Obligation To Respond: Required to obtain or retain benefits. Statutory authority for this information collection is contained in the Middle Class Tax Relief and Job Creation Act of 2012, Public Law 112-96 (Spectrum Act) § 6403(b)(4)(A) and Repack Airwaves Yielding Better Access for Users of Modern Services Act of 2018, Public Law 115-141, Div. Nature and Extent of Confidentiality: The information collection includes information identifying bank accounts and providing account and routing numbers to access those accounts. FCC considers that information to be records not routinely available for public inspection under 47 CFR 0.457, and exempt from disclosure under FOIA exemption 4 (5 U.S.C. 552(b)(4)).

Needs and Uses: The Commission is requesting Office of Management and Budget (OMB) approval for revisions to, and a three-year extension of, this information collection as described below.

- There will be 2,500 respondents in FY19, because reimbursements from the Broadcaster Relocation Fund has been expanded to include additional types of eligible entities: TV translator stations, low power TV stations, and FM radio stations. The additional eligible entities will use the form to provide payment instructions to the government.

- A few data elements have been added to adapt the form to the additional types of eligible entities, which do not materially affect respondent burden.

- Instructions have been revised based on the first year's experience with the form, to reduce error rates.

The Spectrum Act requires the Commission to reimburse broadcast television licensees for costs "reasonably incurred" in relocating to new channels assigned in the repacking process and Multichannel Video Programming Distributors (MVPDs) for costs reasonably incurred in order to continue to carry the signals of stations

relocating to new channels as a result of the repacking process or a winning reverse auction bid.¹ RAY BAUM'S Act expands the program to include reimbursement to TV translator stations, low power TV stations, and FM radio stations.²

The information collection for which we are requesting approval is necessary for eligible entities to instruct the Commission on how to pay the approved amounts the entities requested, and for the entities to make certifications that reduce the risk of waste, fraud, abuse and improper payments.
