

sections 201.6, 207.3, and 207.7 of the Commission's rules. The Commission's *Handbook on E-Filing*, available on the Commission's website at <https://edis.usitc.gov>, elaborates upon the Commission's rules with respect to electronic filing.

Additional written submissions to the Commission, including requests pursuant to section 201.12 of the Commission's rules, shall not be accepted unless good cause is shown for accepting such submissions, or unless the submission is pursuant to a specific request by a Commissioner or Commission staff.

In accordance with sections 201.16(c) and 207.3 of the Commission's rules, each document filed by a party to the investigations must be served on all other parties to the investigations (as identified by either the public or BPI service list), and a certificate of service must be timely filed. The Secretary will not accept a document for filing without a certificate of service.

**Authority:** These investigations are being conducted under authority of title VII of the Tariff Act of 1930; this notice is published pursuant to section 207.21 of the Commission's rules.

By order of the Commission.

Issued: March 8, 2019.

**BILLING CODE 7020-02-P**

**DEPARTMENT OF JUSTICE**

[OMB Number 1117-0033]

**Agency Information Collection Activities; Proposed eCollection, eComments Requested; Extension Without Change of a Previously Approved Collection Report of Mail Order Transactions**

**AGENCY:** Drug Enforcement Administration, Department of Justice.

**ACTION:** 60-Day notice.

**SUMMARY:** The Department of Justice (DOJ), Drug Enforcement Administration (DEA), will be submitting the following information collection request to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995.

**DATES:** Comments are encouraged and will be accepted for 60 days until May 13, 2019.

**FOR FURTHER INFORMATION CONTACT:** If you have comments, especially on the estimated public burden or associated response time, suggestions, or need a copy of the proposed information collection instrument with instructions or additional information, please contact Lynnette M. Wingert, Diversion Control Division, Drug Enforcement Administration; Mailing Address: 8701 Morrisette Drive, Springfield, Virginia 22152; Telephone: (202) 598-6812.

**SUPPLEMENTARY INFORMATION:** Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address one or more of the following four points:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Evaluate whether and if so how the quality, utility, and clarity of the information proposed to be collected can be enhanced; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other forms of

information technology, *e.g.*, permitting electronic submission of responses.

**Overview of This Information Collection**

1. *Type of Information Collection:* Extension of a currently approved collection.
2. *Title of the Form/Collection:* Report of Mail Order Transactions.
3. *The agency form number, if any, and the applicable component of the Department sponsoring the collection:* Form Number: None. The Department of Justice component is the Drug Enforcement Administration, Diversion Control Division.
4. *Affected public who will be asked or required to respond, as well as a brief abstract:*  
*Affected public (Primary):* Business or other for-profit.  
*Affected public (Other):* None.  
*Abstract:* The Drug Enforcement Administration (DEA) collects information regarding mail order transactions conducted between a person regulated by the agency and a nonregulated person (that is, someone who does not further distribute the product) involving the chemicals ephedrine, pseudoephedrine, and phenylpropanolamine. Transactions must use, or attempt to use, the United States Postal Service or any private or commercial carrier.
5. *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:*

|                          | Number of annual respondents | Number of responses per year | Number of annual responses | Average time per response (hours) | Total annual hours |
|--------------------------|------------------------------|------------------------------|----------------------------|-----------------------------------|--------------------|
| Mail Order Reports ..... | 9                            | 12                           | 108                        | 1                                 | 108                |
| Total .....              | 9                            | N/A                          | 108                        | N/A                               | 108                |

6. *An estimate of the total public burden (in hours) associated with the proposed collection:* The DEA estimates that this collection takes 108 annual burden hours.

*If additional information is required, please contact:* Melody Braswell, Department Clearance Officer, United States Department of Justice, Justice Management Division, Policy and Planning Staff, Two Constitution

Square, 145 N Street NE, Suite 3E.405B, Washington, DC 20530.

Dated: March 7, 2019.

## DEPARTMENT OF JUSTICE

### Notice of Lodging of Proposed Consent Decree Under The Comprehensive Environmental Response, Compensation, and Liability Act

On March 7, 2019, the Department of Justice lodged for public comment a Consent Decree with defendants Atlantic Wood Industries, Inc. (AWI), and Atlantic Metrocast, Inc. (AMI), in the United States District Court for the Eastern District of Virginia, Norfolk Division, Civil Action No. 2:19-cv-00109. The proposed consent decree resolves claims in a complaint that the United States on behalf of EPA filed in the Eastern District of Virginia asserting claims under Section 107(a)(1) and (2) of the Comprehensive Environmental Response, Compensation, and Liability Act ("CERCLA"), 42 U.S.C. 9607(a)(1) and (2), against AWI as former owner and operator and current owner of the AWI Superfund Site, located in Portsmouth, Virginia; and against its subsidiary AMI as a current operator of the Site. The Complaint also includes a claim on behalf of the Department of the Interior (DOI) through the Fish and Wildlife Service and the National Oceanic and Atmospheric Administration (NOAA) against AWI and AMI under CERCLA Section 107(a)(4)(C) for natural resources damages. The Commonwealth of Virginia also will file an uncontested motion to intervene in the case to assert claims against the United States on behalf of the Navy and against AWI and AMI under CERCLA and Virginia law, which will also be resolved through the proposed consent decree.

Under the proposed decree, AWI will pay \$250,000 with interest to Plaintiffs, with \$75,000 to the United States on behalf of EPA, and \$175,000 to Virginia, in ten installment payments over nine years from entry. It also agrees to retain \$15 million in CERCLA liability and a lien on its real property against that liability, which liability and lien will be reduced to fifty percent of the appraised value of the property after nine years from entry of the Consent Decree, when EPA expects the cleanup to be complete. AWI further concedes title to Virginia to new land that was created along its waterfront as part of the remedial

action, and Virginia and EPA agree to a division of rental income or sales proceeds in connection with that new land. AWI agrees as part of the settlement to an environmental covenant which will impose institutional controls on its use of the property and which AWI/AMI will record so that it will run with the land. Finally, AWI agrees to perform proper operation and maintenance on its property, both in the Consent Decree and in a detailed appendix.

The United States on behalf of the Navy and the Department of Defense ("DOD") resolves its potential liability to AWI in the proposed decree, and pays its equitable share of response costs at the Site through a payment of \$55,325,966 to EPA from the Judgment Fund. The United States will also pay \$8.5 million to Virginia from the Judgment Fund for its share of Virginia's past costs and of the costs of Virginia's future operation and maintenance of the Site. The Navy and DOD and Virginia have agreed that if EPA requires future groundwater treatment, then the Navy and DOD will pay 50% of Virginia's response costs under a "pay go" arrangement where Virginia pays the treatment costs up front and invoices 50% of the costs to the Navy and DOD on a regular basis.

The proposed Consent Decree also resolves the claims against the Navy and DOD for natural resource damages of NOAA, DOI, and the Commonwealth of Virginia by payment from the Judgment Fund of (1) \$ 1.5 million to Virginia to fund oyster restoration in the Southern or Eastern Elizabeth River; and (2) \$94,660 to NOAA and DOI for their past costs.

The Consent Decree contains standard CERCLA covenants and reservations, as well as a reopener for CERCLA natural resource damage claims.

AWI agrees in the proposed Consent Decree to dismiss with prejudice its petition for review in *Atlantic Wood Industries, Inc. v. EPA* (D.C. Cir.) contending that EPA's record of decision impermissibly amends the NPL listing for the Site by expanding the Site boundaries to include sediments in the Elizabeth River.

The publication of this notice opens a period for public comment on the Consent Decree. Comments should be addressed to the Acting Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States v. Atlantic Wood Industries, et al.*, Civil Action No. 2:19-cv-00109, DOJ # 90-11-3-580/1. All comments must be submitted no later than 30 days after the publication date

of this notice. Comments may be submitted either by email or by mail:

## DEPARTMENT OF JUSTICE

### Notice of Lodging of Proposed Consent Decree Under the Comprehensive Environmental Response, Compensation and Liability Act

On March 8, 2019, the Department of Justice lodged a proposed consent decree with the United States District Court for the Eastern District of Missouri in the lawsuit entitled *United States v. Missouri Department of Natural Resources, Division of State Parks, et al.*, Civil Action No. 4:19-cv-00421.

The United States filed this lawsuit under the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA). The United States' complaint names as the Defendants the Missouri Department of Natural Resources, Division of State Parks and its director, Ben Ellis, in his official capacity. The complaint seeks recovery of costs that the United States incurred responding to releases of hazardous substances at the Big River Mine Tailings Superfund Site in St. Francois County, Missouri. The complaint also seeks injunctive relief in the form of the performance of the
