

1242(h) of the Food Security Act of 1985 (16 U.S.C. 3842(h)), to require expedited revision of conservation practice standards by USDA. The review is for the conservation practice standards, including engineering design specifications, that were in effect on December 19, 2018. In keeping with the review requirement, NRCS will:

- Evaluate opportunities to increase flexibility in the conservation practice standards in a manner that ensures equivalent natural resource benefits;
- Provide the optimal balance between meeting site-specific conservation needs and minimizes risks of design failure and associated costs of construction and installation; and
- Ensure, to the maximum extent practicable, the completeness and relevance of the standards to local agricultural, forestry, and natural resource needs, including specialty crops, native and managed pollinators, bioenergy crop production, forestry, and such other needs as are determined by NRCS.

To obtain the widest possible input and to ensure the revision of the standards fully meets the intent and spirit of the expedited conservation practice review requirements, NRCS is requesting comments from the public on its conservation practice standards through April 25, 2019. The specific content of the standards can be found online at: http://www.nrcs.usda.gov/wps/portal/nrcs/detailfull/national/technical/cp/ncps/?cid=nrcs143_026849.

This notice announces that NRCS will be reviewing the national conservation practice standards in the National Handbook of Conservation Practices and is requesting comments from the public about how to improve the conservation practice standards. NRCS specifically requests comments that include peer reviewed scientific literature references or other supporting scientific data, if available, for recommended changes or additions to standards.

Further information on NRCS national conservation practice standards can be found at: <https://www.nrcs.usda.gov/wps/portal/nrcs/main/national/technical/cp/ncps/>. Further information on Conservation Innovation Grants can be found at: <https://www.nrcs.usda.gov/wps/portal/nrcs/main/national/programs/financial/cig/>.
