SUPPLEMENTARY INFORMATION:

Background

Commerce is conducting an administrative review of the antidumping duty order on certain stilbenic optical brightening agents (OBAs) from Taiwan. The POR is May 1, 2017, through April 30, 2018. Commerce exercised its discretion to toll all deadlines affected by the partial federal government closure from December 22, 2018, through the resumption of operations on January 29, 2019.¹ If the new deadline falls on a non-business day, in accordance with Commerce's practice, the deadline will become the next business day. Accordingly, the revised deadline for the preliminary results is now March 12, 2019.

Scope of the Order

The merchandise subject to the Order² is OBAs and is currently classifiable under subheadings 3204.20.8000, 2933.69.6050, 2921.59.4000 and 2921.59.8090 of the Harmonized Tariff Schedule of the United States (HTSUS). While the HTSUS numbers are provided for convenience and customs purposes, the written product description is dispositive. A full description of the

scope of the *Order* is contained in the Preliminary Decision Memorandum.³

Methodology

Commerce is conducting this review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act). Constructed export price is calculated in accordance with section 772 of the Act. Normal value is calculated in accordance with section 773 of the Act. For a full description of the methodology underlying our conclusions, see Preliminary Decision Memorandum. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov> and to all parties in the Central Records Unit, Room B8024 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly on the internet at <http://enforcement.trade.gov/frn/index.html>. A list of the topics discussed in the Preliminary Decision Memorandum is attached as an Appendix to this notice.

Preliminary Results of Review

As a result of this review, we preliminarily determine that the following weighted-average dumping margin exists for TFM for the period May 1, 2017, through April 30, 2018.

Producer/exporter	Weighted-average dumping margin (percent)
Teh Fong Min International Co., Ltd	19.82
