

Rules and Regulations

Federal Register

Vol. 84, No. 45

Thursday, March 7, 2019

This section of the FEDERAL REGISTER contains regulatory documents having general applicability and legal effect, most of which are keyed to and codified in the Code of Federal Regulations, which is published under 50 titles pursuant to 44 U.S.C. 1510.

The Code of Federal Regulations is sold by the Superintendent of Documents.

Hiring Flexibility Under Professional Standards; Correction

AGENCY: Food and Nutrition Service (FNS), USDA.

ACTION: Final rule; correction.

SUMMARY: This document contains a correction to the final rule published in the **Federal Register** on March 1, 2019, “Hiring Flexibility Under Professional Standards.”

DATES: This correction is effective April 30, 2019.

FOR FURTHER INFORMATION CONTACT: Tina Namian, Chief, School Programs Branch, Policy and Program Development Division, Food and Nutrition Service, 3101 Park Center Drive, 12th floor, Alexandria, Virginia 22302; 703–305–2590.

SUPPLEMENTARY INFORMATION: The Food and Nutrition Service published a final rule in the **Federal Register**, 84 FR 6953, on March 1, 2019, to add four flexibilities to the hiring standards for new school nutrition program directors in small local educational agencies (LEAs) and new State directors of school nutrition programs under the Professional Standards regulations for the National School Lunch Program and School Breakfast Program. First, to address hiring challenges faced by small LEAs, which are those with 2,499 or fewer students, this rule requires relevant food service experience rather than school nutrition program experience for new school nutrition program directors. Second, it provides State agencies with discretion to consider documented volunteer or unpaid work as relevant experience for new school nutrition program directors in LEAs with 2,499 or fewer students. Third, it gives State agencies discretion

to accept less than the required years of food service experience when an applicant for a new director position in an LEA with fewer than 500 students has the minimum required education. Lastly, this rule adds flexibility to the hiring standards for State directors of school nutrition programs by allowing State agencies to consider applicants with either a bachelor’s or advanced degree in specified fields. These changes are expected to expand the pool of candidates qualified to serve as leaders in the school nutrition programs while continuing to ensure that school nutrition professionals are able to perform their duties effectively and efficiently.

Need for Correction

The table in § 230.30, paragraph (b)(2), omitted a change to the standards. This document corrects those errors.

Therefore, in FR Doc. No. 2019–03524, appearing on page 6953 in the issue of March 1, 2019, make the following correction;

§ 210.30 [Corrected]

- 1. On page 6960, correct the table in § 210.30(b)(2) to read as follows:

SUMMARY OF SCHOOL NUTRITION PROGRAM DIRECTOR PROFESSIONAL STANDARDS BY LOCAL EDUCATIONAL AGENCY SIZE

Minimum requirements for directors	Student enrollment 2,499 or less	Student enrollment 2,500–9,999	Student enrollment 10,000 or more
Minimum Education Standards (required) (<i>new directors only</i>).	Bachelor’s degree, or equivalent educational experience, with academic major or concentration in food and nutrition, food service management, dietetics, family and consumer sciences, nutrition education, culinary arts, business, or a related field; OR Bachelor’s degree, or equivalent educational experience, with any academic major or area of concentration, <i>and</i> either a State-recognized certificate for school nutrition directors or at least 1 year of relevant food service experience;	Bachelor’s degree, or equivalent educational experience, with academic major or concentration in food and nutrition, food service management, dietetics, family and consumer sciences, nutrition education, culinary arts, business, or a related field; OR Bachelor’s degree, or equivalent educational experience, with any academic major or area of concentration, <i>and</i> a State-recognized certificate for school nutrition directors;	Bachelor’s degree, or equivalent educational experience, with academic major or concentration in food and nutrition, food service management, dietetics, family and consumer sciences, nutrition education, culinary arts, business, or a related field; OR Bachelor’s degree, or equivalent educational experience, with any academic major or area of concentration, <i>and</i> a State-recognized certificate for school nutrition directors;
	OR	OR	OR

SUMMARY OF SCHOOL NUTRITION PROGRAM DIRECTOR PROFESSIONAL STANDARDS BY LOCAL EDUCATIONAL AGENCY SIZE—Continued

Minimum requirements for directors	Student enrollment 2,499 or less	Student enrollment 2,500–9,999	Student enrollment 10,000 or more
Minimum Education Standards (preferred) (<i>new directors only</i>). DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 25

[Docket No. FAA-2017-0240; Special Conditions No. 25-691A-SC]

Special Conditions: Gulfstream Aerospace Corporation Model GVII-G500 Airplanes; Airbag Systems on Multiple-Place and Single-Place Side-Facing Seats

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final special conditions.

SUMMARY: These special conditions are issued for the Gulfstream Aerospace Corporation (Gulfstream) Model GVII-G500 airplane. This amendment changes an error in a reference to a special conditions number and adds one special condition. This airplane will

have a novel or unusual design feature when compared to the state of technology envisioned in the airworthiness standards for transport-category airplanes. This design feature is airbag systems on multiple-place and single-place side-facing seats. The applicable airworthiness regulations do not contain adequate or appropriate safety standards for this design feature. These special conditions contain the additional safety standards that the Administrator considers necessary to establish a level of safety equivalent to that established by the existing airworthiness standards.

DATES: Effective March 7, 2019.

FOR FURTHER INFORMATION CONTACT: Alan Sinclair, Airframe and Cabin Safety Section, AIR-675, Transport Standards Branch, Policy and Innovation Division, Aircraft Certification Service, Federal Aviation Administration, 2200 South 216th Street, Des Moines, Washington 98198; telephone and fax 206-231-3215.

SUPPLEMENTARY INFORMATION:

Background

On March 29, 2012, Gulfstream Aerospace Corporation applied for a

type certificate for its new Model GVII-G500 airplane. The Model GVII-G500 airplane will be a twin-engine, transport-category, business jet capable of accommodating up to 19 passengers. The Model GVII-G500 airplane will have a maximum takeoff weight of 76,850 lbs.

The FAA issued, on June 8, 2017, “final special conditions, request for comments” for airbag systems on multiple-place and single-place side-facing seats installed in Gulfstream Model GVII-G500 airplanes. The special conditions were published in the **Federal Register** on June 19, 2017 (82 FR 27771). These final special conditions amend those published on June 19, 2017 (82 FR 27771).

Type Certification Basis

Under the provisions of title 14, Code of Federal Regulations (14 CFR) 21.17, Gulfstream must show that the Model GVII-G500 airplane meets the applicable provisions of 14 CFR part 25, as amended by amendments 25-1 through 25-129.

If the Administrator finds that the applicable airworthiness regulations (*i.e.*, part 25) do not contain adequate or appropriate safety standards for the
