

**ACTION:** Notice.

**SUMMARY:** HUD is seeking approval from the Office of Management and Budget (OMB) for the information collection described below. In accordance with the Paperwork Reduction Act, HUD is requesting comment from all interested parties on the proposed collection of information. The purpose of this notice is to allow for 30 days of public comment.

**DATES:** *Comments Due Date:* April 19, 2019.

**ADDRESSES:** Interested persons are invited to submit comments regarding this proposal. Comments should refer to the proposal by name and/or OMB Control Number and should be sent to: HUD Desk Officer, Office of Management and Budget, New Executive Office Building, Washington, DC 20503; fax: 202-395-5806, Email: [OIRA.Submission@omb.eop.gov](mailto:OIRA.Submission@omb.eop.gov).

**FOR FURTHER INFORMATION CONTACT:** Anna P. Guido, Reports Management Officer, QMAC, Department of Housing and Urban Development, 451 7th Street SW, Washington, DC 20410; email Anna P. Guido at [Anna.P.Guido@hud.gov](mailto:Anna.P.Guido@hud.gov) or telephone 202-402-5535. This is not a toll-free number. Person with hearing or speech impairments may access this number through TTY by calling the toll-free Federal Relay Service at (800) 877-8339. Copies of available documents

submitted to OMB may be obtained from Ms. Guido.

**SUPPLEMENTARY INFORMATION:** This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

The **Federal Register** notice that solicited public comment on the information collection for a period of 60 days was published on Monday, November 26, 2018 at 83 FR 60443.

**A. Overview of Information Collection**

*Title of Information Collection:* Manufactured Housing Survey.  
*OMB Approval Number:* 2528-0029.  
*Type of Request:* Revision of a currently approved collection.  
*Form Number:* Form—C—MH—9A.  
*Description of the need for the information and proposed use:* The Manufactured Housing Survey collects data on the characteristics of newly manufactured homes placed for residential use. Key data collected includes sales price and the number of units placed and sold within 4 months of shipment. Other selected housing characteristics collected include size, location, and titling. HUD uses the statistics to respond to a Congressional mandate in the Housing and Community Development Act of 1980, 42 U.S.C. 5424 note, which requires HUD to collect and report manufactured home sales and price information for the nation, census regions, states, and

selected metropolitan areas and to monitor whether new manufactured homes are being placed on owned rather than rented lots. HUD also used these data to monitor total housing production and its affordability.

Furthermore, the Manufactured Housing Survey serves as the basis for HUD's mandated indexing of loan limits. Section 2145 (b) of the Housing and Economic Recovery Act (HERA) of 2008 requires HUD to develop a method of indexing to annually adjust Title I manufactured home loan limits. This index is based on manufactured housing price data collected by this survey. Section 2145 of the HERA of 2008 also amends the maximum loan limits for manufactured home loans insured under Title I. HUD implemented the revised loan limits, as shown below, for all manufactured home loans for which applications are received on or after March 3, 2009.

*Method of Collection:* The methodology for collecting information on new manufactured homes involves contacting dealers from a monthly sample of new manufactured homes shipped by manufacturers. The units are sampled from lists obtained from the Institute for Building Technology and Safety. Dealers that take shipment of the selected homes are mailed a survey form four months after shipment for recording the status of the manufactured home.

Information Collection	Number of respondents	Frequency of response	Responses per annum	Burden hour per response	Annual burden hours	Hourly cost per response	Annual cost
Manufactured Housing Survey .....	4,860	1	4,860	0.33	1,603.8	\$0	\$0
Total .....	4,860	.....	.....	.....	1,603.8	.....	0

**B. Solicitation of Public Comment**

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

- (1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- (2) The accuracy of the agency's estimate of the burden of the proposed collection of information;
- (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and
- (4) Ways to minimize the burden of the collection of information on those who are to respond; including through

the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

HUD encourages interested parties to submit comment in response to these questions.

**Authority:** Section 3507 of the Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35.

Dated: March 6, 2019.

**SUPPLEMENTARY INFORMATION:** This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

The **Federal Register** notice that solicited public comment on the information collection for a period of 60 days was published on Tuesday, September 11, 2018 at 83 FR 45955.

#### A. Overview of Information Collection

*Title of Information Collection:* 2019 American Housing Survey.

*OMB Approval Number:* 2528-0017.

*Type of Request:* Revision of a currently approved collection.

*Form Number:* None.

*Description of the need for the information and proposed use:* The purpose of the American Housing Survey (AHS) is to supply the public with detailed and timely information about housing quality, housing costs, and neighborhood assets, in support of effective housing policy, programs, and markets. Title 12, United States Code, Sections 1701Z-1, 1701Z-2(g), and 1710Z-10a mandates the collection of this information.

Like the previous surveys, the 2019 AHS will collect “core” data on subjects, such as the amount and types of changes in the housing inventory, the physical condition of the housing inventory, the characteristics of the occupants, housing costs for owners and renters, the persons eligible for and beneficiaries of assisted housing, remodeling and repair frequency,

reasons for moving, the number and characteristics of vacancies, and characteristics of resident’s neighborhood. In addition to the “core” data, HUD plans to collect supplemental data on post-secondary education, modifications made to assist occupants living with disabilities, and information on people’s concerns regarding the availability and affordability of food.

The AHS national longitudinal sample consists of approximately 85,200 housing units, and includes oversample from the largest 15 metropolitan areas, and approximately 5,200 HUD-assisted housing units. In addition to the national longitudinal sample, HUD plans to conduct 10 additional metropolitan area longitudinal samples, each with approximately 3,000 housing units (for a total 30,000 metropolitan area housing units). The 10 additional metropolitan area longitudinal samples were last surveyed in 2015.

To help reduce respondent burden on households in the longitudinal sample, the 2019 AHS will make use of dependent interviewing techniques, which will decrease the number of questions asked. Policy analysts, program managers, budget analysts, and Congressional staff use AHS data to advise executive and legislative branches about housing conditions and the suitability of public policy initiatives. Academic researchers and private organizations also use AHS data in efforts of specific interest and concern to their respective communities.

HUD needs the AHS data for two important uses.

1. With the data, policy analysts can monitor the interaction among housing needs, demand and supply, as well as changes in housing conditions and costs, to aid in the development of housing policies and the design of housing programs appropriate for different target groups, such as first-time home buyers and the elderly.

2. With the data, HUD can evaluate, monitor, and design HUD programs to improve efficiency and effectiveness.

In addition to the core 2019 AHS, HUD plans to collect supplemental data on housing insecurity in a follow-on survey to the AHS. Housing insecurity is defined as a significant lapse for a given household of one or more elements of secure housing. These elements include affordability, stable occupancy, and whether the housing is decent and safe. “Affordability” implies that shelter costs are manageable over the long term without severely burdening or compromising other consumption that normally is essential for health and well-being. The second

element, “stable occupancy”, implies that the household does not face substantial risk of involuntary displacement for economic or non-economic reasons. The final element, “decent and safe”, implies that a unit has physical attributes that satisfy functional needs for well-being related to health, security, and support for activities of daily living. Such attributes include appropriate facilities for excluding external threats, providing climate control, storing and preparing food, maintaining physical and mental hygiene, and developing human potential. Not included are aspects of the neighborhood or environment that one encounters beyond the confines of the structure or property.

HUD plans to conduct the Housing Insecurity Follow-On survey concurrently with the 2019 AHS. Respondents who meet certain criteria based on their responses to the 2019 AHS will be recruited at the end of the production questionnaire and offered an incentive of \$40 to participate. Of the respondents who agree to participate in the follow-on survey, a total of 4,000 responses will be collected via telephone. Once the follow-on interview has been completed, respondents will receive the incentive for their participation. Data collected from this follow-on survey will be used for research and scale development purposes.

HUD needs the AHS Housing Insecurity Follow-On data for two important uses. With the data: 1. HUD can evaluate the feasibility of collecting data on housing insecurity and better define housing insecurity.

2. HUD can measure the quality of the questions asked regarding housing insecurity and develop a composite housing insecurity scale.

HUD intends to test the use of incentives to reduce non-response bias in the AHS. The proposed incentive project will test whether offering incentives in geographic areas with a high risk of non-response can successfully increase responses from communities that would otherwise be underrepresented, resulting in lower non-response bias. Conditions will be compared to determine sensitivity to the amount of the incentive in motivating response compared to a no-incentive control.

The incentive project will address the following research questions:

1. Can incentives reduce non-response bias in the AHS?

2. Where is the inflection point for diminishing marginal returns for monetary incentives?

3. What are the long-term effects of introducing incentives into a panel survey?

Information collection	Number of respondents	Frequency of response	Responses per annum	Burden hour per response	Annual burden hours	Hourly cost per response	Annual cost
<b>Regular AHS</b>							
Occupied Interviews .....	79,958.00	1.00	79,958.00	.66	52,772.00	\$0.00	\$0.00
Vacant Interviews .....	11,793.00	1.00	11,793.00	.33	3,892.00	0.00	0.00
Non-interviews .....	22,388.00	1.00	22,388.00	.00	0.00	0.00	0.00
Ineligible .....	3,398.00	1.00	3,398.00	.00	0.00	0.00	0.00
subtotal .....	117,537.00	1.00	117,537.00	.00	.00	0.00	0.00
Re-interviews .....	8,400.00	1.00	8,400.00	.17	1,428.00	0.00	0.00
Regular AHS sub-total	125,937.00		125,937.00		58,092.00		
<b>Housing Insecurity Research Module Follow-On</b>							
Occupied Interviews .....	4,000.00	1.00	4,000.00	.20	800.00	0.00	0.00
Non-interviews .....	0.00	0.00	0.00	.00	0.00	0.00	0.00
Ineligible .....	0.00	0.00	0.00	.00	0.00	0.00	0.00
Follow-on sub-total .....	4,000.00		4,000.00		800.00		
Final Total .....	129,937.00				58,892.00		0.00

**B. Solicitation of Public Comment**

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency's estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

HUD encourages interested parties to submit comment in response to these questions.

**Notice of Availability of Record of Decision and Approved Resource Management Plan Amendment for Greater Sage-Grouse Conservation, Wyoming**

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice of Availability.

**SUMMARY:** The Bureau of Land Management (BLM) announces the availability of the Record of Decision (ROD) for the Approved Resource Management Plan (RMP) Amendment for Greater Sage-Grouse Conservation for the Wyoming Greater Sage-Grouse Sub-Region. The State Director signed the ROD on March 15, 2019, which constitutes the final decision of the BLM and makes the Approved ROD effective immediately.

**ADDRESSES:** The ROD is available on the BLM ePlanning project website at <https://goo.gl/FoqAn9>. Click the Documents and Reports link on the left side of the screen to find the electronic version of these materials. Hard copies of the ROD are also available for public inspection at the Wyoming State Office, 5353 Yellowstone Road, Cheyenne, WY 82009.

**FOR FURTHER INFORMATION CONTACT:** Jenny Marzluf, Greater Sage-Grouse Implementation Coordinator by telephone, 307-775-6090; at the address above; or by email, [jmarzluf@blm.gov](mailto:jmarzluf@blm.gov). Persons who use a telecommunications

device for the deaf may call the Federal Relay Service (FRS) at 1-800-877-8339 to contact Ms. Marzluf. The FRS is available 24 hours a day, 7 days a week, to leave a message or question with Ms. Marzluf. You will receive a reply during normal business hours.

**SUPPLEMENTARY INFORMATION:** The BLM developed the Wyoming Greater Sage-Grouse Approved RMP Amendment to enhance cooperation with states by improving alignment with state management plans and strategies for Greater Sage-Grouse while continuing to conserve, enhance, and restore the Greater Sage-Grouse and its habitat. The Approved RMP Amendment also addresses a legal vulnerability, which was exposed when a Federal District Court in Nevada determined that the BLM had violated the National Environmental Policy Act (NEPA) when it finalized the 2015 plans.

The BLM developed the Approved RMP Amendment in collaboration with the Wyoming Governor's Office, state wildlife managers, and other concerned organizations and individuals, largely through the Western Governors Association's Sage-Grouse Task Force. Using its discretion and authority under the Federal Land Policy and Management Act (FLPMA), the BLM amends land use plans that address Greater Sage-Grouse management to improve alignment with State of Wyoming plans and management strategies, in accordance with the BLM's multiple use and sustained yield mission.

This Approved RMP Amendment is one of six separate plan amendments developed and issued in response to the
