

any changes related to the company's risk profile that mitigate the potential risks previously identified by the Council. Such changes could include updates regarding company restructurings, regulatory developments, market changes, or other factors. If the company has taken steps to address the potential risks previously identified by the Council, the Council will assess whether those risks have been adequately mitigated to merit a rescission of the determination regarding the company. If the company explains in detail potential changes it could make to its business to address the potential risks previously identified by the Council, staff of Council members and member agencies will endeavor to provide their feedback on the extent to which those changes may address the potential risks.

If a company contests the Council's determination during the Council's annual reevaluation, the Council will vote on whether to rescind the determination and provide the company, its primary financial regulatory agency, and the primary financial regulatory agency of its significant subsidiaries with a notice explaining the primary basis for any decision not to rescind the determination. If the Council does not rescind the determination, the written notice provided to the company will address each of the material factors raised by the company in its submissions to the Council contesting the determination during the annual reevaluation. The written notice from the Council will also explain in detail why the Council did not find that the company no longer met the standard for a determination under section 113 of the Dodd-Frank Act. In general, due to the sensitive nature of its analyses in annual reevaluations, the Council may not in all cases publicly release the written findings that it provides to the company.

Finally, the Council will provide each nonbank financial company subject to a Council determination with an opportunity for an oral hearing before the Council once every five years at which the company can contest the determination.

Dated: March 6, 2019.

Deputy Assistant Secretary for the Financial Stability Oversight Council, Department of the Treasury.

SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority

described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of the airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it would expand the availability of RNAV in the eastern United States to improve the efficiency of the NAS by lessening the dependency on ground-based navigation.

Comments Invited

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views, or arguments as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal.

Communications should identify both docket numbers (FAA Docket No. FAA-2019-0124; Airspace Docket No. 18-ASO-18) and be submitted in triplicate to the Docket Management Facility (see **ADDRESSES** section for address and phone number). You may also submit comments through the internet at <http://www.regulations.gov>.

Commenters wishing the FAA to acknowledge receipt of their comments on this action must submit with those comments a self-addressed, stamped postcard on which the following statement is made: "Comments to FAA Docket No. FAA-2019-0124; Airspace Docket No. 18-ASO-18." The postcard will be date/time stamped and returned to the commenter.

All communications received on or before the specified comment closing date will be considered before taking action on the proposed rule. The proposal contained in this action may be changed in light of comments received. A report summarizing each substantive public contact with FAA personnel concerned with this rulemaking will be filed in the docket.

Availability and Summary of Documents for Incorporation by Reference

This document proposes to amend FAA Order 7400.11C, Airspace Designations and Reporting Points, dated August 13, 2018, and effective September 15, 2018. FAA Order 7400.11C is publicly available as listed in the **ADDRESSES** section of this proposed rule. FAA Order 7400.11C lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Proposal

The FAA is proposing an amendment to Title 14 Code of Federal Regulations (14 CFR) part 71 to establish 2 new low altitude RNAV routes: T-239 and T-258; and to amend 3 existing routes: T-290, T-292, and T-294. The FAA is proposing this action in preparation for the planned decommissioning of the Talladega, AL, VHF Omni-Directional Range/Distance Measuring Equipment (VOR/DME), the Crimson, AL, VHF Omni-Directional Range and Tactical Air Navigation System (VORTAC), the Kewanee, MS, VORTAC, and the Hamilton, AL, VORTAC.

T-239: T-239 is a proposed new route that would extend between the Pecan, GA, (PZD) VOR/DME (northwest of Albany, GA), northward through the State of Alabama to the GOINS, MS, waypoint (WP) (near the Holly Springs, MS, (HLI) VORTAC). T-239 would overlie VOR Federal airway V-159 between the Pecan, GA, VOR/DME and the GOINS, MS, WP.

T-258: T-258 is a proposed new route that would extend between the MINIM, AL, fix, (24 NM northeast of the Bigbee, MS, (IGB) VORTAC), eastward across Alabama, to the CANER, GA, fix (approximately 21 NM northeast of Columbus, GA). T-258 would overlie airway V-245 from the MINIM, AL, navigation fix eastward to the CRMSN, AL, WP; and it would overlie airway V-66 from the CRMSN, AL, WP eastward to the CANER, GA, Fix.

T-290: T-290 is an existing route that extends between the SCAIL, AL, WP,

and the JACET, GA, WP. Under the proposed change, the western end of the route would begin at the HABJE, MS, Fix (located approximately 15 NM west of the Meridian, MS (MEI), VORTAC). The route would then proceed eastward to the Meridian, MS (MEI), VORTAC, through the KWANE, MS, WP, and the RABEC, AL, WP to the Montgomery, AL (MGM), VORTAC, and then northeastward to the SCAIL, AL, WP. From the SCAIL, AL, WP, T-290 would proceed to the JACET, GA, WP as currently charted. T-290 would overlie VOR Federal airway V-56 between the Meridian, MS (MEI), VORTAC and the Montgomery, AL (MGM), VORTAC.

T-292: T-292 is an existing route that extends between the RKMRT, GA, WP, and the JACET, GA, WP. As proposed, the western end of T-292 would begin at the Semmes, AL (SJI), VORTAC. From that point, it would proceed northward through the BURIN, AL; the HAZEY, AL; the YARBO, AL; the ANTUH, AL; and the JANES, AL, fixes to the KWANE, MS, WP. The route would then turn northeastward through the EUTAW, AL, and the MOVIL, AL, fixes; then through the Brookwood, AL (OKW), VORTAC; the VLKNN, AL, WP; the HOKES, AL, and the MAYES, AL, fixes; then to the RKMRT, GA, WP, from which point it would proceed as currently charted to the JACET, GA, WP. The amended route would overlie a portion of VOR Federal airway V-417 between the MAYES, AL, WP, and the Vulcan, AL (VUZ), VORTAC; and would overlie Federal airway V-209 between the Vulcan, AL, VORTAC and the Semmes, AL, VORTAC.

T-294: T-294 is an existing route that extends between the HEFIN, AL, fix and the GRANT, GA, fix. This proposal would extend the route from the HEFIN, AL, Fix, westward to the HABJE, MS, Fix (located 15 NM west of the Meridian, MS (MEI), VORTAC). The amended route would overlie VOR Federal airway V-18 between the HABJE, MS, fix and the HEFIN, AL, fix.

The existing latitude/longitude coordinates in the descriptions of T-290, T-292, and T-294 would be updated to the hundredths of a second place to provide greater accuracy.

Full route descriptions of the above routes are listed in "The Proposed Amendment" section, below.

United States Area Navigation Routes are published in paragraph 6011 of FAA Order 7400.11C, dated August 13, 2018, and effective September 15, 2018, which is incorporated by reference in 14 CFR 71.1. The RNAV routes listed in this document would be subsequently published in the Order.

Regulatory Notices and Analyses

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under Department of Transportation (DOT) Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, "Environmental Impacts: Policies and Procedures" prior to any FAA final regulatory action.

SUMMARY: The Federal Trade Commission (“FTC” or “Commission”) is requesting public comment on its Trade Regulation Rule entitled “Disclosure Requirements and Prohibitions Concerning Franchising” (“Franchise Rule” or “Rule”). The Rule makes it an unfair or deceptive act or practice for franchisors to fail to give prospective franchisees a Franchise Disclosure Document providing specified information about the franchisor, the franchise business, and the terms of the franchise agreement. The Rule also prohibits related misrepresentations by franchise sellers. The Commission is soliciting comments about the efficiency, costs, benefits, and regulatory impact of the Rule as part of its systematic review of all current Commission regulations and guides. All interested persons are hereby given notice of the opportunity to submit written data, views, and arguments concerning the Rule.

DATES: Written comments must be received on or before May 13, 2019.
