

unlikely to result in adverse or negative comments. It, therefore: (1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

**Environmental Review**

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1F, “Environmental Impacts: Policies and Procedures,” paragraph 5–6.5.a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

**I. Background**

The Federal Civil Penalties Inflation Adjustment Act of 1990, as amended by the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015 (collectively, “the Act”), codified at 28 U.S.C. 2461 note (LEXIS through Pub. L. 115–90, approved 12/8/17), requires Federal agencies to adjust their civil monetary penalty (CMP) rates for inflation every year.

In accordance with sections 4 and 5 of the Act, the annual CMP inflation adjustment for 2019 is based on the percent change in the Consumer Price Index for all Urban Consumers (CPI–U) between October 2017 and October 2018. The CPI–U for October 2017 was 246.663, and for October 2018 was 252.885, for an increase of 2.522%. In accordance with section 5(a) of the Act, the new maximum CMP rates must be rounded to the nearest whole dollar. In accordance with section 6 of the Act, the new maximum penalty rates will apply only to CMPs, including those which are associated with violations predating the increase, that are assessed after the date the increase takes effect.

ONRR assesses CMPs under the Federal Oil and Gas Royalty Management Act, 30 U.S.C. 1719, and our regulations at 30 CFR part 1241. We calculate and assess CMPs per violation, at the applicable rate, for each day such violation continues.

**II. Inflation-Adjusted Maximum Rates**

This final rule increases the maximum CMP rates for each of the four categories of violations identified in 30 U.S.C. 1719(a)–(d) and 30 CFR part 1241. The following list identifies the existing ONRR regulations containing CMP rates and shows those rates before and after this increase.

**IV. Procedural Requirements**

*A. Regulatory Planning and Review (Executive Orders 12866 and 13563)*

Executive Order (E.O.) 12866 provides that the Office of Information and Regulatory Affairs (OIRA) in OMB will review all significant rules. OIRA has determined that this rule is not significant.

E.O. 13563 reaffirms the principles of E.O. 12866, while calling for improvements in the Nation’s regulatory system to promote predictability, to reduce uncertainty, and to use the best, most innovative, and least burdensome tools for achieving regulatory ends. E.O. 13563 directs agencies to consider regulatory approaches that reduce burdens and maintain flexibility and freedom of choice for the public where these approaches are relevant, feasible, and consistent with regulatory objectives. E.O. 13563 emphasizes further that regulations must be based on the best available science and that the rulemaking process must allow for public participation and an open exchange of ideas. We developed this rule in a manner consistent with these requirements.

*B. Regulatory Flexibility Act*

This rule will not have a significant economic effect on a substantial number of small entities under the Regulatory Flexibility Act (RFA, 5 U.S.C. 601 *et seq.*) because the rule only makes adjustments for inflation. The Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015 requires agencies to adjust civil penalties with an annual inflation adjustment. Therefore, the RFA does not apply to this rulemaking.

*C. Small Business Regulatory Enforcement Fairness Act*

This rule is not a major rule under 5 U.S.C. 804(2), the Small Business Regulatory Enforcement Fairness Act. This rule:

- a. Does not have an annual effect on the economy of \$100 million or more.
- b. Will not cause a major increase in costs or prices for consumers; individual industries; Federal, State, local government agencies; or geographic regions.
- c. Does not have significant adverse effects on competition, employment,

investment, productivity, innovation, or the ability of United States-based enterprises to compete with foreign-based enterprises.

*D. Unfunded Mandates Reform Act*

This rule does not impose an unfunded mandate on State, local, or Tribal governments or the private sector of more than \$100 million per year. This rule does not have a significant or unique effect on State, local, or Tribal governments or the private sector. Therefore, we are not required to provide a statement containing the information that the Unfunded Mandates Reform Act (2 U.S.C. 1531 *et seq.*) requires because this rule is not an unfunded mandate.

*E. Takings (E.O. 12630)*

This rule does not result in a taking of private property or otherwise have taking implications under E.O. 12630. Therefore, this rule does not require a takings implication assessment.

*F. Federalism (E.O. 13132)*

Under the criteria in section 1 of E.O. 13132, this rule does not have sufficient Federalism implications to warrant the preparation of a Federalism summary impact statement. Therefore, this rule does not require a Federalism summary impact statement.

*G. Civil Justice Reform (E.O. 12988)*

This rule complies with the requirements of E.O. 12988. Specifically, this rule:

- a. Meets the criteria of section 3(a), which requires that we review all regulations to eliminate errors and ambiguity and to write them to minimize litigation.
- b. Meets the criteria of section 3(b)(2), which requires that we write all regulations in clear language using clear legal standards.

*H. Consultation With Indian Tribal Governments (E.O. 13175)*

The Department strives to strengthen its government-to-dash;government relationship with the Indian Tribes through a commitment to consultation with the Indian Tribes and recognition of their right to self-governance and Tribal sovereignty. Under the Department’s consultation policy and the criteria in E.O. 13175, we evaluated this rule and determined that it will

have no substantial direct effects on Federally-recognized Indian Tribes and does not require consultation.

*I. Paperwork Reduction Act*

This rule:

- (a) Does not contain any new information collection requirements.
- (b) Does not require a submission to OMB under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*). See 5 CFR 1320.4(a)(2).

*J. National Environmental Policy Act of 1969 (NEPA)*

This rule does not constitute a major Federal action significantly affecting the quality of the human environment. We are not required to provide a detailed statement under NEPA because this rule qualifies for categorical exclusion under 43 CFR 46.210(i) in that this rule is “. . . of an administrative, financial, legal, technical, or procedural nature. \* \* \*” We also have determined that this rule is not involved in any of the extraordinary circumstances listed in 43 CFR 46.215 that would require further analysis under NEPA.

*K. Effects on the Energy Supply (E.O. 13211)*

This rule is not a significant energy action under the definition in E.O. 13211 and, therefore, does not require a Statement of Energy Effects.

*L. Clarity of This Regulation*

We are required by E.O. 12866 (section 1(b)(12)), E.O. 12988 (section 3(b)(1)(B)), and E.O. 13563 (section 1(a)), and by the Presidential Memorandum of June 1, 1998, to write all rules in plain language. This means that each rule we publish must:

- (a) Be logically organized.
- (b) Use the active voice to address readers directly.
- (c) Use common, everyday words and clear language rather than jargon.
- (d) Be divided into short sections and sentences.
- (e) Use lists and tables wherever possible.

If you feel that we have not met these requirements, send your comments to [Luis.Aguilar@onrr.gov](mailto:Luis.Aguilar@onrr.gov). Your comments should be as specific as possible. For example, you should tell us the numbers of the sections or paragraphs that you find unclear, which sections or

sentences are too long, the sections where you feel lists or tables would be useful, etc.

#### M. Administrative Procedure Act (APA)

The Act requires agencies to publish annual inflation adjustments by no later than January 15 of each year, notwithstanding section 553 of the Administrative Procedure Act (APA) (5 U.S.C. 553). OMB has interpreted this direction to mean that the usual APA public procedure for rulemaking—which includes public notice of a proposed rule, an opportunity for public comment, and a delay in the effective date of a final rule—is not required when agencies issue regulations to implement the annual adjustments to civil penalties that the Act requires. Accordingly, we are issuing the 2019 annual adjustments as a final rule without prior notice or an opportunity for comment and with an effective date immediately upon publication in the **Federal Register**.

Section 553(b) of the Administrative Procedure Act (APA) provides that, when an agency for good cause finds that “notice and public procedure . . . are impracticable, unnecessary, or contrary to the public interest,” the agency may issue a rule without providing notice and an opportunity for prior public comment. Under section 553(b), ONRR finds that there is good cause to promulgate this rule without first providing for public comment. ONRR is promulgating this final rule to implement the statutory directive in the Act, which requires agencies to publish a final rule and to update the civil penalty amounts by applying a specified formula. We have no discretion to vary the amount of the adjustment to reflect any views or suggestions provided by commenters. Accordingly, it would serve no purpose to provide an opportunity for public comment on this rule prior to promulgation. Thus, providing for notice and public comment is unnecessary.

Furthermore, ONRR finds under section 553(d)(3) of the APA that good cause exists to make this direct final rule effective immediately upon publication in the **Federal Register**. In the Act, Congress expressly required Federal agencies to publish annual inflation adjustments to civil penalties in the **Federal Register** no later than January 15 of every year, notwithstanding section 553 of the APA. Under the statutory framework and OMB guidance, the new penalty levels are to take effect immediately upon publication. Moreover, an effective date after January 15 would delay

application of the new penalty levels, contrary to Congress’s intent.

#### Drawbridge Operation Regulation; Mill Basin, Brooklyn, NY

**AGENCY:** Coast Guard, DHS.

**ACTION:** Final rule.

**SUMMARY:** The Coast Guard is removing the existing drawbridge operation regulation for the New York City Highway Bridge across Mill Basin, mile 0.8, at Brooklyn, New York. The drawbridge was replaced with a fixed bridge in December 2017 and the

##### II. Background Information and Regulatory History

The Coast Guard is issuing this final rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because the New York City Highway Bridge, that once required draw operations in 33 CFR 117.795(b), was replaced with a fixed bridge in December 2017. It is unnecessary to publish a NPRM because this regulatory action does not purport to place any restrictions on mariners but rather removes a restriction that has no further use or value.

We are issuing this rule under 5 U.S.C. 553(d)(3). The Coast Guard finds that good cause exists for making this rule effective in less than 30 days after publication in the **Federal Register**. The bridge has been a fixed bridge for 12 months and this rule merely requires an administrative change to the **Federal Register**, in order to omit a regulatory requirement that is no longer applicable or necessary. The modification has already taken place and the removal of
