

LDW line pipe from China and the antidumping and countervailing duty investigations on LDW structural pipe from India. Finally, the Commission has determined that an industry in the United States is not materially injured or threatened with material injury by reason of LTFV and subsidized imports of stainless steel LDW pipe from China and India.

Commerce has issued final affirmative determinations with respect to LTFV imports of LDW pipe from Canada,³ Greece,⁴ Korea,⁵ and Turkey,⁶ and imports of LDW pipe subsidized by the governments of Korea⁷ and Turkey.⁸ Accordingly, the Commission currently is issuing a supplemental schedule for its investigations on LTFV imports of LDW pipe from Canada, Greece, Korea, and Turkey, and on imports of LDW pipe subsidized by the governments of Korea and Turkey. This supplemental schedule is as follows: the deadline for filing supplemental party comments on Commerce's final antidumping and countervailing duty determinations is March 11, 2019. Supplemental party comments may address only Commerce's final determinations regarding LTFV imports of LDW pipe from Canada, Greece, Korea, and Turkey and imports of LDW pipe subsidized by the governments of Korea and Turkey. These supplemental final comments may not contain new factual information and may not exceed five (5) pages in length. The supplemental staff report in the final phase of these investigations regarding subject imports from Canada, Greece, Korea, and Turkey will be placed in the nonpublic record on March 21, 2019; and a public version will be issued thereafter.

For further information concerning these investigations see the Commission's notice cited above and the Commission's Rules of Practice and Procedure, part 201, subparts A and B (19 CFR part 201), and part 207, subparts A and C (19 CFR part 207).
