The National Institutes of Health "Methods and Measurement in Sexual & Gender Minority Health Research: Identifying Research Opportunities"

ACTION: Request for comments.

SUMMARY: Sexual and gender minority (SGM) is an umbrella phrase that encompasses lesbian, gay, bisexual, and transgender populations as well as those whose sexual orientation, gender identity and expressions, or reproductive development varies from traditional, societal, cultural, or physiological norms. This includes Disorders or Differences in Sex Development (DSD), sometimes known as intersex.

The Sexual & Gender Minority Research Office (SGMRO) at the National Institutes of Health (NIH) has developed the document "Methods and Measurement in Sexual & Gender Minority Health Research: Identifying Research Opportunities" pertaining specifically and exclusively to methods and measurement research in SGM health research. Experts in the field identified research opportunities related to methods and measurement in SGM health research during a workshop held in the Spring of 2018. The document reflects the content of the discussion among participants at the Methods and Measurement in SGM Health Research Workshop and does not represent an official position of NIH or any other government agency. We would like to obtain comment on the specifics of this document to consider for the purposes of informing and enhancing its content.

DATES: To ensure consideration of your comments, responses must be received by April 15, 2019.

ADDRESSES: Responses to this notice must be submitted electronically by email to sgmhealthresearch@od.nih.gov. Please use the subject "Comments: Measurement."
