The statute authorizes the Maritime Administrator to provide assistance in the form of grants to make capital and related improvements in small shipyards and to provide training for workers in shipbuilding, ship repair, and associated industries. The Consolidated Appropriations Act, 2019, appropriated \$20,000,000 to the Small Shipyard Grant Program. The purpose of the Program is to foster efficiency, competitive operations, and quality ship construction, repair, and reconfiguration in small shipyards across the United States in addition to fostering employee skills and enhanced productivity related to shipbuilding, ship repair, and associated industries.

B. Federal Award Information

Under the Small Shipyard Grant Program, \$19,600,000 is available for grants for: (1) Capital and related improvements to qualified shipyard facilities that will be effective in fostering efficiency, competitive operations, and quality ship construction, repair, and
