7 CFR Parts 51 and 52

[Doc. No. AMS–SC–16–0106]

Fresh Fruits, Vegetables and Other Products Inspection, Certification and Standards and Processed Fruits and Vegetables, Processed Products Thereof, and Certain Other Processed Food Products; Removal of Power of Attorney and Other Administrative Changes

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Final rule.

SUMMARY: This rule modifies regulations and standards issued pursuant to the Agricultural Marketing Act of 1946 by removing references to power of attorney. Further, this rule modifies language to ensure consistency between the regulations and standards for fresh and processed fruits and vegetables. Power of Attorney is an outdated, cumbersome tool that increases the cost and record retention requirements for stakeholders when conducting business. We are making these changes to eliminate these requirements. This will allow us to provide services to our customers faster and without the financial and record retention burden. The functions of the Power of Attorney are currently done by a Supervisor or “inspector in charge”.

DATES: Effective March 11, 2019.

SUPPLEMENTARY INFORMATION: Section 203(c) (7 U.S.C. 1622(c)) of the Agricultural Marketing Act of 1946 (7

U.S.C. 1621–1627) (Act of 1946), as amended, directs and authorizes the Secretary of Agriculture to “develop and improve standards of quality, condition, quantity, grade, and packaging, and recommend and demonstrate such standards in order to encourage uniformity and consistency in commercial practices.” Parts 51 and 52 of title 7 of the Code of Federal Regulations specify the inspection, certification, and standard requirements for fresh and processed fruit, vegetable, and specialty crops. This action removes the current language in §§ 51.19 and 52.18 referencing power of attorney. Further, language in § 51.19(a)(3) will be added to § 52.18 and language in part 52 referencing “inspector in charge” will be added to part 51 to make the sections consistent. Power of Attorney is an outdated, cumbersome tool that increases the cost and record retention requirements for stakeholders when conducting business. We are making these changes to eliminate these requirements. This will allow us to provide services to our customers faster and without the financial and record retention burden. The functions of the Power of Attorney are currently done by a Supervisor or “inspector in charge”.

The Department of Agriculture (USDA) is issuing this rule in conformance with Executive Orders 13563, and 13175. This action falls within a category of regulatory actions that the Office of Management and Budget (OMB) exempted from Executive Order 12866 review. Additionally, because this rule does not meet the definition of a significant regulatory action, it does not trigger the requirements contained in Executive Order 13771. See OMB’s Memorandum titled “Interim Guidance Implementing Section 2 of the Executive Order of January 30, 2017, titled ‘Reducing Regulation and Controlling Regulatory Costs’” (February 2, 2017).

This final rule has been reviewed under Executive Order 12988, Civil Justice Reform. This rule is not intended to have retroactive effect and does not preempt any state or local law, regulation, or policy unless it presents an irreconcilable conflict with this rule. There are no administrative procedures which must be exhausted prior to any judicial challenge to the provisions of this rule.

Administrative Procedure Act and Regulatory Flexibility Act

This final rule revises agency rules of practice and procedure. Under the Administrative Procedure Act, prior notice and opportunity for comment are not required for the revision of agency rules of practice and procedure. 5 U.S.C. 553(b)(3)(A). Only substantive rules require publication 30 days prior to their effective date. 5 U.S.C. 553(d). Therefore, this final rule is effective upon publication in the **Federal Register**.

In addition, because prior notice and opportunity for comment are not required, this final rule is exempt from the requirements of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*

Paperwork Reduction Act

This rule contains no information collection or recordkeeping requirements under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

E-Government Act

AMS is committed to complying with the E-Government Act to promote the use of the internet and other information technologies, to provide increased opportunities for citizen access to Government information and services, and for other purposes.

USDA has not identified any relevant Federal rules that duplicate, overlap, or conflict with this final rule.

Federal Milk Marketing Orders—Amending the Class I Skim Milk Price Formula

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Final rule.

SUMMARY: This final rule amends the Class I skim milk price formula for milk pooled under Federal milk marketing orders (FMMO) as required by the Agriculture Improvement Act of 2018 (2018 Farm Bill). Under the amended price formula, the Class I skim milk price will be the simple average of the monthly advanced pricing factors for Class III and Class IV skim milk, plus \$0.74 per cwt, plus the applicable adjusted Class I differential. Prior to this amendment, the Class I skim milk price was the higher of the two advanced pricing factors, plus the applicable adjusted Class I differential.

DATES: This rule becomes effective May 1, 2019.

FOR FURTHER INFORMATION CONTACT: Erin Taylor, Acting Director, Order

Formulation and Enforcement Division, USDA/AMS/Dairy Program, STOP 0231, Room 2963, 1400 Independence Ave. SW, Washington, DC 20250–0231; telephone: (202) 720–7311; or email: erin.taylor@usda.gov.

SUPPLEMENTARY INFORMATION: On December 20, 2018, the Agriculture Improvement Act of 2018 (Pub. L. 115–334)(2018 Farm Bill) amended the Agricultural Marketing Agreement Act of 1937,¹ as amended (AMAA), by revising the provision related to determining the monthly Class I skim milk price for Class I milk regulated under each of the FMMO. Amendment to the AMAA requires conforming changes to the FMMO regulations that specify the Class I skim milk price formula. Previously, the regulations specified that the Class I skim milk price was the higher of the monthly advanced pricing factors for Class III and Class IV skim milk, plus the applicable adjusted Class I differential. This rule revises the regulations to specify that the Class I skim milk price will be the simple average of the two advanced pricing factors, plus \$0.74, plus the applicable adjusted Class I differential. In accordance with the 2018 Farm Bill, the amendment is effective indefinitely, until further modified, and may not be modified earlier than two years after the effective date of this rule. The formula may be modified after the two-year period through the standard FMMO amendment process.

Final Action

In accordance with the 2018 Farm Bill, this final rule amends the Class I skim milk price formula for milk pooled under Federal milk marketing orders. Under the amended price formula, the Class I skim milk price will be the simple average of the monthly advanced pricing factors for Class III and Class IV skim milk, plus \$0.74 per cwt, plus the applicable adjusted Class I differential.

Section 1403(b)(2)(B) of the 2018 Farm Bill provides that the implementation of the regulations to amend the Class I skim milk price formula shall not be subject to the notice and comment requirements of the Administrative Procedure Act (5 U.S.C. 553), the notice and hearing requirements of section 8c(3) of the Agricultural Adjustment Act (7 U.S.C. 608c(3)), the order amendment requirements of section 8c(17) of that Act (7 U.S.C. 608c(17)), nor a referendum under section 8c(19) of the same Act (7 U.S.C. 608c(19)). Additionally, this final rule must become effective on May 1, 2019, as
