

Federal fleets to acquire 75 percent of their new covered vehicle acquisitions as alternative fuel vehicles. Pursuant to 42 U.S.C. 13218 of the Energy Policy Act, DOL and other covered agencies are required annually to submit to Congress reports on their Energy Policy Act alternative fuel vehicle acquisition requirements. These reports must also be placed on an available website and their availability, including the website address, must be published in the **Federal Register**. The 2019 penultimate report is required to include an announcement that the report for the next year shall be the final report. DOL annual reports for fiscal years 1999 through 2018 may be accessed at the DOL Fleet Information and Regulations website at <https://www.dol.gov/oasam/programs/boc/EPAct.htm>.

Dated: February 15, 2019.

Bryan Slater,

Assistant Secretary for Administration and Management.

BILLING CODE 4510-04-P

DEPARTMENT OF LABOR

Agency Information Collection Activities; Submission for OMB Review; Comment Request; Evaluation of Strategies Used in TechHire and Strengthening Working Families Initiative (SWFI) Grant Programs

AGENCY: Office of the Assistant Secretary for Policy, Chief Evaluation Office, Department of Labor.

ACTION: Notice of information collection; request for comment.

SUMMARY: The Department of Labor (DOL), as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95). This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents is properly assessed. Currently, DOL is soliciting comments concerning the collection of data about the Evaluation of Strategies Used in TechHire and SWFI Grant Programs. A copy of the proposed Information Collection Request (ICR) can be obtained by

contacting the office listed below in the addressee section of this notice.

DATES: Written comments must be submitted to the office listed in the addressee section below on or before May 6, 2019.

ADDRESSES: You may submit comments by either one of the following methods: *Email:* ChiefEvaluationOffice@dol.gov; *Mail or Courier:* Christina Yancey, Chief Evaluation Office, OASP, U.S. Department of Labor, Room S-2312, 200 Constitution Avenue NW, Washington, DC 20210. *Instructions:* Please submit one copy of your comments by only one method. All submissions received must include the agency name and OMB Control Number identified above for this information collection. Commenters are strongly encouraged to transmit their comments electronically via email or to submit them by mail early. Comments, including any personal information provided, become a matter of public record. They will also be summarized and/or included in the request for OMB approval of the information collection request.

FOR FURTHER INFORMATION CONTACT:

Christina Yancey by email at ChiefEvaluationOffice@dol.gov or by phone at (202)693-5910.

SUPPLEMENTARY INFORMATION:

I. Background: The Chief Evaluation Office (CEO), in collaboration with the Employment and Training Administration (ETA), of DOL seeks to build evidence about effective approaches to prepare Americans with skills and connect them to well-paying, middle- and high-skilled, and high growth jobs in H-IB industries (such as IT, healthcare, advanced manufacturing, financial services, and broadband). The evaluation will advance the evidence on innovative approaches being used to meet these goals in the TechHire Partnership (TechHire) and Strengthening Working Families Initiative (SWFI) grant programs. The evaluation will include two components, an implementation study and an impact study. This **Federal Register** Notice provides the opportunity to comment on the proposed data collection instrument that will be used in the last stage of the impact study. The goal of the impact study is to provide rigorous evidence on the effectiveness of strategies used in the TechHire and SFWI grant programs. The impact study consists of both a randomized controlled trial (RCT) and a quasi-experimental design (QED) evaluation. Five grantees have been selected to participate in an RCT. The QED includes all 53 TechHire and SWFI grantees and uses the pooled RCT

control group as the comparison group using propensity score matching. The QED will collect data from an existing wage record data. It will also use data from the implementation study in an effort to analyze how variation in program correlates with implementation factors.

In January 2018, OMB approved the baseline data collection for this evaluation (OMB 1290-0014), which includes a baseline information form (BIF), 6-month follow-up participant survey, a participant tracking form, and a first round of site visit interviews. A second data collection for this evaluation is currently under review by OMB. This second collection includes a survey of grantees, semi-structured telephone interviews with grantees, a template for partner contact information, a survey of partners, semi-structured telephone interviews with partners, and a second round of site visit interviews. This **Federal Register** Notice provides the opportunity to comment on the proposed data collection instrument that will be used in the last stage of this evaluation.

- *18-month participant follow-up survey.* The 18 month follow-up survey is the last piece of data collection required for this study. It will be administered 18 months after random assignment, to both the treatment and control groups. The purpose of the survey is to collect information on outcomes not available in existing data. These include current and past employment situation, hours worked, wages, shift work, employer benefits, job search activities, job satisfaction, promotion, education and training participation, criminal justice involvement, and childcare. The information will be delivered via a web survey, with three reminders sent via text message, email, and additional follow-up via telephone and field locator engagement.

II. Desired Focus of Comments:

Currently, DOL is soliciting comments concerning the above data collection for the Evaluation of Strategies Use in the TechHire and SWFI programs. DOL is particularly interested in comments that do the following:

- Evaluate whether the proposed collection of information is necessary for the proper performance functions of the agency, including whether the information will have practical utility;
- evaluate the accuracy of the agency's burden estimate of the proposed information collection, including the validity of the methodology and assumptions;

- enhance the quality, utility, and clarity of the information to be collected; and
- minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or

other forms of information technology—for example, permitting electronic submissions of responses.

III. Current Actions: At this time, DOL is requesting clearance for an 18-month participant follow-up survey.

Type of Review: New information collection request.

OMB Control Number: 1290–0NEW.

Affected Public: TechHire and SWFI grantees and partners.

Comments submitted in response to this request will be summarized and/or included in the request for Office of Management and Budget approval of the information collection request; they will also become a matter of public record.

ESTIMATED ANNUAL BURDEN HOURS

Type of instrument (form/activity)	Number of respondents	Number of responses per respondent	Total number of responses	Average burden time per response (hours)	Estimated burden hours
18-month follow up participant survey	454 ^a	1	454	.5	227

^aBased on an expected 80% response rate from participants.

Molly Irwin,
Chief Evaluation Officer, U.S. Department of Labor.

DEPARTMENT OF LABOR

Bureau of Labor Statistics

Proposed Collection, Comment Request

ACTION: Notice.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95). This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. The Bureau of Labor Statistics (BLS) is soliciting comments concerning the proposed extension of the “Veterans Supplement to the Current Population Survey (CPS),” to be conducted in August 2019, August 2020, and August 2021.

A copy of the proposed information collection request (ICR) can be obtained by contacting the individual listed below in the Addresses section of this notice.

DATES: Written comments must be submitted to the office listed in the **ADDRESSES** section of this notice on or before May 6, 2019.

ADDRESSES: Send comments to Erin Good, BLS Clearance Officer, Division of Management Systems, Bureau of Labor Statistics, Room 4080, 2 Massachusetts Avenue NE, Washington, DC 20212. Written comments also may be transmitted by fax to 202–691–5111 (this is not a toll free number).

FOR FURTHER INFORMATION CONTACT: Erin Good, BLS Clearance Officer, 202–691–7763 (this is not a toll free number). (See **ADDRESSES** section.)

SUPPLEMENTARY INFORMATION:

I. Background

The CPS has been the principal source of the official Government statistics on employment and unemployment since 1940. Collection of labor force data through the CPS is necessary to meet the requirements in Title 29, United States Code, Sections 1 and 2. The Veterans Supplement provides information on the labor force status of veterans with a service-connected disability; combat-zone veterans; past or present National Guard and Reserve members; recently discharged veterans; and Afghanistan, Iraq, and Vietnam veterans. The supplement also provides information on veterans’ participation in various transition and employment and training programs. The data collected through this supplement will be used by the Veterans Employment and Training Service and the Department of Veterans Affairs to determine policies that better meet the needs of our Nation’s veteran population.

II. Current Action

Office of Management and Budget clearance is being sought for the Veterans Supplement to the CPS. An extension without change of a currently approved collection is needed to continue to provide the Nation with

timely information about the labor force status of veterans with a service-connected disability; combat-zone veterans; past or present National Guard and Reserve members; recently discharged veterans; and veterans who have served in Afghanistan, Iraq, or Vietnam.

III. Desired Focus of Comments

The Bureau of Labor Statistics is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility.
- Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used.
- Enhance the quality, utility, and clarity of the information to be collected.
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

Type of Review: Extension without change of a currently approved collection.

Agency: Bureau of Labor Statistics.
Title: Veterans Supplement to the CPS.

OMB Number: 1220–0102.
Affected Public: Households.
Total Respondents: 7,800.
Frequency: Annually.
Total Responses: 7,800.
Average Time per Response: Approximately 3.25 minutes.
