Scoping meeting presentation materials are available on the Northern Engineering & Consulting, Inc., website at <http://www.neciusa.com/>.

Representatives of Blackfeet Tribal governments and Federal, State, regional and local agencies that may have an interest in any aspect of the project were invited to be cooperating agencies.

Background

Historically, when a Willow Creek Flood Control Project Plan-EIS was completed for Browning in 1975, it was signed by NRCS and the following project sponsors: City of Browning, Blackfeet Tribal Council, and Glacier County Conservation District.

Over the last 43 years, residential and municipal developments have encroached on Flat Iron Creek and the planned footprint of the upper floodwater diversion. As a result, the Plan-EIS (1975) is no longer feasible. The following documents are available for review from Amy Darlinton (see **ADDRESSES** section above for contact information):

- Original analyses of engineering alternatives,
- 80% design of selected alternative,
- Preliminary and final watershed project plans, and
- EIS.

Federal Assistance Programs

The title and number of the Federal assistance programs, as found in the Catalog of Federal Domestic Assistance, to which this NOFA applies is:

10.904 Watershed Protection and Flood.
