FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 64

[CG Docket Nos. 02-278, 05-338; DA 18-1159]

Rules and Regulations Implementing the Telephone Consumer Protection Act of 1991: Regarding the Commission’s Opt-Out Notice Requirement for Faxes Sent With the Recipient’s Prior Express Permission

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: In this document, the Commission, via the Consumer and Governmental Affairs Bureau (CGB or Bureau), amends its rules by eliminating the rule that requires an opt-out notice on fax advertisements sent with the recipient’s prior express permission or consent. This rule was declared unlawful by the United States Court of Appeals for the D.C. Circuit and therefore its elimination is warranted to ensure uniform and consistent application of the rules.

DATES: Effective March 20, 2019.

FOR FURTHER INFORMATION CONTACT: Rebecca A. Hirselj, Consumer Policy Division, CGB, at (202) 418-7603, email: Rebecca.Hirselj@fcc.gov.

Final Paperwork Reduction Act of 1995 Analysis

The *Order* does not contain any new or modified information collection requirements subject to the Paperwork Reduction Act of 1995, Public Law 104-13. In addition, therefore, it does not contain any new or modified information collection burden for small business concerns with fewer than 25 employees, pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107-198, *see* 44 U.S.C. 3506(c)(4).

Congressional Review Act

The Commission sent a copy of *Order* to Congress and the Government Accountability Office pursuant to the Congressional Review Act, *see* 5 U.S.C. 801(a)(1)(A).

Synopsis

1. In the *Order*, the Bureau eliminates the Commission’s 2006 Solicited Fax Rule requiring opt-out notices on faxes sent with the recipients’ prior permission or consent. This action is taken in response to the decision of the United States Court of Appeals for the D.C. Circuit finding that the rule is unlawful to the extent that it requires opt out notices on solicited faxes. The Bureau also dismissed as moot ten pending petitions for retroactive waiver of the rule and two petitions for reconsideration of orders enforcing the rule.

2. In 1991, Congress enacted the Telephone Consumer Protection Act (TCPA). In relevant part, the TCPA

prohibits the use of any telephone facsimile (fax) machine, computer, or other device to send an unsolicited advertisement to a telephone fax machine. In 1992, the Commission adopted rules implementing the TCPA, including restrictions on the transmission of unsolicited fax ads.

3. In 2005, Congress enacted the Junk Fax Prevention Act, which amended the fax advertising provisions of the TCPA. Among other things, the law required the sender of an unsolicited fax ad to provide specified notice and contact information on the fax that allows recipients to opt out of any future fax transmission from the sender and specified the circumstances under which a request to opt out complies with the Act.

4. In 2006, the Commission adopted the Junk Fax Order, published at 71 FR 25967, May 3, 2006, amending the rules concerning fax transmissions as required by the Junk Fax Prevention Act. As part of the Junk Fax Order, the Commission adopted the 2006 Solicited Fax Rule requiring that fax advertisements sent to a recipient that has provided prior express invitation or permission to the sender must include an opt-out notice.

Discussion

5. The Bureau eliminates the Commission’s 2006 rule requiring opt-out notices on fax advertisements sent with the recipient’s prior express permission or consent. Specifically, in light of the court’s decision that the rule is unlawful, § 64.1200(a)(4)(iv) of the Commission’s rules is eliminated from Title 47 of the Code of Federal Regulations. The Bureau finds good cause to eliminate the rule without notice and comment because the rule has been vacated by the court in an order that has become final and nonreviewable. As such, seeking notice and comment before implementing the court’s non-discretionary mandate would serve no purpose and is thus contrary to the public interest.

6. The Bureau also dismisses as moot ten pending petitions for retroactive waiver as well as the two pending petitions for reconsideration. The Court of Appeals for the D.C. Circuit declared unlawful and vacated the 2006 Solicited Fax Rule and the Bureau accordingly eliminated the rule as described above. Therefore, the Bureau finds no need to consider the remaining pending petitions seeking temporary waiver of the rule or seeking reconsideration of the Commission's application of the rule.

Fisheries of the Northeastern United States; Monkfish Fishery; 2019 Monkfish Specifications

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Final rule.

SUMMARY: We are implementing specifications for the 2019 monkfish fishery. This action is necessary to ensure allowable monkfish harvest levels that will prevent overfishing and allow harvesting of optimum yield. This action is intended to establish the allowable 2019 harvest levels, consistent with the Monkfish Fishery Management Plan and previously announced multi-year specifications.

DATES: The final specifications for the 2019 monkfish fishery are effective May 1, 2019, through April 30, 2020.

FOR FURTHER INFORMATION CONTACT: Allison Murphy, Fishery Policy Analyst, (978) 281–9122.

SUPPLEMENTARY INFORMATION: The New England and Mid-Atlantic Fishery

Management Councils jointly manage the monkfish fishery. The fishery is divided into Northern and Southern Fishery Management Areas and there are different management measures for each area. Primary effort controls include a yearly allocation of days-at-sea (DAS) and landing limits that are designed to enable the fishery to catch, but not exceed, its annual quotas. This action would continue the 2017–2019 specifications approved by the Councils in Framework Adjustment 10 to the Monkfish Fishery Management Plan.

On July 12, 2017, we approved measures in Framework 10 for the 2017 fishing year (82 FR 32145), based on a recent stock assessment update and consistent with the Councils' Scientific and Statistical Committee recommendations. At that time, we also approved the projected specifications for 2018 and 2019. Final 2019 total allowable landings in both the Northern and Southern Fishery Management Areas are summarized in Table 1. These 2019 measures are the same as those implemented in 2017 and 2018. All other requirements remain the same.

TABLE 1—MONKFISH SPECIFICATIONS FOR FISHING YEAR 2019

Management area	Total allowable landings (mt)
Northern Fishery Management Area	6,338
Southern Fishery Management Area	9,011

We have reviewed available 2018 fishery information against the 2019 specifications and we do not expect that the 2018 annual catch limit will be exceeded. Further, there is no new biological information that would require altering the projected 2019 specifications. Neither Council has recommended any changes to the previous multi-year specifications. Based on this, we are implementing the 2019 specifications as outlined in the Framework 10 final rule (82 FR 32145, July 12, 2017). The 2019 specifications will be effective until April 30, 2020. This is the final year of these specifications and new specifications will be developed by the Councils for 2020 through 2022.

Classification

The NMFS Assistant Administrator has determined that this final rule is consistent with the Monkfish Fishery Management Plan, the Magnuson-Stevens Fishery Conservation and Management Act, and other applicable law.
