reason of infringement of certain claims of U.S. Patent No. 7,662,517; U.S. Patent No. 7,638,241; and U.S. Patent No. 7,709,152. See id. The notice of investigation names AmpereX Technology Limited of Hong Kong; DJI Technology Co., Ltd. of Shenzhen, China; DJI Technology, Inc. of Burbank, California; Guangdong OPPO Mobile, Telecommunications Corp., Ltd. of Guangdong, China; and OPPO Digital, Inc. of Menlo Park, California, as respondents in this investigation. See id. The Office of Unfair Import Investigations is not a party to this investigation. See id.

On January 30, 2019, the parties filed a joint motion to terminate the investigation based on settlement. On February 4, 2019, the ALJ issued the subject ID (Order No. 42) granting the joint motion. The ID finds that “[c]onistent with Commission rule 210.21(b), the parties have filed confidential and public versions of the settlement agreement” and that “the parties state that ‘[t]here are no other agreements, written or oral, express or implied, between the parties concerning the subject matter of the Investigation.’” See id at 1–2 (citing 19 CFR 210.21(b)(1)). The ID also considers the public interest under Commission Rule 210.50(b)(2), 19 CFR 210.50(b)(2), and finds “no evidence . . . indicating that terminating this investigation on the basis of settlement would adversely affect the public health and welfare, competitive conditions in the United States economy, the production of like or directly competitive articles in the United States, or the United States consumers.” See id at 2.

No petition for review of the subject ID was filed. The Commission has determined not to review the ID. The investigation is terminated.

The authority for the Commission’s determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in part 210 of the Commission’s Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.

Lisa Barton,
Secretary to the Commission.
