Abstract of Proposed Collection

The Directorate of Defense Trade Controls (DDTC), located in the Political-Military Affairs Bureau of the Department of State, encourages voluntary disclosures of violations of the Arms Export Control Act (AECA) (22 U.S.C. 2751 *et seq.*), its implementing regulations, the International Traffic in Arms Regulations (ITAR) (22 CFR 120-130), and any regulation, order, license, or other authorization issued thereunder. The information disclosed is analyzed by DDTC to ultimately determine whether to take administrative action concerning any violation that may have occurred.

Voluntary disclosure may be considered a mitigating factor in determining the administrative penalties, if any, that may be imposed. Failure to report a violation may result in circumstances detrimental to the U.S. national security and foreign policy interests and will be an adverse factor in determining the appropriate disposition of such violations. Also, the activity in question might merit referral to the Department of Justice for consideration of whether criminal prosecution is warranted. In such cases, DDTC will notify the Department of Justice of the voluntary nature of the disclosure, but the Department of Justice is not required to give that fact any weight.

ITAR § 127.12 enunciates the information which should accompany a voluntary disclosure. Historically, respondents to this information collection submitted their disclosures to DDTC in writing via hard copy documentation. However, as part of an IT modernization project designed to streamline the collection and use of information by DDTC, a discrete form has been developed for the submission of voluntary disclosures. This will allow both DDTC and respondents submitting a disclosure to more easily track submissions.

Methodology

This information will be collected by electronic submission.

Anthony Dearth,

Chief of Staff, Directorate of Defense Trade Controls, Department of State.
